Welcome to Flintshire County Council's Improvement Plan for 2016/17

The latest version of our Improvement Plan sets out our priorities for the 2015/16 Council year and what we aim to achieve. Flintshire prides itself on being a council which performs highly for its local communities and one which is motivated by a set of strong social values.

Flintshire is a well-governed and progressive council. We are performing well as a direct provider and commissioner of public services, and as a partner to others. Our recent track record in key services such as education, social care, housing, anti-poverty and environment show that we do deliver on what we say we will do.

Everything we do is important to someone, so selecting a set of priorities for the year is never an easy task. We have set three shared priorities with our partners at a County level, and eight priorities for the Council itself. The Council's framework of eight priorities has been in place for several years and will be familiar. Through our priorities we aim to make a real and noticeable impact.

We are under huge financial pressure during this period of unprecedented austerity. Despite this we still aim high on our priorities. If we fall short against our priorities it will be because of under-funding and not because we are not committed or are not capable.

The plan sets out the Council's eight priorities and all the detailed sub-priorities for action, where we will make a bigger impact this year, page by page. An explanation for the choice of each one is given.

For 2016/17 a review of the current priorities and sub-priorities has been undertaken to set:-

- priorities that continue into 2016/17 for sustained attention;
- activities that can now be removed as completion of a time-limited piece of work which are now embedded e.g. Universal Credit preparation, use of the National Procurement Service;
- priorities which could be broadened to include more strategic issues e.g. 'Creating jobs and growing the local economy', the care home market;
- sub-priorities which could be merged e.g. Fuel Poverty and Maximising Income;
- emerging priority activities for 2016/17 e.g. Improving chances for Looked after Children, mental health.

Over the five year life of the Council, 2016/17 being the final year, the full set of priorities has adapted, and the annual set of priorities selected for special attention have changed according to need and circumstance.

We hope that you find the Plan both informative and uplifting. Your feedback on the Plan itself, and on what we aim to achieve, would be very welcome.

Chief Executive

Aaron Shotton
Leader of the Council

Setting Our Priorities and Judging our Performance

The priorities for Flintshire as a County are set by the Council and its local public sector partners. We work together as a Public Service Board (PSB) combining our resources for the benefit of Flintshire.

The sub-priorities shown with a  symbol (see diagram on page 6) denote those we share with our partners. These have been selected for special attention where we believe that concentrated effort by the partners working together will make a big difference to the communities of Flintshire. The sub-priorities are:

- Supporting Independent Living
- Vulnerability, Intervention and Prevention
- Inspiring Community Resilience

Partners include: Coleg Cambria, Natural Resources Wales, Public Health Wales, North Wales Police, Betsi Cadwaladr University Health Board, Wales Probation, Flintshire Local Voluntary Council, North Wales Fire & Rescue Service and Welsh Government.

The Council has also set a number of priorities for itself as an individual partner organisation. Setting priorities helps us focus our attention and resources on the things that matter most; these priorities are echoed in the Council's business plans. We are legally required to set priorities known as Improvement Objectives (under the Local Government (Wales) Measure 2009). We call these our 6 Improvement Priorities.

In setting our Priorities we have to take a number of things into account from Welsh Government policy¹, to the expectations of our key partners, to our legal responsibilities, to the views of local people.

We then set our targets, and judge our performance against them by using a wide range of information both quantitative (performance judged by numbers) and qualitative (performance judged by feedback, the results of consultation etc.).

To ensure that we know how well we are doing in meeting the expectations for our priorities we have a series of 'measures' which we keep under regular review. These performance measures are set out for each of our priorities page by page. They are detailed more fully in the supporting document '*How We Measure Achievement*'.

¹ Our priorities reflect the requirements of the Local Government (Wales) Measure 2009 to include the improvement aspects of: strategic effectiveness; service quality; service availability; fairness; sustainability; efficiency and innovation.

Each of our sub-priorities is described individually on the following pages. We provide information about:

- The impact - what difference will be made
- Why the priority is important in 2016/17
- The national policy issues which impact on delivery of the sub-priority
- What we will do
- How we will measure achievement
- What risks we need to manage
- What some of our language means

We will let you know how well we have performed against our outcomes in two ways:

- 1) regular reports to the Council's Cabinet and Scrutiny committees, and
- 2) next years published Annual Performance Report for 2016/17.

Priorities for the 2016/17 Improvement Plan

Following the Plan - An Easy Guide

The previous page sets out the Council's eight standing priorities and the sub-priorities which support them, where we aim to make a big impact in 2016/17.

Each standing priority is illustrated with a different colour. For example, **Poverty** is **orange** and **Modern and Efficient Council** is **dark pink**. This colour coding should make the priorities easier to follow as the reader works through the document and also the supporting document 'How we measure achievement'.

On the graphic illustration we have set out against each priority the impacts we aim to make. Under each impact we list the sub-priorities where action and achievement will help achieve the impact. A sub-priority is simply a specific programme of work on a given theme. Taken together, success in achieving the aims of a set of sub-priorities will deliver the ambition for the bigger, standing priority of the same theme.

Every organisation has to prioritise its attention and its resources to make an impact. The Council has selected a number of the sub-priorities for special attention in the 2016/17 Council year. Each of these selected sub-priorities then has a dedicated page to itself later in the document..

For example on page 23, you will see the priority for **Skills and Learning**.

This has a single impact:-

- **Improving learning provision and opportunities to achieve better learner outcomes**

This impact has two sub-priorities selected for attention in 2016/17. The reason for selection is explained on their dedicated pages (pages 22 and 23):-

- Apprenticeships and Training
- Modernised and High Performing Education

What's changed for 2016/17?

There is a new section within each sub-priority which references national issues which have the potential to impact upon achievement of the priorities. These issues will also be referenced, where relevant, in the next refresh of the Medium Term Financial Strategy for 2016-2020.

Which Sub-Priorities have changed for 2016/17?

We recognise that when reading the Plan from one year to the next it can be difficult to see why some sub-priorities have not been carried forward. For this reason we have included a table below to summarise why sub-priorities have not been carried forward.

2015/16 Sub-Priorities	Why has this sub-priority not been carried forward into the 2016/17 Plan
Town and Rural Regeneration	<p>The 2 sub-priorities in the 2015/16 Improvement Plan (Business Sector Growth and Town & Rural Regeneration) have been merged to create the sub-priority Business Sector Growth & Regeneration. This is now a more strategic sub-priority, focusing on:</p> <ul style="list-style-type: none"> • Strategic / regional positioning in readiness for future accelerated growth • Maximising the economic value of transformation projects • Facilitating the creation of jobs • Strengthening the economic benefits of town centres and the visitor economy
Fuel Poverty	<p>Fuel Poverty has been merged within the sub-priority Maximising Income to create an overall sub-priority of 'Poverty'. This sub-priority focuses on:</p> <ul style="list-style-type: none"> • Provision of advice and support services to help people protect their income • Helping people to get closer to work and / or be work ready • Delivery of energy efficiency measures to homes in Flintshire

Regulation, Audit and Inspection

As a public organisation the Council is regularly inspected to examine and challenge its performance and effectiveness. This work is mainly undertaken by a number of appointed bodies including Wales Audit Office (WAO), Estyn and the Care and Social Services Inspectorate (CSSIW).

The Council received a favourable Corporate Assessment as part of its Annual Improvement Report last year. The Corporate Assessment is undertaken every 4 years by the Auditor General for Wales. Flintshire's report contained seven Proposals for Improvement, most of which have either been completed or made good progress.

Other reports by Estyn and CSSIW have also been satisfactory with CSSIW finding in October 2015 that the majority of improvement areas previously identified by CSSIW have made good progress, but some areas of weaker performance remaining. During early 2015, CSSIW also inspected the Council's fostering services and found that many things were being done very well.

Other Audit / Regulatory Activity

The council prepares an annual summary of all external audit and regulatory activity. The last one was produced in January 2015 and considered by the Council's Audit Committee.

How Consultation Informs our Plan

The priorities set for this Improvement Plan were, from the outset, based on a wide range of previous consultations in service areas with both partners and representative groups (e.g. community safety, anti-poverty, education, economic development) and, in some cases, service users directly (e.g. housing).

There has been no single intensive consultation exercise on the Plan itself, by local choice, given this background. Elected members, on behalf of the communities they represent, have contributed to setting the priorities of the Council and used their representative role to test the relevance of the Plan against local public opinion. This has been facilitated through the sharing of the draft plan with all elected members and through its presentation at a workshop to which all elected members were invited. Feedback has been used to develop this final version of the Plan. In addition, elected members have been consulted on the targets and milestones to be used to measure achievement of the Plan and ensure there is sufficient pace and ambition.

Consultation on all parts of the Plan is continuous with stakeholders and Welsh Government. The Council remains open to feedback on the plan and amending it at any time following receipt of feedback as well as through new service based consultations.

Priority: Housing

Sub Priority

Appropriate & Affordable Homes

Impact

Improving the choice and quality of local housing

What we will do in 2016/17:

- 1) Deliver a proactive Housing Solutions service to prevent homelessness for as many households as possible.

Achievement will be measured through:

- o Number of housing enquiries resolved at first point of contact
- o Maintaining the percentage of all potentially homeless households for whom homelessness was prevented for at least 6 months

2. Stimulate the growth of affordable housing.

Achievement will be measured through:

- o Increasing the numbers of new Council and affordable homes through the SHARP programme
- o Maximising the number of new affordable homes provided through the planning system
- o Increase the numbers of affordable homes provided through the Social Housing Grant (SHG) programme (includes Extra Care provision)

This is a priority this year because we need to:

- Prevent homelessness.
- Meet the diverse housing and accommodation needs of the local population.
- Develop more opportunities for people to access affordable rent and low cost home ownership.

National Policy Issues:

- Capping of social rents to the Local Housing Allowance (LHA) levels.
- Local Authorities to be able to access grant funding to support new build affordable and social housing.
- Sufficiency of resourcing to fulfil the new duties of the Wales Housing Act.

Risks to manage

- Homelessness will remain a growing area of demand due to the current economic climate.
- The supply of affordable housing will continue to be insufficient to meet community need.

What we mean by:

SHARP - Strategic Housing and Regeneration Programme - programme to build 500 new homes over the next five years.

Social Housing Grant (SHG) - funds housing schemes that meet local needs and priorities as identified by local authorities including providing housing for rent or low cost home ownership through new build or the use of existing buildings.

Priority: Housing

Sub Priority

Modern, Efficient & Adapted Homes

Impact

Improving the choice and quality of local housing

What we will do in 2016/17:

1. Deliver financial support to repair, improve and adapt private sector homes.

Achievement will be measured through:

- o Repairing / improving 40 private sector dwellings through the Council's capital programme and Welsh Government's national Home Improvement Loan
- o Maintaining the timeliness of adaptations, particularly those delivered through Disabled Facilities Grants

2. Reduce the number of long term vacant homes.

Achievement will be measured through:

- o Bringing empty homes back into use for residential living through the Welsh Government Houses into Homes Scheme

3. Deliver the six year asset management strategy to meet the Welsh Housing Quality Standard for all Flintshire Council homes.

Achievement will be measured through:

- o Completing WHQS work schemes to a value of £21M, in line with the Housing Asset Management Strategy

This is a priority this year because we need to:

- Provide good quality housing for residents and maximise funding to improve homes.
- Reduce the number of empty properties in the County.
- Meet the Welsh Government target for all social housing to be brought up to the Welsh Housing Quality Standard (WHQS).

National Policy Issues:

- Maintain the funding of Major Repairs Allowance (MRA) so that the Council can meet the WHQS standard by 2020
- Maintain current rent policy so that the Council can achieve WHQS by 2020

Risks to manage

- The increased work programme to deliver the WHQS will not be met due to the scale of the programme.
- Council funding for adaptations and home loans will not be sufficient to meet demand.
- Financial assistance available to repair homes is not taken up by residents.
- Customer expectations for the timeliness of adaptations undertaken through disabled facilities grants will not be met due to competing demands on resources.

What we mean by:

Major Repairs Allowance (MRA) - A grant paid to the 11 Local Housing Authorities who still manage and maintain their council housing which must be used to meet the WHQS.

WHQS - Welsh Government's physical quality standard for modern social housing.

Adaptations - changes to a person's home to enable her/him to live as independently as possible.

Disabled Facility Grant - a grant available for larger adaptations to a person's home

Houses into Homes Scheme - A Welsh Government scheme to provide loans to bring empty houses or commercial buildings back into use as homes for sale or rent.

2. Support greater independence for individuals with a frailty and/or disability, including those at risk of isolation.

Achievement will be measured through:

- o Establishing a baseline for the people offered advice and support through the single point of access

- o Developing a unified Corporate Parenting Strategy
- o Supporting children in stable, local placements

Impact

- 3) Work through the Children's Services Forum and participation group to improve access to CAMHS
Achievement will be measured through:

- 4) Further develop dementia awareness across the county
Achievement will be measured through:
 - o Number of events (and take-up) aimed at raising awareness of dementia across the county

Sub Priority
Safeguarding

Impact

Ensuring adults, young people and children are safeguarded

What we will do in 2016/17:

1. Strengthen arrangements within all council portfolios to have clear responsibilities to address safeguarding.

Achievements will be measured through:

- o Developing a corporate safeguarding policy which operates as a framework for each service within the Council
- o Development of a performance framework and reporting cycle
- o Review corporate and service policies and procedures to identify breadth and depth of safeguarding coverage

2. Ensure that the workforce are trained in line with the new Codes of Practice for Safeguarding.

Achievements will be measured through:

- o Referral rates from services other than Social Services

3. Working with our partners we will ensure that our response rates to referrals remain within statutory targets.

Achievements will be measured through:

- o Statutory procedural targets for child and adult protection

- Comply with the new codes of practice for Safeguarding within the Social Services and Wellbeing Act (SSWB).

Local Enterprise Partnership - Voluntary partnerships between local communities and businesses to help determine local economic priorities, growth and job creation.

Risks to manage

- The Northern Powerhouse and LEP could pose risks to the growth of the Flintshire economy if there is not devolution of powers and freedoms to match those being developed in England.
- Infrastructure investment does not keep pace with needs and business is lost to the economy.
- Support for businesses in Flintshire doesn't meet their needs and fails to encourage investment.
- Devolved powers in Wales do not match those in England.
