Dear Councillor

**Re: Budget 2013/14**

Please find enclosed the Cabinet reports which contain the detail for presentation and discussion on the following round of Scrutiny meetings on the 2013/14 Budget.

**Members are asked to bring this pack of documents with them to all Scrutiny meetings they are attending.**

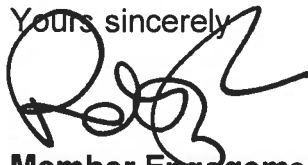

The Schedule of meetings runs from 22<sup>nd</sup> to 31<sup>st</sup> January as follows:

22nd January at 2.00 pm	Housing	CF & HRA Rev & Cap.
24th January at 10.00 am	Environment	CF - Environment
25th January at 10.00 am	Lifelong Learning	CF – Lifelong Learning
28th January at 10.00 am	Social & Health Care	CF – Community Services
28th January at 2.00 pm	Corporate Resources	CF – Corporate Services
31 <sup>st</sup> January at 10.00 am	Corporate Resources	CF – Capital Programme
		CF – Review / further information from preceding meetings

In addition the pack includes a briefing note on the final LG Settlement and a note setting out supporting information on budget terminology used in the reports.

A powerpoint presentation will be made on the day which will incorporate the detail contained in the reports, together with an update on the overall budget position

Yours sincerely

**Member Engagement Manager**

**FLINTSHIRE COUNTY COUNCIL**

**REPORT TO:**           **CABINET**

**DATE:**               **TUESDAY, 18 DECEMBER 2012**

**REPORT BY:**       **HEAD OF FINANCE, CHIEF EXECUTIVE, DIRECTOR  
OF ENVIRONMENT**

**SUBJECT:**           **CAPITAL STRATEGY AND CAPITAL PROGRAMME  
2013/14 TO 2022/23**

**1.00    PURPOSE OF REPORT**

- 1.01    The purpose of the report is to –
- (a)    Propose the allocation of funding to the core capital programme in 2013/14 (with indicative allocations for future years).
  - (b)    Set out the work that has been undertaken (and continues), to develop a Council Fund Capital Strategy and 10 year Capital Programme for the Council.

**2.00    BACKGROUND**

- 2.01    The Council plans on a 4 year capital programme timescale. In June 2011, the Council formally adopted its Medium Term Financial Strategy (MTFS). Two of the key objectives of the MTFS are to ensure that revenue and capital resources are used to achieve the Council's priorities and objectives, and to fully integrate revenue and capital expenditure plans. The co-planning of revenue and capital budgets is essential, for example, to meet the repayment of unsupported borrowing to support the core capital programme for investment in infrastructure.
- 2.02    One of the Council's 10 priorities is to 'Be a modern, efficient and cost effective public organisation through our four resource strategies - MTFS, People, Asset Management and ICT'. The Asset Management Strategy is key to determining which assets the Council wishes to hold in its portfolio for future service delivery. From this, plans can be drawn up as to where capital investment is required (in new or upgraded facilities), and where there are opportunities to release resources through asset disposals. Asset decisions are based on priority to support services, asset condition and deterioration, asset growth to suit service purpose and health and safety and other requirements.

2.03 This report covers the Council Fund only. The Housing Revenue Account (HRA) capital programme will be considered alongside the HRA revenue budget proposals for 2013/14. This will be reported to Cabinet and Scrutiny in January 2013 prior to the final proposals being recommended by Cabinet to County Council in February 2013.

2.04 The Local Government Final Settlement is due to be announced on 11th December 2012, and an update will be provided on the detail at the meeting.

### **3.00 CAPITAL STRATEGY**

3.01 The aim of the Capital Strategy is to have in place a 10 year affordable, prioritised programme of all capital needs.

3.02 Due to the impacts on public expenditure constraint of National UK Government economy management decisions, the Council's core capital programme is constrained and is coming under severe pressure to maintain our assets portfolio from schools to roads. Welsh Government specific funding sources for capital investment in particular services are limited and are being directed to a small number of policy priorities.

3.03 This position means that the Council will:-

- Need to be more strategic and decisive over the asset portfolio it needs to retain to support service priorities and the portfolio it can release.
- Need to be more creative about partnering, e.g. Flintshire Connects, Community Asset Transfer.
- Be more creative over capital access options and models (e.g. directing its own investment, asset backed vehicles.)
- Rely on more unsupported borrowing to fund priorities, e.g. schools.

3.04 The challenges and opportunities were explored at a recent Member Workshop which was well attended. The work programmes of Cabinet and Overview and Scrutiny, and the MTFs, will need to reflect these actions.

3.05 A significant impact will be the School Modernisation Programme as part of the Capital Strategy and Capital programme 2012/13 to 2021/22. Funding support of 50% towards estimated costs of £64.2m will come from Welsh Government through 21st Century Schools finance for the preferred options in the three schools area reviews.

- 3.06 There will be significant pressure on the block allocations for core services in the 'static' programme. Careful decision making on allocations across and within these blocks is required to best match resources to priorities. Council officials, both client and contractor, must ensure that value for money is obtained in service design specifications and contract tendering.

#### **4.00 LOCAL GOVERNMENT BORROWING INITIATIVE (LGBI)**

- 4.01 A further £4m is to be made available across Wales by Welsh Government in 2013/14 under the Local Government Borrowing Initiative (on top of the £4m provided in 2012/13) to support the borrowing charges (revenue) of highways capital works. This equates to £2.7m for Flintshire in both 2013/14 and 2014/15. Proposals on how this funding will be utilised in 2012/13 are included in a separate report on this agenda.

- 4.02 In addition to the above, Welsh Government has recently announced an extension of the LGBI to include schools; this will bring forward funding (between 2014/15 and 2016/17) of £200m across Wales, in relation to their share of the 21st Century Schools Programme.

#### **5.00 CAPITAL FUNDING AVAILABLE**

- 5.01 Capital funding comes from a variety of sources –

General -

- Unhypothecated Supported Borrowing (USB)
- General Capital Grant (GCG)
- Capital Receipts

Specific -

- Specific Capital Grants
- Unsupported (Prudential) Borrowing
- Capital Expenditure financed from Revenue Account (CERA)

- 5.01.1 USB and GCG are as advised by Welsh Government through the Finance Settlement, and are available for the Council to determine their use. Specific Grants are also received from Welsh Government (and other funding bodies), but allocated for specific purposes as defined by the relevant funding body.

- 5.01.2 Capital Receipts are the proceeds from asset disposals - land and buildings, and again are available for the Council to determine their use.

- 5.01.3 Unsupported (Prudential) Borrowing is that borrowing which, as the name implies, is not supported by Welsh Government - borrowing costs (principal and interest) have to be met by the Council from the revenue budget.

- 5.01.4 Capital Expenditure financed from Revenue Account (CERA) is capital expenditure paid for by way of a direct charge to the service revenue account.
- 5.02 The total projected funding available over the 10 year period 2013/14 to 2022/23, by way of the above general sources, amounts to £108.516m as detailed in Appendix 1 (attached); the proposed Core Programme Scheme expenditure (as referred to in Section 6.01 below) amounts to £91.961m (as included in Appendix 1), which produces an available total of £16.555m to fund other programme schemes over the period.
- 5.02.1 In view of the projected shortfall in 2014/15 (£0.140m), which follows a 2013/14 available funding figure of just £0.250m, it may be prudent to consider a consolidated two year programme (2013/14/15). On this basis a cumulative total of £0.110m would be available to provide some headroom for variances.
- 5.03 It can be seen that, taking account of the funding information provided in 5.02 above, there is currently no general funding available to support new capital investment outside of the core programme schemes (see Section 6.00 below) during the consolidated two year programme period (2013/14/15), without the introduction of new and creative ways of delivering capital investment (as described in Section 3.00).

## **6.00 CORE CAPITAL SCHEMES**

- 6.01 'Core' schemes are those that require capital works on an on-going basis in order to ensure life and use enhancement; such schemes include Energy Efficiency Measures, Highways Infrastructure Works, and School Building Works. The proposed Core schemes (as outlined at the Capital Workshop on 22nd November 2012), are detailed in Appendix 2 as attached.
- 6.02 The Appendix 2 information reflects a reviewed position (from that incorporated in the Capital Strategy and Capital Programme 2012/13 to 2021/22) in terms of the listed values, which takes account of the revised available funding projections as referred to in Section 5.02 above. Also included within the Appendix 2 totals are those new schemes approved in 2012/13, funded from the headroom available at the time; these schemes drop out of the analysis in entirety, by the end of 2015/16. The impact on the available funding resources of financing these schemes is recorded in Appendix 1.
- 6.03 A request was received at the Capital Workshop (22nd November 2012) for a reconciliation between the Appendix 2 figures and the indicative Core Programme Schemes list that formed part of the aforementioned Capital Strategy and Capital Programme 2012/13 to 2021/22; this reconciliation is included as Appendix 3. The adjusted

figures reflect those changes referred to in Section 6.02 above, and as noted in the key to Appendix 3; in most cases the 'trimmed' 2013/14 programme scheme budgets are reinstated across the subsequent 9 years (2014/15 to 2022/23).

## **7.00 CONSULTATION**

7.01 A meeting of the Corporate Resources Overview and Scrutiny Committee has been scheduled for 31st January 2013, at which the capital programme proposals as set out in this paper will be considered. The scrutiny meeting will be open to all Members of the Council. Final capital proposals for 2013/14 will be considered by Cabinet in February prior to a recommendation to Council on 1<sup>st</sup> March 2013.

7.02 A public consultation survey which covers aspects of the Council's Revenue and Capital Budget Strategies is due to open between 21st December 2012 and 20th January 2013.

## **8.00 RECOMMENDATIONS**

8.01 Members are recommended to:

- (a) Note the work which has been undertaken (and continues) to develop a Council Fund Capital Strategy and 10 year capital programme.
- (b) Approve the allocation of funding to the core capital programme in 2013/14 as shown in Appendix 2 (and note the indicative allocations for future years), subject to input by Overview & Scrutiny.

## **9.00 FINANCIAL IMPLICATIONS**

9.01 As set out in the report.

## **10.00 ANTI-POVERTY IMPACT**

10.01 Individual Capital Programme Schemes may have specific anti-poverty impacts.

## **11.00 ENVIRONMENTAL IMPACT**

11.01 Individual Capital Programme Schemes may have specific environmental impacts.

## **12.00 EQUALITIES IMPACT**

12.01 Individual Capital Programme Schemes may have specific equality impacts.

**13.00 PERSONNEL IMPLICATIONS**

13.01 None directly as a result of this report.

**14.00 CONSULTATION REQUIRED**

14.01 All Members and Overview & Scrutiny.

**15.00 CONSULTATION UNDERTAKEN**

15.01 An initial workshop on capital was held on 22nd November 2012 for all Members. A public consultation survey is due to open between 21st December 2012 and 20th January 2013.

**16.00 APPENDICES**

16.01 Appendix 1 – Available Funding

Appendix 2 – Core Capital Programme Schemes

Appendix 3 - Core Programme Schemes (Reconciliation to 2012/13 Budget Figures)

## VARIANCE

Figures in brackets indicate a reduced budget, unbracketed an increased/additional budget.

- KEY 1 2013/14 budget reduced in line with reduced funding projections but re-profiled over future years.  
 2 New to 2013/14 onwards as a result of schemes approved in 2012/13 (From Headroom).  
 3 No longer needed as a result of the Housing Ballot.

## **FLINTSHIRE COUNTY COUNCIL**

**REPORT TO:**           **CABINET**

**DATE:**                 **TUESDAY, 18 DECEMBER 2012**

**REPORT BY:**         **HEAD OF FINANCE, CHIEF EXECUTIVE**

**SUBJECT:**            **COUNCIL FUND REVENUE BUDGET 2013/14**

### **1.00 PURPOSE OF REPORT**

1.01 To present the first draft of the revenue budget for the Council Fund for 2013/14 for initial approval for 1) further work and 2) presentation to Overview and Scrutiny Committees throughout January.

### **2.00 BACKGROUND**

2.01 The Council is required to set an annual Council Fund revenue budget which is balanced. The budget should support the Improvement Priorities of the Council, meet its statutory obligations, be considered against the policy aspirations and directives of Welsh Government, and be on a sustainable footing as part of a Medium Term Financial Strategy and Plan.

2.02 Previous reports were presented to Cabinet with an overview of the internal approach to budget planning and setting with projections of the income available to the Council and the financial challenges it faces (October 2012) and on the Provisional Welsh Local Government Settlement 2013/14 announced by Welsh Government (November 2012). The Final Local Government Settlement 2013/14 will have been announced, following consultation, on 11 December. An update will be provided to the meeting. A copy of the Council's response to the Provisional Settlement consultation is attached at Appendix 1.

2.03 The process for scrutiny and approval of the annual budget is initial approval at this meeting with or without amendment; scrutiny by Overview and Scrutiny Committees throughout January; reconsideration by Cabinet with the benefit of the views and proposals of Overview and Scrutiny Committees on 19 February; recommendation of budget by Cabinet to Council on 1 March.

### **3.00 CONSIDERATIONS**

#### **National Context**

3.01 The Cabinet and the Council are acutely aware that given the national fiscal position and the economic policy decisions of the UK Government in response, funding for the public sector has been and will be contracting in real terms for a

number of financial years. For Wales, Welsh Government budget and policy statements, reports of the Wales Audit Office and other national commentators, and the recently published report of the Institute of Fiscal Studies (IFS) commissioned by the Welsh Local Government Association, reinforce this position and the reality. The Autumn Statement of the Chancellor of the Exchequer suggests that this period of fiscal control and austerity will continue for the duration of the decade.

- 3.02 2013/14 will be the final year of the three year period for current Welsh Government national budget projections. Given severe pressures on the Welsh Government to protect and maintain a range of public services, notably in health, it cannot be assumed that local government will be granted a proportion of the devolved budget from 2014/15 comparable to now. The scale of the financial challenge could, therefore, be even greater from 2014/15.

### **Local Context**

- 3.03 The Council has in recent years been setting annual budgets with a growing awareness of the medium and longer term financial challenges of this national context. The Council has succeeded in setting balanced budgets whilst investing in key priorities, meeting growths in service demands and absorbing the cost impacts of inflation. The Council has achieved this through developing internal programmes of change and reform to make efficiencies, through collaboration and cost-sharing work with partners, and through service reviews and changes. The Council has followed the 'social business model' set within the current version of its Medium Term Financial Strategy to give structure and impetus to this approach. As each year passes and the scope for efficiencies reduces, so the corporate challenge becomes greater.

### **Annual Budget Strategy**

- 3.04 The first draft of the budget for 2013/14 aims to:-
- protect 'front-line' public services despite the scale of the fiscal challenge
  - protect school budgets (estimated increase of £2.1m) and social care budgets (estimated increase of £1.9m). At these levels the increases are over and above national expectations
  - protect core services and Council spending where national grant is being reduced e.g. play schemes and bus travel subsidies
  - help prepare communities for the impacts of Welfare Reform
  - invest in change to achieve future efficiencies
  - build in base budget provision for the implementation of an agreed Single Status Agreement in-year
  - absorb all economic and price inflationary costs without reducing service standards
  - set Council Tax and other service charges at affordable rates which are comparable to other like councils

- 3.05 Given that this is a new Council, led by a new Administration, this draft budget should be treated as an interim or 'stepping stone' budget between the previous and the new Councils. Despite the interim nature of this budget there is strong budget alignment (new investment or budget protection/ continuity) with the 10 Improvement Priorities re-adopted by the Council within its Improvement Plan.

### **The Medium and Longer Term**

- 3.06 The new Administration will need to assert its service and policy priorities for the medium-term given reducing resources, and set even more challenging programmes of organisational change and re-design to reduce overhead costs and make the organisation more efficient. The next phase of organisational change, building on the current Flintshire Futures Programme, will need to be more radical and directive.
- 3.07 Equally, longer-term planning and decisions on the base budgets to be allocated to service functions, allocations which can be sustainable within a reviewed Medium Term Financial Plan, will be an early priority for 2013. The Plan should set out a clear strategy for prioritising projected resources against political and improvement objectives whilst reducing spend/maximising efficiencies and income to match this spending profile.
- 3.08 Major forward commitments within the Plan will include an increase in total base pay as a consequence of the implementation of a Single Status Agreement, the repayment costs of prudential or unsupported borrowing for capital, and on-going commitments to protect investment in key priorities such as education and schools following completion of the Schools Funding Formula Review.

## **4.00 TOTAL REVENUE BUDGET AND BUDGET REQUIREMENT**

### **Proposed Budget**

- 4.01 For members' information the following shows how the budget gap has been managed and reduced from a potential peak of £11m in July:
- Budget report in March identified a gap of £2.336m for 2013/14 rising to £5.306m in 2014/15.
  - In June the budget gap was revised to £8m/£9m to take account of anticipated growth and investment.
  - In July the budget gap was revised to £11m to take account of receipt of all potential budget items.
- 4.02 At this point in the budget planning there is a remaining budget gap of £1.480m, made up of £1.063m recurring base budget and £0.417m for one-off and time limited items. The projection for the budget gap over the five year period to 2017/18 is £30.213m. This is before the inclusion of any costs to the revenue budget arising from the Single Status agreement which is currently being negotiated. It is also before the inclusion of the outcome of the final local government settlement.

- 4.03 Work will continue on eliminating the budget gap over the coming weeks. This will be through the identification of further service efficiencies and the implementation of cost control measures. Particular focus will be on reviewing the Flintshire Futures efficiency targets, particularly around procurement, assessing any movement in the in-year position and where possible funding the one-off shortfall from one-off funding.
- 4.04 Details of the current budget proposals are summarised below. Appendices 2 to 9 provide detail behind the figures. Sections 4.05 – 4.21 below set out further details and assumptions made.

<b><u>Funding</u></b>		<b>£m</b>
Revenue Support Grant (RSG)		154.085
National Non Domestic Rates (NDR)		45.566
Council Tax		57.866
Budget Requirement		<u>257.517</u>
 <b><u>Unhypothecated Grants</u></b>		
Outcome Agreement Grant		1.467
Specific Grants (Estimated)		33.143
<b>Total Funding</b>		<b><u>292.127</u></b>
 <b><u>Expenditure</u></b>		
Total Budget 2012/13		280.991
Previous Year's Growth / Items Dropping Out	Appendix 2	1.336
Pay & Price Inflation	Appendix 3	2.900
New Responsibilities and Transfers into the Settlement	Appendix 4	13.210
Pressures and Investments - Ongoing	Appendix 5	3.725
Pressures and Investments - One-off and Time Limited	Appendix 6	0.417
Efficiencies	Appendix 7	(4.774)
Less Specific Grants 2012/13	Appendix 8	(37.341)
Plus Specific Grants 2013/14 (Estimated)	Appendix 8	33.143
<b>Total Expenditure</b>		<b><u>293.607</u></b>
<b>Shortfall</b>		<b><u>1.480</u></b>

### **Details of The Budget Build Up**

#### **Resources**

- 4.05 Total resources of £292.127m include funding from Revenue Support Grant (RSG), National Non Domestic Rates (NNDR), Council Tax, Unhypothecated and Specific Grants.
- 4.06 The amount to be raised from Council Tax assumes an increase in the Band D Council Rate of 3.0% (excluding Police and Town/Community Councils' precepts) and a 97.5% collection rate. This equates to an increase of £27.97 on 2012/13 and a Band D Rate of £960.36. A 3.0% increase is based on the Council's recent local taxation policy which is subject to review.

- 4.07 A 3.0% increase in the Band D Rate results in a Budget Requirement of £257.517m.
- 4.08 As the Council's proposed increase in the Band D rate differs from that assumed by the WG when calculating Flintshire's SSA, the budget requirement is £1.738m below SSA.
- 4.09 The amount of Outcome Agreement Grant of £1.467m has been advised by the WG as part of the provisional settlement. As always this will be subject to assessment against agreed performance criteria. For budget purposes it has been assumed that all of the grant will be received.
- 4.10 The specific grants figure of £33.143m is provisional, with the WG yet to advise of the 2013/14 level for a number of grants. Expenditure levels will be managed within the final figures announced by the WG. Appendix 8 details the information received from the WG to date.

### **Expenditure**

#### **Previous Year Growth/Items Dropping Out**

- 4.11 Each year indicative amounts for previous years growth and efficiencies are included in the budget for the following two years. In the current budget the net effects of the changes agreed in the 2011/12 and 2012/13 budget total £1.336m and are detailed in Appendix 2. These amounts have been reviewed as part of the 2013/14 budget and where appropriate an adjustment made with the pressure and investment and efficiency appendices (Appendix 5 and 7).

#### **Pay and Price Inflation**

- 4.12 Inflation of £2.900m is shown in detail in Appendix 3. The proposals at this stage assume a 1% increase for non-teaching staff for the full year and a 1% increase for teaching staff with effect from 1<sup>st</sup> September 2013. The outcome of national negotiations is not likely to be known until in the new year.
- 4.13 Price inflation of £0.988m has only been included for some service areas (at a rate of between 1% and 2%). A great deal of detailed work has been undertaken to assess the need for an inflationary increase and wherever possible inflationary increases have been omitted with agreement of the relevant Head of Service.
- 4.14 In addition to the standard level of inflation outlined above, non-standard inflation of £0.766m has been included as detailed in Appendix 3 to reflect those items for which inflation is anticipated to be at higher levels based on national intelligence. This sum will be held centrally until it is demonstrated that there is a requirement for the funding to be released.
- 4.15 Inflation of 3% amounting to £0.133m has been assumed on the yield from existing fees and charges except where a case has been made to increase by a higher amount. This excludes areas whereby the charge applicable for

2013/14 has already been approved e.g. Increases for leisure are being introduced from January 2013.

- 4.16 The above figures exclude inflation on specific grant income and related expenditure as the specific grant figures are indicative only at this stage. Adjustments will be applied when the figures are confirmed by the WG but this will be cost neutral to the Council.
- 4.17 The provisional settlement included 8 transfers into the settlement and following an assessment of the level of need for Flintshire the amount of funding 'passported' to the service concerned is detailed in appendix 4. The Council Tax Support scheme is the only New Responsibility included in the provisional settlement. Further details regarding this significant new responsibility is expected in the Final Settlement.
- 4.18 Appendix 5 sets out the recurring pressures and investment included in the budget as a result of the considerations to date, subject to further consultation. The pressures and investment, which total £3.725m, have been categorised as follows:
- a) Economic Impact
  - b) Welsh Government Policy/Legislative
  - c) Other Pressures and Investment
  - d) Council Priority/Invest to Save
- 4.19 In addition, the budget process has identified a number of time limited items, totalling £0.417m, which are detailed in Appendix 6. At this stage these items are shown as being funded from the base budget. As work progresses to finalise the budget, all opportunities to identify one off resources to meet these costs will be included in order to release funding from within the base budget.
- 4.20 It is important to note that some of the pressures included in the budget relate to the protection of services and further investment in services. For example Appendix 5d details an additional £1m for investment to support organisational change and amounts in relation to supported borrowing in respect of the capital programme.
- 4.21 Appendix 7 sets out the efficiencies totalling £4.774m, proposed for inclusion in the budget which have been driven through the Flintshire Futures Programme.

## **5.00 EARMARKED AND UNEARMARKED RESERVES**

### **Base Level of Unearmarked Reserves**

- 5.01 The Council's Medium Term Financial Strategy confirms the Councils' commitment to maintaining a base level of reserves of 2% of turnover. The current base level of reserves is £5.564m, and it would require an increase of £0.065m to bring unearmarked reserves up to this level. It is proposed that unearmarked reserves are increased by £0.065m which would bring the base level of reserves to £5.629m.

## **Contingency Reserve**

- 5.02 When the 2012/13 budget was set the Contingency Reserve was estimated to be £0.414m at 31 March 2012. As a result of the net underspend reported in the final outturn for 2011/12 the actual amount in the Contingency Reserve at the year end was £0.992m after taking into account commitments in 2012/13 :
- Use of £0.973m to meet one-off / time limited costs
  - Ringfencing of £1.500m to support Organisational Change costs
- 5.03 The 2012/13 Month 6 Budget Monitoring report which is also on this agenda, shows an estimated balance of (£0.083m) (overdrawn) in the contingency reserve as at 31 March 2013. As stated in paragraph 4.18, the current estimated level of one-off resources held in the contingency reserve is insufficient to fund the estimated one-off/time-limited costs for 2013/14 and will therefore require the use at this stage of base budget in 2013/14 to fund them.
- 5.04 Whilst the base level of reserves is a known sum which is set aside, the level of Contingency reserve is based on the current estimate and is subject to change at the end of the financial year.

## **Council Fund Earmarked Reserves**

- 5.05 Council Fund Earmarked Reserves include service balances, corporate balances and schools' balances. Detailed information in respect of all of these areas will appear in the final budget report to Executive on 19 February 2013.

## **6.00 CONSULTATION**

- 6.01 Meetings of the Overview and Scrutiny Committees have been scheduled between 22 and 31 January 2013 to consider the budget proposals.
- 6.02 Consultation with business ratepayers, as required under the Local Government Finance Act 1992, is being carried out between 19 December 2012 and 18 January 2013, and any comments will be reported to Executive on 19 February 2013.
- 6.03 Updates on the developing budget strategy have been given to the School Budget Forum and the Flintshire Joint Trade Union throughout the budget process and this will continue into the new year up to the budget being set.
- 6.04 Consultation with the Local Service Board, Town and Community Councils and other Statutory Partners will be undertaken where a shared risk or responsibility is identified within the budget proposals.

## **7.00 RECOMMENDATIONS**

- 7.01 Members are asked to endorse the council fund revenue budget proposals which are in progress, and will be subject to consideration by Overview and Scrutiny in January.

**8.00 FINANCIAL IMPLICATIONS**

8.01 As set out in the report.

**9.00 ANTI POVERTY IMPACT**

9.01 Individual growth and efficiency items may have specific anti poverty implications.

**10.00 ENVIRONMENTAL IMPACT**

10.01 Individual growth and efficiency items may have specific environmental implications.

**11.00 EQUALITIES IMPACT**

11.01 Individual growth and efficiency items may have specific equality implications. These will be identified through an Equality Impact Assessment.

**12.00 PERSONNEL IMPLICATIONS**

12.01 Individual growth and efficiency items may have specific personnel implications.

**13.00 CONSULTATION REQUIRED**

13.01 As set out in the report.

**14.00 CONSULTATION UNDERTAKEN**

14.01 As set out in the report.

**15.00 APPENDICES**

15.01 As set out in the report.

Dear Mr Hay,

### **Provisional Local Government Finance Settlement 2013/14**

Thank you for the invitation to comment on the Local Government Provisional Settlement for 2013/14.

#### **Stability of Forecasting**

The Council fully recognises the challenge faced by Welsh Government in balancing the resource needs of public services when faced with reducing budgets and the likelihood of this continuing into the foreseeable future. In this context, the comparative support within the budget to local authorities in Wales as compared to England is acknowledged and welcomed.

The stability from the settlement being broadly in line with previous indications and the transfer into the settlement of resources at anticipated levels is welcomed. The ability to plan for future years is more critical than ever for Councils in these times of budget constraint and rising costs. It is pleasing that the transfer in of resources from specific grant is continuing in accordance with the agreed protocol.

#### **Council Tax Support Scheme Funding**

In relation to the funding of the Council Tax Support Scheme, Flintshire would prefer this to be through a specific grant for 2013/14 s set out in the recent Distribution Sub Group paper written by officers of the WLGA. This would provide a more flexible option given the size and scale of the sums involved, the uncertainties around the new scheme which are still being worked through and the potential implications for those in our communities who are most vulnerable.

## **Ensuring sustainable budgets for the future - Cross sector review?**

The economic forecast, as set out in the recent Institute for Fiscal Studies and elsewhere, is for significant financial constraint for the remainder of this decade. We look to the Chancellors Autumn Statement on 5<sup>th</sup> December for indications of the policy direction at UK level.

Whilst understanding the economic backdrop and having in place a programme to challenge and reduce costs, maximise income and seek out efficiencies across services, continued constraint on budgets which are falling in real terms in each year, does raise real concern as to the longer term sustainability of services. As we face a further considerable period of financial constraint, we would encourage a wider cross sector review of the macro Welsh budget. This would provide a forum for discussion about the future sustainability of the budget including the continued protection for prioritised services, universal services, the resources required to sustain health services in Wales in the face of demographic change and service demands. It is critical that the whole of the public sector in Wales works together for the benefit of Welsh citizens.

## **Revenue Pressures**

Flintshire, along with all Councils, continues to face increasing service demands and the impact of inflation, which for some costs e.g. energy and fuel run well beyond average rates of inflation. The Council recognises that nil pay growth is not sustainable and pay inflation will need to return to council budgets in the near future. The impacts of Welfare Reform and the Council Tax Support Scheme are as yet unknown but are likely to add significant pressures to budgets as Councils see increased demand for welfare services and reductions in the levels of income from council tax and rent.

Whilst we welcome this years significant transfer of specific grants into the un-hypothecated settlement, it is clear that in further years a review is required on its sustainability of ministerial expectations and protections placed upon large service functions and the limiting impacts that this can have in looking at service delivery across the wider spectrum of Council services and the implications of local choice and accountability.

## **Capital Pressures**

As Councils seek to modernise and improve services and make longer term revenue savings, there is a need for unsupported borrowing which brings increased short term pressure to revenue budgets.

As capital funding continues to be imitated there is a need for increasingly creative and nationally led solutions such as borrowing and the collective use of assets which we look forward to working with Welsh Government to develop.

## **Collaboration**

In relation to the creation of the £10m collaboration Fund, the Council would wish to engage in discussion on the purpose of and access to the fund both for 2013/14 and future years and to how this may be used to further the aims of both Welsh Government and Local Government.

Yours sincerely,

**Cllr. Aaron Shotton**  
**Leader of the Council**

## **Supporting Information on Budget Terminology**

### **REVENUE**

#### **Revenue Expenditure**

Day-to-day running costs including staff wages and salaries, premises costs (e.g. repairs, energy etc), transport related costs and supplies and services.

*Where does the Council get its revenue funding from?*

#### **Aggregate External Finance (AEF)**

Aggregate external finance (AEF) represents the support for local revenue spending from the Welsh Government and is distributed by way of a complex formula and includes the Revenue Support Grant (RSG), and the distributable part of Non-Domestic Rates (NDR). Amounts are determined annually and in advance of each new financial year as part of the Local Government Financial Settlement.

#### **Revenue Support Grant**

The Revenue Support Grant (RSG) represents the major element in the support for local revenue spending that the Council receives from the Welsh Government, as required by section 78(1) of the *Local Government Finance Act 1988*.

#### **National Non Domestic Rates**

Non-Domestic Rates (NDR) are a property tax paid by businesses. Since 1st April 1990, these have been based on a uniform business rate across Wales known as the single national poundage set by central government. Billing authorities pay the non-domestic rates collected into a central pool which is then re-distributed between each authority according to shares of adult population.

#### **Council Tax**

The system of local taxation introduced in April 1993. A property tax levied on homes determined by placement of residences within 9 valuation bands (A-I). There are exemptions for certain types of property and discounts for people in certain circumstances. The level of Council Tax is determined locally by the Council as part of each annual budget cycle.

#### **Council Tax Base**

The estimated number of chargeable properties, expressed as the equivalent number of 'Band D' properties in the Council's area. The Council is required to annually advise the Welsh Government of its Council Tax Base (as at 31<sup>st</sup> October), which they use in the Local Government Financial Settlement, and to allow the County Council, North Wales Police Authority and Town / Community Councils to calculate the following year's Council Tax charges.

#### **Outcome Agreement Grant**

This is a non-specific grant advised by the WG as part of the annual financial settlement and is subject to assessment against agreed performance criteria.

**Specific Grants**

Ring-fenced funding, which must be spent on particular services or initiatives.

**Reserves**

These are balances in hand that have accumulated over previous years and are held for defined (earmarked reserves) and general (general reserves) purposes. Councils are required to regularly review the level and purpose of their reserves and to take account of the advice of the Chief Finance Officer.

*How is the revenue budget built up?*

**Total Budget brought forward**

The starting point for the 2013/14 revenue budget is the total budget for the previous year. Various changes and amendments are then made as detailed below.

**Previous Years Growth/Item's Dropping Out**

The approved budget each year incorporates an indicative amount for the following two years. The budget is adjusted accordingly each year to reflect these indicative amounts.

**Pay and Price Inflation**

Consideration is given each year to reflect the level of inflation provision required to be included in the budget. Pay inflation will be included based on the best estimate of likely increase in pay arising from the national agreement.

Retail Price Index (RPI) and Consumer Price Index (CPI) not considered good measures for Councils as they are not reflective of spending patterns.

The 'pinch' points for a council are usually in relation to volatile areas such as energy, fuel and food costs and an allocation is made based on latest market intelligence.

**Transfers into the Settlement**

This refers to a specific service area whereby the source of funding changes from a specific grant (hypothecated) to an allocation within the Revenue Support Grant (unhypothecated). The council's current policy in relation to these items is to 'passport' the funding to the relevant service area through the budget process.

**New Responsibilities**

From time to time the council is advised through the Local Government Settlement that it is to take on additional responsibilities in relation to a specific area e.g. Council Tax Support Scheme in 2013/14. Again, the amount of funding identified for this in the settlement is 'passported' to the service area.

**Pressures and Investments – One-Off and Time Limited/Ongoing**

Where costs are increasing, either through increased demand, or where the council may wish to invest in a priority area.

**Efficiencies**

Where costs are decreasing, either through reduced demand, or where the council has decided to reduce the amount spent in a particular service area.

**CAPITAL****Capital Expenditure**

Spending on non-current assets (e.g. buildings, equipment and land) which will have a useful life of more than one year.

*Where does the Council get its capital funding from?*

**Capital Receipts**

Income receipts from the sale of the council's capital assets.

**General Capital Funding**

General Capital Funding (GCF) is the total available from the Welsh Government for financing general capital expenditure. Allocations are issued annually to each local authority and cover most of the basic services undertaken by authorities. GCF is calculated using agreed distribution formulae, and consists of 2 elements General Capital Grant and Unhypothecated Supported Borrowing.

**General Capital Grant**

General Capital Grant (GCG) is an element of General Capital Funding and is a direct grant towards financing general capital expenditure.

**Unhypothecated Supported Borrowing**

A source of funding from the Welsh Government to finance general capital expenditure. Allocations are issued annually to each local authority as part of the Local Government Financial Settlement. The Welsh Government include an element within the Revenue Support Grant to fund the cumulative costs of this borrowing that is classed as supported borrowing.

**Unsupported (Prudential) Borrowing**

Borrowing to fund capital expenditure which exceeds Welsh Government support in the Revenue Support Grant. Councils can choose to fund capital expenditure through Unsupported (Prudential) Borrowing so long as they demonstrate that borrowing is prudent, sustainable and affordable, as the ongoing revenue costs of unsupported borrowing will still need to be met from available resources.

## Briefing Note on the Final Local Government Settlement 2013/14

### Revenue

#### **Aggregate External Finance (AEF)**

- Flintshire's AEF has decreased by £0.045m compared to the provisional settlement (from £199.651m to £199.606m) as detailed below:-

	£m
Transfers Into Settlement:	
Increase in Post 16 SEN Special Schools Transfer	0.013
Less Council Tax Support Scheme funding	(0.050)
Distributional Changes	<u>(0.008)</u>
Total	(0.045)

#### **Standard Spending Assessment (SSA)**

Flintshire's calculated SSA has decreased by £0.120m compared to the provisional settlement (from £259.255 to £259.135m)

#### **Transfers into the Settlement**

The transfers into the settlement remain the same as per the provisional settlement with the exception of an increase of £0.013m in relation to Post 16 SEN Special Schools.

#### **Council Tax Support Scheme**

This new responsibility has been confirmed with a revised amount identified of £8.773m, a reduction of £0.050m on the provisional settlement figure. The Minister has also announced in the Final Settlement an additional £4.6m of additional funding across Wales in the current financial year to assist local authorities with the costs of introducing this new scheme and to help mitigate the wider impact of welfare reforms. Work is underway to assess the specific implications for Flintshire of this complex area.

#### **Specific Grants**

Only limited information at an All Wales level has been received to date.

#### **Outcome Agreement Grant**

Flintshire's allocation is £1.465m, a reduction of £0.002m than at the provisional stage.

#### **Regional Collaboration Fund**

The Provisional Settlement advised that £10.174 million (All Wales) had been taken out of the settlement to form a new specific grant for regional collaboration. The Final Settlement advised of a North Wales indicative allocation of £2.293m and some guidance on eligibility criteria.

### Capital

#### **General Capital Funding**

- Flintshire's general capital funding has reduced by £0.002m compared to the provisional settlement of £6.868m.

Gary Ferguson – Corporate Finance Manager (12<sup>th</sup> Dec 12)
