

**FLINTSHIRE COUNTY COUNCIL**

DRAFT

**TREASURY MANAGEMENT  
POLICY STATEMENT**

**2016 - 2019**

## **1.0 TREASURY MANAGEMENT POLICY STATEMENT**

The Council defines the policies and objectives of its treasury management activities as follows: -

- 1.1 "The management of the authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
- 1.2 The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury management activities will focus on their risk implications for the Council, and any financial instruments entered into to manage these risks.
- 1.3 The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving value for money in treasury management, and to employing suitable comprehensive performance measurement techniques, within the context of effective risk management.
- 1.4 The Council greatly values revenue budget stability and will therefore borrow the majority of its long-term funding needs at long-term fixed rates of interest. Short-term and variable rate loans will only be borrowed to the extent that they either offset short-term and variable rate investments or can be shown to produce revenue savings.
- 1.5 The Council will set an affordable borrowing limit each year in compliance with the *Local Government Act 2003*, and will have regard to the *CIPFA Prudential Code for Capital Finance in Local Authorities* when setting that limit. It will also set limits on its exposure to changes to interest rates and limits on the maturity structure of its borrowing in the treasury management strategy report each year.
- 1.6 The Council's primary objectives for the investment of its surplus funds are to protect the principal sums invested from loss, and to ensure adequate liquidity so that funds are available for expenditure when needed. The generation of investment income to support the provision of local authority services is an important, but secondary, objective.
- 1.7 The Council will have regard to Welsh Government Guidance on Local Government Investments and will approve an investment strategy each year as part of the treasury management strategy. The strategy will set criteria to determine suitable organisations in which cash may be invested, limits on the maximum duration of such investments and limits on the amount of cash that may be invested with any one organisation.
- 1.8 The Council has adopted the 2011 edition of the Chartered Institute of Public

Finance and Accountancy's Treasury Management in Public Services: Code of Practice and has included the Code's required clauses in its Financial Procedure Rules.
