SPECIAL MEETING OF THE COUNCIL

Date of Meeting	Tuesday, 10 th May 2016
Report Subject	Referral of a call in decision from the Education & Youth Overview & Scrutiny Committee
Cabinet Member	Cabinet Member for Education & Youth
Report Author	Chief Officer (Governance)
Type of Report	Strategic

EXECUTIVE SUMMARY

The Cabinet decision (3255) relating to School Modernisation – School Standards and Reorganisation Act 2013 – Ysgol Maes Edwin was called in by five members and subsequently considered by the Education & Youth Overview & Scrutiny Committee. The call in meeting was held on 28th April. The details of the call in process are outlined within the report. The committee resolved on option 4, which is to refer the decision to the County Council.

The committee was made aware that the decision is an ‘executive decision’ and that referring it to Council would not alter the decision. Council may only consider the issue and make a recommendation to the Cabinet. The Cabinet is not bound to act on any recommendation which is made by Council.

The final decision on this issue will be made by the Cabinet at its meeting on 17th May 2016. At this stage of the statutory process Cabinet can only implement or reject the statutory notice of closure. If it wished to substitute an alternative course of action, such as federation, then afresh consultation process would be required,

RECOMMENDATIONS

1	That the Council considers the referral from the Education & Youth Overview & Scrutiny committee
2	That the Council acknowledges that any recommendation which it may choose to make on this issue is not binding on the Cabinet.
3	That the Council notes that the final decision on this issue will be made by the Cabinet at its meeting on 17 th May 2016.

REPORT DETAILS

1.00	EXPLAINING THE CALL IN PROCESS
1.01	<p>Members will be aware that following each meeting of the Cabinet, the record of decisions is published. Within five working days of the publication of the record of decisions, any four members acting together may initiate a call in of a Cabinet decision. The call in is then considered by the appropriate Overview & Scrutiny Committee.</p>
1.02	<p>At the meeting of the Cabinet which was held on 19th April 2016, a report School Modernisation – School Standards and Reorganisation Act 2013 – Ysgol Maes Edwin was considered. The recommendations of that report , which were approved were as follows:</p> <ul style="list-style-type: none">(a) Cabinet is requested to consider the responses from the statutory objection period for Ysgol Maes Edwin, Flint Mountain; and(b) Cabinet is requested to determine whether to implement the proposal for school organisational change at Ysgol Maes Edwin, Flint Mountain.
1.03	<p>The decision of the Cabinet, which was published as Record No 3255 is as follows:</p> <p><i>That Ysgol Maes Edwin be closed as of 31/0816 with pupils transferring to other schools in accordance with parental preference.</i></p>
1.04	<p>That decision was called in by Councillors Nigel Steele-Mortimer, Dave Mackie, Hilary Isherwood, Paul Cunningham and Vicky Perfect on the following grounds:</p> <p><i>The decision is against the best interests of the pupils, parents and staff of Ysgol Maes Edwin.</i></p> <p><i>We believe that this decision is not in the best interests of the children involved because it would mean that they would have to travel to schools which are outside their village and thus further away. Ideally, children should be able to walk to their school.</i></p> <p><i>Closing this school will impair or even destroy the vitality of the local community by removing the school which is at its centre. One such facilities go, economies of scale arguments tend to be made against for their return in any form.</i></p> <p><i>Rural areas, by their nature tend to have small schools. We know that their ability to attract more pupils is often hampered by house prices within those rural areas. Those house prices mean that our young people often have to leave the villages and gravitate towards the towns when they want to set up their own homes and start families. We believe that our rural and village schools need to be treated sympathetically to keep them, to prevent our villages becoming dormitories, rather than communities.</i></p>

1.05	The call in was heard by the Education & Youth Overview & Scrutiny Committee at the 10.00 meeting on Thursday 28 th April 2016. The agenda papers for that meeting are appended to this report.
1.06	In speaking in support of the call in, the initiators expressed their concerns at the reaction of neighbouring schools in not being more proactive and coming forward to help through a federation. It was suggested that within the powers available to the Council, federation should be forced. In relation to issues around future financing, it was opined that the Council should look at reducing funding to non-statutory services before looking at education which was a statutory service. There was also concern around future housing developments in both Flint and Northop Hall. Children from those developments would ensure the sustainability of the school but if it closed, it would have a negative impact on neighbouring schools. In addition, there was concerns at the travel time for pupils if their local school closed.
1.07	Questions were asked about whether additional teaching staff and extensions to school buildings would be required if the pupils from Ysgol Maes Edwin had to attend another school, therefore increasing pupil numbers and costs.
1.08	In responding to all the questions and concerns raised by Members, the Chief Officer (Education & Youth) explained outlined that all the concerns had already been responded to within the consultation document presented to Cabinet on 19 th April.
1.09	<p>Members may recall that at a call in meeting, there are four options available to the committee. These are</p> <p>Option 1: If, having considered the decision, the Overview & Scrutiny Committee is satisfied with the explanation which it has received, it will indicate as such, in order for the decision to be implemented.</p> <p>Option 2: If, having considered the decision, the Overview & Scrutiny Committee is 'no longer concerned', having received the explanations, but is not minded to indicate that it is 'satisfied with the explanation', then it is in order for the Committee to resolve that 'the explanation be accepted <u>but not endorsed</u> by the Overview & Scrutiny Committee'.</p> <p>Option 3: If, having considered the decision, the Overview & Scrutiny Committee is still concerned about it, then it may refer it back to the decision making person or body for reconsideration, setting out in writing the nature of its concerns. If referred to the decision maker then the decision maker shall then reconsider, at the earliest scheduled meeting, amending the decision or not, before adopting a final decision.</p> <p>Option 4: If, having considered the decision, the Overview & Scrutiny Committee is still concerned about it, then it may refer the matter to full Council. If referred to full Council, the Council shall meet to consider the referral within 10 working days unless there is a scheduled meeting of the full Council at which the matter may be considered within the expiry of a further 5 working days.</p>

1.10	Prior to making that decision, the committee was advised that the decision is an 'executive decision' and that a referral to Council could not alter the decision. The Council has power to consider the referral and to make comments on it but must then refer the issue back to the Cabinet. The decision on this remains with the Cabinet which is not bound to act on any recommendation which is made to it by Council.
1.11	Despite the assurances given by the decision makers, the choice of the Education & Youth Overview & Scrutiny committee was option 4, referral to Council.
1.12	Following consideration by Council, the Cabinet will reconsider this issue at its meeting on 17th May 2016 in the light of the call in and the referral to Council. The Cabinet will then make the final decision on the closure of Ysgol Maes Edwin, which will not be subject to any further call in.
1.13	At this stage of the statutory process the options open to Cabinet are limited. It can either agree to implement the statutory proposal to close the school or not. If Cabinet wished to further explore federation (noting that no federation proposals have been forthcoming to date) then it would need to reject the current statutory proposal and begin a fresh consultation on federation under the relevant regulations. This would run until approximately September and if a partner could be found then it would take effect 100 days after being approved (mid Spring term 2017).
1.14	Should federation not succeed then a fresh consultation (beginning in September and lasting around 7 months) would be required to close the school.

EXECUTIVE SUMMARY

To inform Cabinet of the responses from the statutory objection period for Ysgol Maes Edwin, Flint Mountain.

To invite Cabinet to determine on the statutory proposal for school organisational change at Ysgol Maes Edwin, Flint Mountain.

RECOMMENDATIONS

1	Cabinet is requested to consider the responses from the statutory objection period for Ysgol Maes Edwin, Flint Mountain.
2	Cabinet is requested to determine whether to implement the proposal for school organisational change at Ysgol Maes Edwin, Flint Mountain.

REPORT DETAILS

1.00	EXPLAINING SCHOOL ORGANISATIONAL CHANGE AT YSGOL MAES EDWIN, FLINT MOUNTAIN
1.01	In June 2015 Cabinet determined that we enter into formal consultation on closure and other school organisation options for Ysgol Maes Edwin, Flint Mountain by September 2016.
1.02	<p>The proposal was put forward on the basis of criteria laid down in the Council's School Modernisation Strategy, namely:</p> <ul style="list-style-type: none"> • Unfilled places across the primary school portfolio – Ysgol Maes Edwin, Flint Mountain as at January 2015 (PLASC) had 66 full time pupils with unfilled places of 13.16%. As of September 2015 the school population has 55 full time pupils with unfilled places at 27.63%; pupil numbers at January 2016, 39 full time pupils. • Diminishing resource criteria (i.e. schools supported by pupils not from their local community and/or small numbers within the community raise concern regarding sustainability within the school's portfolio) - 83.63% of pupils attending Ysgol Maes Edwin, Flint Mountain are not attending their local school (See Appendix 1); • Small School Criteria – The School population and capacity of Ysgol Maes Edwin, Flint Mountain is lower than national designation of a small school, additionally school numbers do not meet the minimum requirements of primary school models as noted in the Council's School Modernisation Strategy, and • Ysgol Maes Edwin, Flint Mountain is currently (July 2015) in Welsh Government categorisation 4, on a scale of 1 - 4, with 4 being the lowest for educational standards. The school has remained in the same category when the Welsh Government conducted their annual review (January 2016).
1.03	The formal consultation period for Ysgol Maes Edwin, Flint Mountain commenced on Wednesday 21 st October 2015 and ended on Wednesday 2 nd December 2015. The Council issued consultation documents in accordance with the statutory School Organisation Code.
1.04	The committee report and consultation report was considered by both Education and Youth Overview and Scrutiny 6 th January 2016 thereafter, Cabinet 19 th January 2016
1.05	Cabinet determined that a Statutory Proposal be issued for Ysgol Maes Edwin, Flint Mountain. This was published on 29 th January 2016 and ran until 26 th February 2016.
1.06	Under the School Organisational Code the Statutory Proposal for Ysgol Maes Edwin, Flint Mountain is determined by the Council's Cabinet, rather than Welsh Ministers.
1.07	Reviewing the future of any school is controversial and emotive. Pupils, parents, carers and teachers, past and present, have strong ties to local schools as part of their own life-stories. The Council is challenged with

	balancing the sensitivities of community feeling on the one hand, with providing a high quality primary education offer which can be sustained and afforded. The Council cannot avoid making decisions for the future which are in the best interests of pupils and students.
1.08	<p>During the objection period, the Council has received the following concerns in summary form:</p> <ul style="list-style-type: none"> • Concerns about children’s welfare, pupils have already transferred from other schools, bullying, unable to obtain a place in schools of their preference, loss of friendship, do not want a large school, concern about support, large class sizes. • Concern that parental preference was being taken away. • Concerns about the consultation process, data, new housing development, process unsettling to school community. • Impact on the community/future use of site should the school close. • Concerns that money already invested in the school. • Concern the Council did not allow enough time for the Governors to consider Federation. • Transport.
1.09	Responses also focussed on the strengths of the school, i.e. family atmosphere, small class sizes, happy children, good staff and teachers.
1.10	The Council would take all practicable steps to ease the transition for all pupils, most especially for vulnerable groups of learners such as Additional Learning Needs (ALN). Should the proposal be implemented the Council would work alongside pupils, their parents and the relevant schools to make appropriate transition arrangements for pupils to familiarise themselves with their new environments (subject to parental preference).
1.11	Applications from Ysgol Maes Edwin, Flint Mountain pupils wishing to transfer to other schools will be administered in line with the Council’s Admissions Policy. A mini admissions process will be administered to assist families in transition to other schools should Cabinet determine closure.
1.12	The Council needs to ensure there are a sufficient number of school places, of the right type, in the right locations. This is not straightforward in that there are a large number of surplus school places in some areas of the County, whilst other areas don’t have enough places to meet the local demand. In other areas, school populations are sustained by children and young people from outside the local area through parental preference. School Organisation change does not take away a parents ability to express a preference for a school of their choice.
1.13	It is the Council’s view that there is sufficient capacity within the local school network to accommodate pupils from Ysgol Maes Edwin should it close. Estyn have commented <i>that ‘The local authority has given a clear rationale for the proposed expected benefits when compared with the status quo in relation to finance, surplus places and the continuity and progression in pupils’ learning.’</i>

1.14	School organisation consultation documents are subject to rigorous compliance checks prior to their publication, which includes verifying information provided by the schools and national sources (see Appendix 1- Compliance Statement).
1.15	The Council has fully considered school capacity and potential housing development yield within its consultation documents. Data regarding potential pupils which could be generated from new housing developments is calculated using a housing yield formula. The housing yield formula has been derived from research work from a partnering authority. This was applied to all current housing development planning applications approved by the planning authority.
1.16	The housing yield figures produced are a maximum figure and do not take into account parental choice and/or pupil movement i.e. pupils moving into the new homes but who are already in the local education system.
1.17	The pace of housing developments will be constrained by the plans of the site owners/developers, the housing market, current economic climate and other factors which are unpredictable.
1.18	The community impact assessment has identified the impact of closure on a small number of local families and on the local community. The loss of the school would impact on a small number of community activities taking place and the range of community facilities within Ysgol Maes Edwin, Flint Mountain.
1.19	The Council has no preconceived plans for the use of the school site should the school close. In line with established practice, future usage of the school site will only be determined following confirmation that the school site is no longer required for educational purposes.
1.20	Most pupils at Ysgol Maes Edwin, Flint Mountain are not attending their nearest school. For a small number pupils currently living in Flint Mountain the distance travelled would increase, however this would not be in excess of the learner travel guidelines. The distance from Flint Mountain village to Ysgol Owen Jones, Northop is under 2 miles, it is likely that pupils in the Flint Mountain area would be eligible for transport under the criteria that the route to their new schools would be considered as hazardous.
1.21	Under the Regulations, Governors have had powers to federate since 2010. The Council has considered and discounted the option of federation within its consultation documents. At the time of writing, the Governing body of Ysgol Maes Edwin has not been able to identify a willing partnering school or schools with which to pursue a federation. There is no prospect of federation.
1.22	Estyn has provided its statutory response to the consultation. It is Estyn's view that this proposal is likely to at least maintain the present standards of education provision in the area. They noted that consultation documentation appropriately set out the advantages of the proposal, which include the efficient and effective use of resources; a reduction of unfilled pupil places within the primary school network; at least maintaining the current standards and the quality of education in the area; and the

	reduction in travel to school for the majority of pupils should they choose their local school.
--	---

2.00	RESOURCE IMPLICATIONS
2.01	There is sufficient staff capacity to prepare the detailed transition plans for pupils.
2.02	Should the current proposals be implemented, the Council will work with the current members of staff at Ysgol Maes Edwin, Flint Mountain including teaching and support staff, should they seek redeployment opportunities. Staff displaced by the proposal may have the opportunity to be employed in the local primary network.
2.03	The estimated annual costs of transport as a result of the proposal are £9,120. However, actual transport costs can only be assessed once all families have a school place confirmed at an alternative school.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	No further consultations are required as part of the School Organisation Code.

4.00	RISK MANAGEMENT
4.01	A Programme Board is set up to oversee the implementation business plans and manage risks in close detail. Reports are made to Cabinet and Overview and Scrutiny at key stages of decision-taking, performance reporting and evaluation.

Compliance Statement in Relation to the Current School Proposals

Introduction: School Organisation:

The School Organisation Code imposes requirements and provides guidelines in respect of all school organisation proposals in Wales.

For all of the current school organisation proposals the School Modernisation Team have planned the consultations, decision making and statutory notices in line with what the Code requires.

Consultation Process Timescales:

RAG Status: GREEN

The Schools Modernisation Team are required to ensure that timescales are adhered to in relation to school organisation proposals.

The timescale and process for consultation, decision making and statutory notice for the current school proposals have been checked and verified with Flintshire County Council Legal Team and through external verification through the Welsh Government Officers.

Welsh Government Consultation Documentation Checklist.

RAG status: GREEN

In the case of all school organisation proposals, the consultation document **must** contain certain information in line with School Organisation Code, July 2013 (Document number: 006/2016).

A RAG checklist has been produced by Welsh Government School Governance & Organisation Branch for the current school organisation proposals. The RAG checklist document follows a colour coding system in order to highlight any missing information or areas which Welsh Government felt could have been dealt with more thoroughly.

Ysgol Llanfynydd and Ysgol Maes Edwin proposals have all been assessed by the external Welsh Government Officers as having no concerns identified.

Flintshire County Council Consultee Checklist:

RAG status: GREEN

When bringing forward statutory proposals the School Organisation Code provides a full list of consultees that the proposer should consult with during the statutory process. An internal checklist has been produced by the School Modernisation Team to assess if the required statutory consultees have been identified.

Ysgol Llanfynydd and Ysgol Maes Edwin consultee checklist have all been assessed by the external Welsh Government Officers as having no concerns identified.

Appendix 2

Verification of Data in the Consultation Document:

RAG status: GREEN

The School Modernisation Team uses the latest verified data at the time of constructing the consultation documents:

- School pupil numbers and more detailed information around pupils (for example Additional Learning Needs, English as an Additional Language and School action/school action plus/statemented) are obtained from the schools own statistical returns (September or January)
- Estyn data is obtained from the schools last Estyn inspection. Timing of inspections will depend on Estyn's own inspection cycle.
- National Welsh Government categorisation data, is based on the school returns. The Council use the most up to date data at the time of document construction from the Welsh Government website. Welsh Government update their national data base annually.
- GwE (The Regional School Improvement Service) data is fed into the Welsh Government's national categorisation system.
- The Welsh Government's national Measuring Capacity of Schools in Wales forms are verified by Head teachers, this provides the School Capacity and Admission Number.
- Unfilled places are recorded by Welsh Government; the Council provide its returns to Welsh Government annually; they are also based on official school returns.
- Birth Information by area is obtained from the Office of National Statistics
- Pupil projections are aligned with the methodology as neighbouring Authorities with North Wales
- Housing development information is based on actual current housing applications provided from the Planning Officers.
- Potential pupils which may be generated from new housing developments is calculated using a formula providing by a partnering Authority (Conwy CBC) who derive the formula based on the latest census returns.
- Pupil teacher ratios are provided by publically available statistics on a school (<http://mylocalschool.wales.gov.uk>), provided by Welsh Government and is updated on an annual basis.
- Foundation Phase and Core Subject Outcomes are provided by publically available statistics on a school (<http://mylocalschool.wales.gov.uk>), provided by Welsh Government is updated on an annual basis
- School Building condition information is provided by an external company who compare the school building condition against the building bulletin for Primary and Secondary schools
- Backlog maintenance information is provided by through independent consultants Property Condition Surveys are undertaken on a 5 year cycle.

Priority Codes [definition] are as follows:-

Priority 1: Urgent work required to be undertaken within 1 year

Priority 2: Essential work required to be undertaken within 2 years

Priority 3: Desirable work [deemed as] required to be undertaken within 3 to 5 years

Priority 4: Long term work [deemed as] required to be undertaken outside the 5 year [cycle] period

Appendix 2

The element Total 1 - 3 defines a five year financial investment and element 4 defines a six - ten year financial investment.

Work items are costed by the Consultant and include for preliminaries, labour, plant and materials etc. These costs are based on the current building cost information service [BCIS] provided by the Royal Institute of Chartered Surveyors, [RICS] as the leading provider of cost and price information within the construction and maintenance areas. These costs [Unit Rates] are present within the condition survey software to a default figure and amended/updated as required by the Consultant. The budget costings are exclusive of VAT, updated annually [using inflation indices] and reviewed post completion of work.

- School suitability information is provided from Suitability surveys undertaken independently in line with DfE Asset Management guidance and reviewed by FCC officers and amended if work has been completed at schools post initial survey.
- School Budgetary Work is conducted using agreed formula as per the School budget forum. Cost per pupil data is obtained from the Authority's section 52 budget statements.
- Travel distances between school sites is provided by the Flintshire County Council mapping system Route Finder 3.41
- Transport costs are provided by the infrastructure unit who administer home to school transport contracts.

Conclusion

As outlined during the consultation process, the proposal to close Ysgol Maes Edwin, Flint Mountain from 31st August 2016 with pupils transferring to nearby schools requires the approval of the Local Authority Cabinet Members. This Objection Report alongside a copy of all the Objections, a copy of the consultation document; a copy of the consultation report; and a copy of the published notice will be forwarded to Cabinet Members for determination.

Estyn response to the proposal to close Ysgol Maes Edwin, Flint Mountain, with pupils transferring to other schools in the local area subject to parental preference.

This report has been prepared by Her Majesty's Inspectors of Education and Training in Wales.

Under the terms of the School Standards and Organisation (Wales) Act 2013 and its associated Code, proposers are required to send consultation documents to Estyn. However Estyn is not a body which is required to act in accordance with the Code and the Act places no statutory requirements on Estyn in respect of school organisation matters. Therefore as a body being consulted, Estyn will provide their opinion only on the overall merits of school organisation proposals.

Estyn has considered the educational aspects of the proposal and has produced the following response to the information provided by the proposer and other additional information such as data from Welsh Government and the views of the Regional Consortia which deliver school improvement services to the schools within the proposal.

Introduction

The proposal is by Flintshire County Council.

The proposal is to close Ysgol Maes Edwin, Flint Mountain from 31st of August 2016 with existing pupils transferring to other schools in the local area, subject to parental preference.

Summary

The proposal is part of Flintshire County Council's School Modernisation Strategy, which aims to ensure that there are a sufficient number of school places, of the right type, in the right locations.

It is Estyn's opinion that the proposal is likely to at least maintain the current standards of education in the area.

Description and benefits

The local authority has given a clear rationale for the proposed expected benefits when compared with the status quo in relation to finance, surplus places and the continuity and progression in pupils' learning.

The proposal clearly defines the expected benefits of the proposal which link well to the stated purpose and rationale. The local authority has provided sufficient evidence to show that the plan is likely to at least maintain the standard of education in the Flint Mountain, Flint and Northop area.

The proposal notes appropriately the advantages of the proposal, which include the efficient and effective use of resources; a reduction of unfilled pupil places within the primary school network; at least maintaining the current standards and the quality of education in the area; and the reduction in travel to school for the majority of pupils should they choose their local school.

The proposer has identified appropriately the disadvantages to the current proposal, which focus on the impact of the closure of Ysgol Maes Edwin on the staff currently employed at the school, the end of English medium primary provision in the village of Flint Mountain and the increase in travel time for a few pupils who live in this village.

The local authority has provided clear evidence to show that it has considered other alternatives to this current proposal. These include maintaining the status quo and federating Ysgol Maes Edwin with another local school. They have demonstrated clearly the advantages and disadvantages of each option and the reasons for their preferred option.

The proposer has suitably considered the impact of the proposal on pupil travel arrangements. It intends to support home to school travel in line with the council's transport policy. It further recognises that the proposal will potentially result in reduced travel for most pupils currently attending Ysgol Maes Edwin. However, the proposer recognises that the travel time would increase for a few pupils living in Flint Mountain, but this would not be in excess of the pupil travel guidelines.

The proposer has appropriately shown how the proposal will affect surplus places by providing pupil numbers and surplus places in 2015 for schools in the area.

The proposal appears to have taken appropriate account of the impact of the proposal on the Welsh language and the accessibility of Welsh medium provision in accordance with parental choice.

The proposer has considered reasonably well the impact of the proposals on the quality of the outcomes, provision and leadership and management at Ysgol Maes Edwin, Ysgol Gwynedd, Cornist Community Primary School and Ysgol Owen Jones. The proposer has considered the outcomes of the most recent Estyn inspection reports and each school's categorisation in relation to the National School Categorisation system on the quality of leadership and pupil outcomes. The proposer's summary of outcomes for all four schools is clear and compares appropriately with local, national and family of schools averages. However, the proposer has not commented on comparisons with similar schools based on entitlement to free school meals.

With the exception of Ysgol Owen Jones, Estyn inspected the other three schools between January 2014 and February 2015. The judgements for the current performance and prospects for improvement were judged as good for these three schools. Estyn inspected Ysgol Owen Jones in May 2010 and judged six out of the

seven key questions as grade 2, with one being judged as grade 1. The local authority has also evaluated each school's performance in relation to the National School Categorisation System. Under the system, schools will be in one of four standards groups (1 to 4), with schools in standards group 1 demonstrating very good overall performance and those in standards group 4 demonstrating the greatest need for improved performance. Ysgol Maes Edwin is currently in standards group 4, Ysgol Gwynedd in standards group 2 and both Cornist Community Primary School and Ysgol Owen Jones in standards group 1.

The proposer has appropriately considered the likely impact of the proposals on standards, wellbeing and curriculum delivery. The proposer reasonably asserts that the proposal would not impact unfavourably on the current standards and provision at Ysgol Gwynedd, Cornist Community Primary School and Ysgol Owen Jones.

The proposer has undertaken an appropriate equality impact assessment, which considers the impact of the proposal on vulnerable groups including those with a disability or special educational needs.

FLINTSHIRE COUNTY COUNCIL

CABINET RECORD OF DECISION

DATE OF MEETING: **19 APRIL 2016** **AGENDA ITEM NO. 9**

REPORT OF: **Chief Officer (Education and Youth)**

SUBJECT: **SCHOOL MODERNISATION - SCHOOL
STANDARDS AND REORGANISATION ACT 2013 -
YSGOL MAES EDWIN**

- RECOMMENDATIONS OF REPORT:**
- (a) Cabinet is requested to consider the responses from the statutory objection period for Ysgol Maes Edwin, Flint Mountain; and
 - (b) Cabinet is requested to determine whether to implement the proposal for school organisational change at Ysgol Maes Edwin, Flint Mountain.

DECISION: That Ysgol Maes Edwin be closed as of 31/08/16 with pupils transferring to other schools in accordance with parental preference.

REASON FOR DECISION: As in the report.

**CONSULTATIONS
REQUIRED/CARRIED OUT:** No further consultations are required as part of the School Organisation Code.

RESOURCE IMPLICATIONS: There is sufficient staff capacity to prepare the detailed transition plans for pupils.

Should the current proposals be implemented, the Council will work with the current members of staff at Ysgol Maes Edwin, Flint Mountain including teaching and support staff, should they seek redeployment opportunities. Staff displaced by the proposal may have the opportunity to be employed in the local primary network.

The estimated annual costs of transport as a result of the proposal are £9,120.

However, actual transport costs can only be assessed once all families have a school place confirmed at an alternative school.

CHIEF OFFICER GOVERNANCE

We believe that this decision is not in the best interests of the children involved because it would mean that they would have to travel to schools which are outside their village and thus further away. Ideally, children should be able to walk to their school.

Closing this school will impair or even destroy the vitality of the local community by removing the school which is at its centre. One such facilities go, economies of scale arguments tend to be made against for their return in any form.

Rural areas, by their nature tend to have small schools. We know that their ability to attract more pupils is often hampered by house prices within those rural areas. Those house prices mean that our young people often have to leave the villages and gravitate towards the towns when they want to set up their own homes and start families. We believe that our rural and village schools need to be treated sympathetically to keep them, to prevent our villages becoming dormitories, rather than communities.
