

FLINTSHIRE COUNTY COUNCIL

**TREASURY MANAGEMENT
POLICY STATEMENT**

2023 – 2026

1.0 TREASURY MANAGEMENT POLICY STATEMENT

The Council defines the policies and objectives of its treasury management activities as follows: -

- 1.1 "The management of the Council's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
- 1.2 The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury management activities will focus on their risk implications for the Council, and any financial instruments entered into to manage these risks.
- 1.3 The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving value for money in treasury management, responsible investment, where possible and to employing suitable comprehensive performance measurement techniques, within the context of effective risk management.
- 1.4 The Council greatly values revenue budget stability and will therefore borrow the majority of its long-term funding needs at long-term fixed rates of interest. Short-term and variable rate loans will only be borrowed to the extent that they either offset short-term and variable rate investments or can be shown to produce revenue savings.
- 1.5 The Council will set an affordable borrowing limit each year in compliance with the *Local Government Act 2003* and will have regard to the *CIPFA Prudential Code for Capital Finance in Local Authorities* when setting that limit. It will also set limits on its exposure to changes to interest rates and limits on the maturity structure of its borrowing in the treasury management strategy report each year.
- 1.6 The Council's primary objectives for the investment of its surplus funds are to protect the principal sums invested from loss, and to ensure adequate liquidity so that funds are available for expenditure when needed. The generation of investment income to support the provision of local authority services is an important, but secondary, objective.
- 1.7 The Council will have regard to Welsh Government Guidance on Local Government Investments and will approve an investment strategy each year as part of the treasury management strategy. The strategy will set criteria to determine suitable organisations in which cash may be invested, limits on the maximum duration of such investments and limits on the amount of cash that may be invested with any one organisation.
- 1.8 The Council has adopted the 2021 edition of the Chartered Institute of Public Finance and Accountancy's Treasury Management in Public Services: Code of

Practice and its required clauses in section 2 below.

2.0 CLAUSES FORMALLY ADOPTED

CIPFA recommends that all public service organisations adopt, as part of their formal policy documents the following four clauses.

2.01 The Council will create and maintain, as the cornerstones for effective treasury management:

- a treasury management policy statement, stating the policies, objectives and approach to risk management of its treasury management activities
- suitable treasury management practices (TMPs), setting out the manner in which the Council will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.
- investment management practices (IMPs) for investments that are not for treasury management purposes.

The content of the policy statement, TMPs and IMPs will follow the recommendations contained in the Code, subject only to amendment where necessary to reflect the particular circumstances of the Council. Such amendments will not result in the Council materially deviating from the Code's key principles.

2.02 The Council will receive reports on its treasury and investment management policies, practices and activities, including, as a minimum, an annual strategy in advance of the year, a mid-year review and an annual report after its close, in the form prescribed in its TMPs and IMPs.

2.03 The Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to the Cabinet, and for the execution and administration of treasury management decisions to the Chief Finance Officer, who will act in accordance with the Council's policy statement, TMPs and IMPs, CIPFA's Standard of Professional Practice on Treasury Management.

2.04 The Council nominates the Governance and Audit Committee to be responsible for ensuring effective scrutiny of the treasury management strategy and policies.
