21. REVIEW OF DISPENSATIONS

The Deputy Monitoring Officer introduced the report and explained that a dispensation granted by the Standards Committee and which remained in effect must be reviewed by the Committee once in every 12 month period from the date on which the dispensation was first granted.

The Deputy Monitoring Officer distributed a list of the dispensations granted by the Committee which remained in effect as well as the dispensations which had recently expired but which the relevant Councillors

required to be extended. The Committee was asked to determine whether each of the dispensations should continue to have effect or be extended.

The Deputy Monitoring Officer explained that there were a number of dispensations held on record which had been granted 10 years previously and letters had been sent to all Members to inform them of the recommendation that dispensations granted 10 years ago or more be discontinued. Members were asked to contact the Monitoring Officer or Deputy Monitoring Officer if they had any concerns about that proposal. The Committee were asked to consider and approve the removal of dispensations granted more than 10 years previously. 22. COMMITTEE MEMBERSHIP – VACANCY ON THE COMMITTEE

The Monitoring Officer introduced the report and commented on the vacancy on the Standards Committee for a lay member. He advised that the Fire Authority was also seeking to appoint a lay member to its Standards Committee which had presented an opportunity to consider jointly advertising for the appointment and the possibility of a joint appointment to reduce costs and provide greater prominence to the advertising campaign.

In response to the questions raised, the Monitoring Officer explained that the term of office for a lay member of the Committee was to be no less than four and no more than six years. Regulations required an appointment panel to be set up and specific criteria to be established for any lay member appointment to the Committee. During discussion it was suggested that a joint interview panel could be established with the Fire Authority comprising of the Chair of the Standards Committee in both the Council and the Fire Authority, a Community Councillor, a lay member, and the Chair of the Fire Authority. This would make, in total, two representatives from the Council, two representatives from the Fire Authority, and a lay person.

During a discussion the recommendation to seek agreement from the Fire Authority to jointly advertise with the Council for a lay member to the authorities' respective Standards Committees was approved, and the possibility of a joint appointment with the Fire Authority be explored. Councillor Patrick Heesom referred to the suggested joint interview panel and proposed that this also be approved which was seconded by Councillor Arnold Woolley.

In response to the comments made by Councillor Johnson concerning gender balance and membership of the Committee, the Monitoring Officer acknowledged the points raised and said he would speak to the communications team to seek a broad range of applicants for consideration.

He suggested that he circulate copies of the criteria approved by the Council for recruiting independent members to the Committee for information.

RESOLVED:

- (a) That agreement be sought from the Fire Authority to jointly advertise with the Council for a lay member to the authorities' respective Standards Committees, and the possibility of a joint appointment with the Fire Authority be explored; and
- (b) That a joint interview panel be established which comprised of the Chairs of the Standards Committees of the Council and the Fire Authority, a Community Councillor, a lay member, and the Chair of the Fire Authority.

The Monitoring Officer provided an update on the forthcoming visit of the Ombudsman, Mr. Nick Bennett, to the joint meeting of the Standards Committee and Town and Community Councils on 2 October 2017. He commented on the questions submitted for discussion to date and advised that Town and Community Councils had also been invited to put forward questions. The Monitoring Officer asked members of the Committee if they had any questions they wished to ask the Ombudsman. During discussion the following questions were raised:

- What is the effect of the filtering process on the Ombudsman's workload?
- What is the process for refusing to take up a complaint?
- Is there a right for referral or review?

The Monitoring Officer suggested the proposed reform of Town and Community Councils as an appropriate topic for debate at the joint meeting and this was supported by the Committee.

Councillor Arnold Woolley referred to the Welsh Government consultation on local election arrangements and suggested that this matter could also be given profile at the meeting if possible.

RESOLVED:
