|------|---|
| 1.03 | <p>The Welsh Government guidance on Local Authority investments requires that the Council prepares an Investment strategy before the start of each financial year which sets out the Council's policies for the prudent management of its investments, giving priority, firstly to the security of those investments (protecting the capital sum from loss), and secondly liquidity (keeping money readily available for expenditure). The generation of investment income is distinct from these prudential objectives, however provided that proper levels of security and liquidity are achieved, it may (but only then) be reasonable to seek the highest yield consistent with those priorities.</p> <p>The guidance stipulates that the investment strategy must also include the following:</p> <ul style="list-style-type: none"> • Specified Investments • Non-specified Investments • Credit Risk Assessment • Investment Consultants • Investment Training • Investment of money borrowed in advance of need |
