Localities	20.679	20.163	-0.516		-0.616	The commissioned Older Peoples domiciliary and Direct Payment budget is expected to underspend by £0.757m based on current activity. There are recruitment and retention challenges within this service which is limiting the amount of care which can be purchased. The residential care budget is projecting a £0.324m overspend due to the cost of placements net of income such as Free Nursing Care, Regional Integration Fund contributions and property income. The Localities staff budgets are expected t0 underspend by £0.050m as not all staff are curently top of grade and some costs are to be recharged. The day care budget is underspending by £0.033m.	
Regional Integration Fund	0.000	0.086	0.086		0.000	The Step Down Regional Integration Fund (RIF) grant scheme which enables quicker hospital discharge times by placing older people into short term residential care before thay can safely return home has already spent its annual allocation. Costs will continue to be incurred and it is not expected that slippage from other RIF schemes will be available to offset the spend.	
Resources & Regulated Services	8.921	8.958	0.037		0.218	In-house residential care was previously reported to overspend by £0.218m due to staff and running costs. However, there has been an increase to the number of residents who contribute to the cost of their care resulting in the projected client contribution income to increase by £0.150m. In addition there are reduced costs for staff as there has been a decrease in holiday cover and sickness cover requirements.

Vacancies are minimised and additional temporary posts are sometimes required to meet the challenges and demands of Childrens Services. There is an assumption that Welsh Government will allow for flexible use of Childrens Services grants which will allow for some cost presures to be offset.

Central & Corporate Finance	28.769	27.838	-0.931		-0.231	Over recovery of planned pension contributions recoupement against actuarial projections based on the current level of contributions, as at Month 6 no new long or short term borrowing has been undertaken, due to the level of additional grant funding received from Welsh Government towards the end of the last financial year improving the cashflow position. This has therefore reduced the borrowing costs that would've been incurred and allowed the Council to maximise investments where possible to generate investment income. We have seen further return on investment as the bank rate has risen, resulting in a proportion of this favourable movement. It could potentially increase further in this financial year, should the pattern continue. Savings have also been identified on the Councils finance lease liabilities and Minimum Revenue Provision (MRP).
