

New Consultancy Definition

With immediate effect we are using a new definition for Consultancy spend. Purchase Orders must <u>only</u> be coded to consultancy detailed codes if the spend meets the following definition.

Consultancy is;

The provision of objective advice relating to **strategy, structure or management**.

Whilst Consultancy costs are likely to include the **identification of options with recommendations**, and may also include assistance with the **implementation of solutions**, the options, recommendation and solutions <u>must</u> relate to the **strategy**, **structure or management** of the Authority.

If proposed spend meets this definition it should be coded using the following detailed codes:

424A: Retained Consultant: Contract in place for the periodic provision of objective advice around strategy, structure or management (e.g. advisors to the Pension Fund).

424B: Project Consultant: Work on defined and time limited strategic or operational projects relating to strategy, structure or management (e.g. Consultants appointed to provide advice around Single Status or appointed to look at processes linked to the strategy, structure or management of the Authority).

Any proposed spend which does <u>not</u> meet the new definition of consultancy spend will have to be coded elsewhere on the ledger – some examples are given below;

Type of spend:	Code to:
Food safety & standards testing	4248 – Sample Analysis
Legal Counsel Opinion	422B – Legal / Counsel Fees
