PATROL STRATEGY

KINGDOM

- Intelligence led deployment plans in place covering which areas need daily weekly and monthly attendance
- Patrols based on priority of both the council and intel. This continually adapts depending on what intelligence is received
- Daily discussion between Kingdom and the Council sharing intel on where to patrol
- We only enforce on private land in Flintshire that the land owner asks us to as per the local authorities request

Total FPN's Issued

KINGDOM

- 2016/17 – 4196 FPNs Issued

- 2017/18 – 3426 FPNs Issued

*Figures based from contract start to 30 April 2017 & 1st May 2017 to 30th April 2018 *

Behaviour Change

KINGDOM

- The Flintshire LEAMS report shows Flintshire **previously near the bottom** of the table but are **now midway**.
- The street scene officer for Buckley has stated that he now empties bins daily rather than a few times a week, confirming behaviour change by more people using the bins.
- We have delivered over 10,000 patrol hours and just by being visible we are educating and deterring far more than we are issuing FPN's to.
