EXECUTIVE SUMMARY

This report seeks Scrutiny Committee support to progress the next stages of the Council's Strategic Housing and Regeneration Programme (SHARP) and sets out proposals to develop 92 new social and affordable homes at the following sites:

- Nant y Gro, Gronant;
- Former Council Depot, Dobshell;
- Llys Dewi, Penyffordd (near Holywell).

The development of these sites for social and affordable housing is a strategic priority for the Council and the sites are pre-agreed for inclusion within the SHARP. This will bring the total number of properties approved by the Council to date at 293.

This report provides information on the proposed schemes, including location, proposed property types, design and layout and projected build costs. The report also identifies the preferred funding options and details the Development Scheme Assumptions against which the viability of the schemes are measured and assessed.

RECOMMENDATIONS

1	To support the development of 92 new social and affordable homes at Llys Dewi, Penyffordd, Nant y Gro, Gronant and the Former Council Depot, Dobshell.
2	To support the use of prudential borrowing to the value of £9.823M (subject

	to final approval and verification) to fund the proposed development of the new Council homes.
3	To support and recommend the use of affordable housing grant of £1.903m and shared equity reserves, shared ownership receipts and commuted sums of £1.722m in total to contribute to scheme costs.
4	To note proposals to develop 17 affordable properties by NEW Homes (subject to NEW Homes Board approval).

1.15	<p>This scheme requires an estate road which only has plots on one of its edges due to the awkward size and shape of the land available. This means that the infrastructure and drainage costs for this scheme are proportionately higher</p>														

	than for schemes where a carriageway serves properties on both sides of the road. However, undertaking these required infrastructure works will open up the rest of the site for additional future residential development.
1.16	The social rent properties will be developed by the Council's Housing Revenue Account (HRA). It is proposed that the affordable rent properties will be developed for NEW Homes subject to Board approval.
1.17	Flintshire House Standard
1.18	Properties and land associated with the schemes will all be designed to comply with the Council's Flintshire House Standard. Welsh Government's Development Quality Requirements (DQR) will also be incorporated in schemes where Affordable Housing Grant is applied. (to meet WG requirements)
1.19	Affordable Housing Need
1.20	<p>Appendix 4 summarises the housing need identified for each of the proposed schemes. This is based upon housing need data from a number of different sources to ensure that the proposed tenure and property mix for each scheme accurately reflects housing need within each community. The principle data sources are the following:</p> <ul style="list-style-type: none"> • Single Access Route to Housing (SARTH) - lists the number of applicants for social housing in Flintshire. • Flintshire Affordable Housing Register – list the number of applicants interested in affordable rent and low-cost home ownership schemes; • NEW Homes Housing Register – lists the number of applicants registered with the Council's housing company; • Specialist Housing Register- lists the number of applicants registered with the Council who require adapted or specialist housing.
1.21	Local Lettings Policy
1.22	A Local Lettings Policy will be developed by the Council for each of the proposed schemes.
1.23	Welsh Government Funding for Local Authority New build
1.24	<p>Welsh Government has made Housing Affordable Housing Grant (AHG) available to stock retaining Local Authorities who are developing new homes from 2018/19. Flintshire's indicative allocation is as follows:</p> <ul style="list-style-type: none"> • 2018/19 = £1.9m • 2019/20 = £1.2m <p>The grant covers up to a maximum of 58% of total scheme costs. It is a revenue grant which will cover 58% of the borrowing costs over 30 years. (Social Housing Grant available to Housing Associations for new build is a capital grant).</p>
1.25	The table below details the projected costs for each of the proposed schemes

and provides a provisional indication on the level of Affordable Housing Grant (AHG) and shared equity, reserves, shared ownership receipts and commuted sums which it is recommended is used for each of the proposed schemes. Viability is a key priority for both the Council and NEW Homes need to deliver a mixture of high quality development schemes in order to generate more income to fund future developments which meet the Council's and the company's priorities.

Scheme	Social	Afford.	Cost	Average cost p.u (pre grant)	Affordable Housing Grant (AHG)	Shared Equity / Shared Ownership / Commuted Funds	Council Borrowing
Nant y Gro, Gronant	37	4	£5.407m	£0.132m	£1.310m	£0.440m	£4.651m
Former Council Depot, Dobshill	15	9	£3.521m	£0.147m	£0.593m	£0.896m	£1.769m
Llys Dewi, Penyffordd	23	4	£4.084m	£0.151m	Nil	£0.386m	£3.403m
Total	75	17	£13.013m		£1.903m	£1.722m	£9.823m

1.26 The total projected HRA borrowing requirement will be £9.823m

The AHG grant is currently only available for HRA properties. Where required (and subject to Cabinet approval), the Council will consider the use of its shared equity, shared ownership receipts and commuted sum reserves to assist with funding affordable housing through the SHARP where conditions allow. The level of these reserves are currently at £2.276m however, £0.365m of this balance is restricted for use in certain areas of Flintshire and cannot be used on these sites. The recommendation included in this report is to use £1.722m of the allowable balance (£1.911m).

1.27 It is proposed to review the Development Scheme Assumptions periodically to ensure these remain prudent, but also that they do not become so demanding that genuine value for money schemes are deemed unviable.

1.28 **Affordable Homes Funding**

1.29 Currently NEW Homes is unable to bid for AHG under the existing Welsh Government funding regime. However, WG are minded to review this moving forward to enable companies such as NEW Homes to deliver more affordable housing in Flintshire. NEW Homes will work with the Council to assess the borrowing options available to it to develop the proposed homes it will own and manage in Batch 3. This will include options such as market lending, borrowing from the Council and borrowing against its existing asset base.

2.00 RESOURCE IMPLICATIONS

2.01	£11.8m HRA borrowing approval is available during 2018/19 for a council house building programme. The Financial Appraisal shows the combined HRA borrowing requirement of Batch 3 schemes at £9.823m.
2.02	All schemes continue to be reviewed in order to achieve best value for the Council. This has involved appointing Savills to undertake a mid-term review of the SHARP to ensure the Council continues to receive value for money for the Council in terms of construction costs, scheme design and layout and quality of the final product. The final report will be presented to Council Cabinet during the Spring for its consideration.
2.03	Land value
2.04	The three sites identified for development in this report have a restricted value for social and affordable housing of nil. The provision of social and affordable housing is one of a number of key strategic priorities for the Council, and it should be noted that, in the case of the former Dobbs Hill Depot site, this is identified as an exception site and therefore would only be considered for affordable and social housing.
2.05	In addition to the above, the provision of social and affordable housing also fulfils a wider strategic social need and mitigates the requirement to provide bed and breakfast accommodation where necessary, through the provision of such housing and the delivery of affordable units of accommodation for those families genuinely struggling to access housing.
2.06	Council Tax Yield
2.07	Appendix 5 details the projected total combined total annual Council Tax yield on each of the proposed schemes would be in the region of £117K.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	Each of the schemes have been discussed in depth with planners, highways officers and local elected members which have informed the current proposal.
3.02	A Community Consultation Event is also being planned for all of the other respective schemes as part of the statutory formal consultation process prior to a scheme being submitted to the Council for planning approval.

4.00	RISK MANAGEMENT
4.01	The Operational Risk Register is in place for the SHARP Housing Programme which is regularly updated in relation to emerging and changing risks. This is in addition to Project specific Risks and Strategic Risks.
4.02	The SHARP team continues to develop a framework for managing risk and opportunities the programme generates. Further work is on-going in order to improve the robustness in risk identification and management as part of the new CAMMS system which will contain Development Framework procedures.
