TMP1 RISK MANAGEMENT

1 Credit & Counterparty Policies

1. Criteria to be used for creating/managing approved counterparty lists/limits -
 - The Chief Finance Officer will formulate suitable criteria for assessing and monitoring the credit risk of investment counterparties and shall construct a lending list comprising time, type, sector and specific counterparty limits.
 - Treasury Management staff will add or delete counterparties to/from the approved counterparty list in line with the policy on criteria for selection of counterparties. The complete list is available in the Technical Accountancy Section. It should be noted that not all of these counterparties will be used. This depends on whether they are in the market at the time of investment and whether they are offering competitive rates.
 - The Council will use credit criteria in order to select creditworthy counterparties for placing investments.
 - Credit ratings will be used as supplied from Fitch, Moody's and Standard & Poors credit rating agencies.
 - The minimum level of credit rating for an approved counterparty will be as follows: -

Treasury Management Practice Schedules 2016 - 19

Minimum Credit Rating	Banks Unsecured	Banks Secured	Government	Corporates	Registered Providers
UK Government			£ Unlimited 50 years		
AAA	£4m 5 years	£7m 5 years	£7m 25 years	£4m 5 years	£4m 10 years
AA+					
AA					
AA-					
A+	£4m 2 years	£7m 2 years	£7m 5 years	£4m 2 years	£4m 5 years
A					
A-					
Pooled Funds	£7m per fund				
BBB-	The Council is restricted to overnight deposits at its' own current account bank with a limit of £5m where the banks lowest credit rating is BBB+, BBB or BBB- (or equivalent)				
Unrated Local Authorities			£4m 2 years		
Unrated Other	The Council may invest in any other unrated organisation, subject to: <ul style="list-style-type: none"> an external credit assessment and specific advice from the Authority's treasury management adviser (£1m each / 1 year limit) a further policy framework for investing with any other organisations being developed (£100k each / 5 year limit) 				

A definition of the ratings can be found in appendix A.

Banks Unsecured

Accounts, deposits, certificates of deposit and senior unsecured bonds with banks and building societies, other than multilateral development banks. These investments are subject to the risk of credit loss via a bail-in should the regulator determine that the bank is failing or likely to fail. Unsecured investment with banks rated BBB+, BBB or BBB- are restricted to overnight deposits at the Authority's current account bank.

Treasury Management Practice Schedules 2016 - 19

Banks Secured

Covered bonds, reverse repurchase agreements and other collateralised arrangements with banks and building societies. These investments are secured on the bank's assets, which limits the potential losses in the unlikely event of insolvency, and means that they are exempt from bail-in. Where there is no investment specific credit rating, but the collateral upon which the investment is secured has a credit rating, the highest of the collateral credit rating and the counterparty credit rating will be used to determine cash and time limits. The combined secured and unsecured investments in any one bank will not exceed the cash limit for secured investments.

Government

Loans, bonds and bills issued or guaranteed by national governments, regional and local authorities and multilateral development banks. These investments are not subject to bail-in, and there is an insignificant risk of insolvency. Investments with the UK Central Government may be made in unlimited amounts for up to 50 years.

Corporates

Loans, bonds and commercial papers issued by companies other than banks and registered providers. These investments are not subject to bail-in, but are exposed to the risk of the company going insolvent. Loans to unrated companies will only be made as part of a diversified pool in order to spread the risk widely.

Registered Providers

Loans and bonds issued by, guaranteed by or secured on the assets of Registered Providers of Social Housing, formerly known as Housing Associations. These bodies are tightly regulated by the Welsh Government or Homes and Communities Agency and, as providers of public services, they retain a high likelihood of receiving government support if needed. The Council will consider investing with unrated Registered Providers with adequate credit safeguards, subject to receiving independent advice.

Pooled Funds

Shares in diversified investment vehicles consisting of any of the above investment types, plus equity shares and property. These funds have the advantage of providing wide diversification of investment risks, coupled with the services of a professional fund manager in return for a fee. Money Market Funds that offer same-day liquidity and aim for a constant net asset value will be used as an alternative to instant access bank accounts, while pooled funds whose value changes with market prices and/or have a notice period will be used for longer investment periods.

Bond, equity and property funds offer enhanced returns over the longer term, but are more volatile in the short term. These allow the Authority to diversify

Treasury Management Practice Schedules 2016 - 19

into asset classes other than cash without the need to own and manage the underlying investments. Because these funds have no defined maturity date, but are available for withdrawal after a notice period, their performance and continued suitability in meeting the Authority's investment objectives will be monitored regularly.

Other Organisations

The Authority may also invest cash with other organisations, for example by making loans to small businesses. Because of the higher perceived risk of unrated businesses, such investments may provide considerably higher rates of return. They will however only be made following a favourable external credit assessment and on the specific advice of the Authority's treasury management adviser.

Foreign countries

Investments in foreign countries will be limited to those that hold an AAA or AA+ / Aa1 sovereign credit rating from all three major credit rating agencies, and to a maximum of £10 million per foreign country. Investments in countries whose lowest sovereign rating is not AAA will be limited to one year's duration. No country limit will apply to investments in the UK, irrespective of the sovereign credit rating.

Non-Specified Investments

Any investment not meeting the definition of a specified investment is classed as non-specified. The Council does not intend to make any investments in foreign currencies. Non-specified investments will therefore be limited to long term investments, i.e. those that are due to mature 12 months or longer from the date of arrangement; those that are defined as capital expenditure, such as money market funds and other pooled funds; and investments with bodies and schemes not meeting the definition on high credit quality. Limits on non-specified investments are shown in the table below.

Non-Specified Investment Limits

	Cash Limit
Total long-term investments	£10m
Total shares in pooled funds	£30m
Total investments without credit ratings or rated below A- (not including pooled funds)	£10m
Total non-specified investments	£50m

2. Approved methodology for changing limits and adding/removing counterparties

Credit ratings for individual counterparties can change at any time. The Chief Finance Officer is responsible for applying the stated credit rating criteria in 1.1

Treasury Management Practice Schedules 2016 - 19

for selecting approved counterparties, and will add or delete counterparties as appropriate to / from the approved counterparty list when there is a change in the credit ratings of individual counterparties or in banking structures e.g. on mergers or take-overs. The Chief Finance Officer will also adjust lending limits and periods when there is a change in the credit ratings of individual counterparties or in banking structures e.g. on mergers or take-overs in accordance with the criteria in 1.1.

3. Details of Credit Rating Agencies' services or other services which provide current credit ratings and updates on changes.
 - Ratings from the three agencies are updated monthly by the Council's treasury management adviser; however, they will provide immediate notification of any changes which affect Flintshire County Council counterparties. If a counterparty no longer meets the investment criteria, no further investments will be made with that counterparty and consideration will be given to recalling the monies. If a counterparty is being reviewed for a possible downgrade outside the criteria no more investments will be made.
 - The Council's treasury management adviser will also inform the Chief Finance Officer of any other market information that they have (e.g. Credit Default Swap prices, news reports and opinion, balance sheet analysis in the absence of credit ratings) which may require credit ratings to be overridden and no further investment to be made with that counterparty.

1.2 Liquidity

1. Amounts of approved minimum cash balances and short-term investments
 - The Council manages its cash balances on a daily basis, dependent upon cash flow demands. The objective is to achieve a zero cash balance each day by means of temporary investments, borrowing or use of call accounts. Temporary investments are cash flow driven with the objective of ensuring that future temporary borrowing is minimised.
2. Details of:
 - Standby facilities - Short-term borrowing undertaken.
 - Short-term borrowing facilities - short term borrowing will be arranged for any overdrawn balance through the money market if no call money is available.
 - Insurance/guarantee facilities - not required.
 - Other contingency arrangements - negotiations with the Council's bankers.
 - Call Accounts and Money Market Funds (subject to ratings and sector limits).

Treasury Management Practice Schedules 2016 - 19

1.3 Interest Rate

1. Details of approved interest rate exposure limits -
 - The upper limit on fixed interest rate exposures is £325 million.
 - The upper limit on variable interest rate exposures is £60 million.
2. Trigger points and other guidelines for managing changes to interest rate levels
 - This is monitored in conjunction with the Council's treasury advisers through the London money market on a daily basis.
 - The management of a balanced investment portfolio which retains a mix of long term investments (fixed rate) and shorter term (variable rate) investments which are variable to protect against interest risk.

1.4 Exchange Rate

Approved criteria for managing changes in exchange rate levels -

- The Council does not make payments or receive foreign currency in sufficient levels that warrant currency management e.g. hedging

1.5 Refinancing

1. Debt/other capital financing maturity profiling, policies and practices.
 - To manage the Council's debt maturity profile i.e. to leave no one future year with a high level of repayments that could cause problems in re-borrowing.
2. Projected capital investment requirements.
 - The borrowing requirement is determined as part of the Capital Programme.
3. Policy concerning limits on revenue consequences of capital financing.
 - This is part of the ongoing budget monitoring process

1.6 Legal & Regulatory

References to relevant statutes and regulations

- Prior to entering into any capital financing, lending or investment transaction, it is the responsibility of the Chief Finance Officer to be satisfied, by reference to the Monitoring Officer, the Authority's legal department and external advisors as appropriate, that the proposed transaction does not breach statute, external regulations or the

Treasury Management Practice Schedules 2016 - 19

Authority's Financial Procedures.

- The Council's legal powers and regulatory requirements come from –

1.7 Fraud, error and corruption, and contingency management

1. Details of systems and procedures to be followed, including internet services.
 - These are documented in the Treasury Management Operational Guidelines.
2. Emergency and contingency planning arrangements
 - This process is currently under review.
3. Fraud, Error & Corruption.
 - There is a system of internal control in place to prevent and identify fraud and error.
 - Any issue identified will be immediately reported to the Chief Finance Officer and Head of Internal Audit and subsequently to Audit Committee and Council.

1.8 Market Value of Investments

Details of approved procedures and limits for controlling exposure to investments whose capital value may fluctuate (Government Issue Long Term Stock - GILTS, Certificates of Deposit - CDs, etc.)

- No limits are set, current criteria for these investments does not allow exposure to high fluctuations in value.

TMP 2 PERFORMANCE MEASUREMENT

2.1 Performance Measurement

Treasury Management Practice Schedules 2016 - 19

1. The Council's treasury management advisers recommended the following for use as benchmarks against which to compare performance. For investments, the most commonly used benchmark is the 3 month London Inter-Bank Bid (LIBID) rate.
2. In the annual Treasury Management Outturn Report, investment and borrowing rates are analysed against the above recommended rates and with previous years.
3. Health checks are undertaken by the Council's treasury management advisers.

2.2 Value for Money

Frequency for reviewing and tendering for the following services:

- Banking services - tendered every 5 years.
- Money-broking services - annual review.
- Treasury advisers services – tendered every 3 years.
- External Cash Managers - none currently employed but this will be analysed as part of a continuous review.

2.3 Methods to be employed for measuring the performance of the organisation's Treasury Management activities

1. The Chief Finance Officer will receive a monthly update on Treasury Management from the Finance Manager – Technical Accounting.
2. The performance of treasury management will be reported quarterly to the Audit Committee and then to Cabinet and Council in the Mid-year Report and Annual Outturn Report using the performance measures outlined in 2.1.

2.4 Benchmarks and calculation methodology:

1. Debt management:
 - Average rate on all external debt.
 - Average rate on external debt borrowed in previous financial year.
 - Average rate on internal borrowing.
 - Average period to maturity of external debt.
 - Average period to maturity of new loans in previous year.
2. Investment:

The performance of investment earnings will be measured against the following benchmarks: -

 - 3 month LIBID rate.

TMP 3 DECISION-MAKING AND ANALYSIS

3.1 Funding, borrowing, lending and new instruments/techniques:

1. Records to be kept:
 - These are documented in the Treasury Management Operational Guidelines. All records are kept to provide a full audit trail for all Treasury decisions.
2. Processes to be pursued:
 - All reports on Treasury Management issues are submitted to the Chief Finance Officer for decision making
3. Issues to be addressed:
 - In respect of every decision made the Council will:
 - a. Above all be clear about the nature and extent of the risks to which the Council may become exposed
 - b. Be certain about the legality of the decision reached and the nature of the transaction, and that all authorities to proceed have been obtained
 - c. Be content that the documentation is adequate both to deliver the Council's objectives and protect the organisation's interests, and to deliver good housekeeping
 - d. Ensure that third parties are judged satisfactory in the context of the Council's creditworthiness policies, and that limits have not been exceeded
 - e. Be content that the terms of any transactions have been fully checked against the market, and have been found to be competitive.
 - In respect of borrowing and other funding decisions, the Council will:
 - a. Evaluate the economic and market factors that might influence the manner and timing of any decision to fund.
 - b. Consider the merits and demerits of alternative forms of funding, including funding from revenue, leasing and private partnerships.
 - c. Consider the alternative interest rate bases available, the most appropriate periods to fund and repayment profiles to use.
 - d. Consider the ongoing revenue liabilities created, and the implications for the organisation's future plans and budgets.
 - In respect of investment decisions, the organisation will:
 - a. Consider the optimum period, in the light of cash flow availability and prevailing market conditions.

Treasury Management Practice Schedules 2016 - 19

- b. Consider the alternative investment products and techniques available, especially the implications of using any which may expose the organisation to changes in the value of its capital.
4. Considerations to be made before each temporary borrowing and investment decision.
 - Borrowing
 - a. Are funds available in call accounts?
 - b. Arrange temporary borrowing through a broker for the shortest period of time at the lowest rate of interest available.
 - Investing
 - a. Establish funds available to be invested
 - b. Establish a maturity date using cash flow and the Council's treasury advisers monthly investment strategy
 - c. Using the Ratings spreadsheet – Headroom available with each counterparty
 - d. Check the credit ratings and other market information available for the chosen counterparty.
 - e. Use a broker to find the highest rate of interest for the requirements above
 - f. If after the above, funds still cannot be placed and call accounts and Money Market Funds are full, then invest with DMO.

TMP 4 APPROVED INSTRUMENTS, METHODS AND TECHNIQUES

4.1 Approved activities of the Treasury Management operation

All borrowing is undertaken in accordance with the Local Government Act 2003 section 1 and all investments undertaken in accordance with section 12.

The approved activities are:

TMP 6 REPORTING REQUIREMENTS AND MANAGEMENT INFORMATION ARRANGEMENTS

6.1 Annual Treasury Management Strategy Statement

1. The Treasury Management Strategy sets out the specific expected treasury activities for the forthcoming financial year. This Strategy will be scrutinised by Audit Committee, submitted to the Cabinet and then to the County Council Committee for approval before the commencement of each financial year.
2. The formulation of the annual Treasury Management Strategy involves determining the appropriate borrowing and investment decisions in the light of the anticipated movement in both fixed and shorter-term variable interest rates. For instance, this organisation may decide to postpone borrowing if fixed interest rates are expected to fall, or borrow early if fixed interest rates are expected to rise.
3. The Treasury Management Strategy is concerned with the following elements:
 - the prospects for interest rates;
 - the limits placed by this organisation on treasury activities
 - the expected borrowing strategy;
 - the expected investment strategy;
 - the expectations for debt rescheduling;
 - any extraordinary treasury issue.
 - Treasury Management Indicators.
4. The Treasury Management Strategy will establish the expected move in interest rates (using all available information such as published interest rate forecasts where applicable).

6.2 Prudential Code for Capital Finance

1. In accordance with legislation, the Council is required to approve key indicators and limits for the Prudential Code for Capital Finance. These are listed below and reported in the Prudential Indicators Report.

Treasury Management Practice Schedules 2016 - 19

- Estimates of Capital Expenditure
- Ratio of financing costs to net revenue stream
- Incremental impact of capital investment decisions on council tax/housing rents
- Capital financing requirement
- Authorised limit for external debt
- Operational Boundary for external debt

The following are within the Treasury Management Code.

- Upper limit on fixed interest rate exposures
 - Upper limit on variable interest rate exposures
 - Upper and lower limits for maturity structure of borrowing
 - Limit for principal sums invested for periods longer than 364 days
2. The Chief Finance Officer is responsible for incorporating the relevant limits for the Treasury Management Code into the Annual Treasury Management Strategy, and for ensuring compliance with the limits. Should it prove necessary to amend these limits, the Chief Finance Officer shall submit the changes for scrutiny by the Audit Committee and recommendation by the Cabinet before submission to County Council for approval.

6.3 Annual Investment Strategy

The Welsh Government requires the documentation of an Annual Investment Strategy including the following:

- Specified Investments – Investments offering high security and liquidity
- Non-specified Investments – Investments with greater potential risk
- Investments which can be prudently committed for longer than 1 year.
- Credit Risk Assessment.
- Use of Investment Consultants.
- Investment Training.
- Investment money borrowed in advance of need.

6.4 Annual Report on Treasury Management Activity

An annual report will be presented to the Audit Committee, Cabinet and then the County Council at the earliest practicable meeting after the end of the financial year, but in any case by the end of September. This report will include the following: -

- a comprehensive picture for the financial year of all treasury policies, plans, activities and results
- transactions executed and their revenue (current) effects
- report on risk implications of decisions taken and transactions executed
- monitoring of compliance with approved policy, practices and statutory / regulatory requirements

Treasury Management Practice Schedules 2016 - 19

- monitoring of compliance with powers delegated to officers
- degree of compliance with the original strategy and explanation of deviations
- explanation of future impact of decisions taken on the organisation
- measurements of performance
- report on compliance with CIPFA Code recommendations

The report will be subject to review by the Audit Committee

6.5 Mid-Year Review

A mid-year report will be presented to the Audit Committee, Cabinet and Council, which will include the following:

- activities undertaken
- variations (if any) from agreed policies/practices
- interim performance report
- regular monitoring
- monitoring of treasury management indicators for local authorities.

The report will be subject to review by the Audit Committee

6.6 Management Information Reports

The Technical Accountant will report management information to the Finance Manager - Technical Accountancy monthly for review. The Finance Manager Technical Accountancy will report monthly to the Chief Finance Officer.

6.7 Presentation of Reports

As a minimum:

The County Council will receive:

- An annual report on the strategy and plan to be pursued in the coming year
- A mid-year review
- An annual report on the performance of the treasury management function, on the effects of the decisions taken and the transactions executed in the past year, and on any circumstances of non-compliance with the organisation's Treasury Management Policy Statement and TMPs.

In addition to the above, the Audit Committee and Cabinet will receive regular monitoring reports on treasury management activities and risks. Audit Committee will also have responsibility for the scrutiny of treasury management policies and practices.

Treasury Management Indicators will be reported in the strategy.

TMP 7 BUDGETING, ACCOUNTING AND AUDIT ARRANGEMENTS

7.1 Statutory/ Regulatory Requirements

The Treasury Management part of the statement of accounts has been prepared in accordance with the accounting policies applicable to local authorities.

7.2 Accounting Practices and Standards

The accounts are prepared in accordance with the CIPFA Treasury Management in the Public Sector Code of Practice, supported by guidance notes on the application of accounting standards.

7.3 Budget Monitoring

The budget for treasury management activities is monitored on a monthly basis through the Central Loans and Investment Account (CLIA).

TMP 8 CASH AND CASH FLOW MANAGEMENT

8.1 Arrangements for preparing/submitted cash flow statements

Annual cash flow prepared before the start of the financial year and updated throughout the year.

8.2 Content and frequency of cash flow budgets

All known cash flow factors are included for the coming financial year.

8.3 Listing of sources of information

Correspondence from external organisations and internal departments, together with various information extracted from the Annual Budget Book.

External –

- Welsh Government
- North Wales Police
- North Wales Fire Authority

Internal –

- Payroll
- Pensions
- Council Tax
- Creditors

Treasury Management Practice Schedules 2016 - 19

8.4 Bank statement procedures

All bank statement information is obtained electronically from the NatWest Bankline website.

8.5 Procedures for banking of funds

All day to day treasury management transactions are paid and received by the Clearing House Automated Payments System (CHAPS).

8.6 Cash Flow Management

Arrangements as detailed in section 3.1.4

8.7 Debtors and Creditors

Debtors and Creditors are monitored so that any significant moves can be prepared for. Creditors provide warning of payments 2 days in advance.

TMP 9 MONEY LAUNDERING

9.1 Procedures for establishing identity/authenticity of Lenders

1. The Council does not accept loans from individuals. All loans are obtained from the PWLB or from authorised institutions on the FSA Register which is a public record of financial service firms, individuals and other bodies which fall under its regulatory jurisdiction as defined in the Financial Services & Markets Act 2000 (FSMA). This Act came into force on 1st December 2001.
2. Any borrowing undertaken from the money markets is through money brokers, who are also authorised and regulated by the Financial Services Authority. This adds a further layer of protection as the broker vets the institutions involved in any transactions.

TMP 10 STAFF TRAINING AND QUALIFICATIONS

10.1 Details of approved training courses

1. Reviewed as part of the annual Employee Appraisal process. The Council's treasury advisers also provide training on treasury issues to staff when required.
2. Flintshire County Council is a member of the CIPFA Treasury Management Network. Treasury officers receive weekly updates from the Network and attend seminars organised by the Network, as required.

10.2 Records of training received by Treasury staff

All training is recorded on a departmental database.

Treasury Management Practice Schedules 2016 - 19

10.3 Approved qualifications for Treasury staff

All treasury officers are qualified to AAT Technician level as a minimum.

10.4 Training of Members

APPENDIX A

Definition of Ratings

Fitch Long Term

- **AAA** - Highest credit quality. Rating denotes the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for payment of financial commitments. The capacity is highly unlikely to be adversely affected by foreseeable events.
- **AA** - Very high credit quality. Rating denotes expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.
- **A** - High credit quality. Rating denotes expectation of low credit risk. The capacity for payment of financial commitments is considered strong. The capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings.
- **BBB** - Good quality rating. 'BBB' ratings indicate that there are currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. This is the lowest investment grade category.

The modifiers "+" & "-" may be appended to any of the ratings above to denote a relative status within major categories.

Moody's Long Term

- **Aaa** - Judged to be one of the highest quality, with minimal credit risk
- **Aa** - Judged to be of high quality and are subject to very low credit risk
- **A** - Considered upper-medium grade and are subject to low credit risk
- **Baa** - Offers adequate credit quality. However, certain protective elements may be lacking or may be characteristically unreliable over any great length of time.

Moody's appends numerical modifiers 1, 2 and 3 to each rating classification. 1 indicates that the obligation ranks in the higher end of its category, 2 mid-range and 3 a ranking in the lower end of that category.

Standard & Poors Long Term

- **AAA** - An obligor rated 'AAA' has the highest rating assigned by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.
- **AA** - An obligor rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

Treasury Management Practice Schedules 2016 - 19

- **A** - An obligor rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.
- **BBB** - An obligor rated 'BBB' has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments.

Plus (+) or minus (-) The ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories
