#### Procedural Note on the conduct of meetings

The Chair will open the meeting and introduce themselves.

The meeting will be attended by a number of Councillors. Officers will also be in attendance to present reports, with Democratic Services officers acting as hosts of the meeting.

All attendees are asked to ensure their mobile phones are switched off and that any background noise is kept to a minimum.

All microphones are to be kept muted during the meeting and should only be unmuted when invited to speak by the Chair. When invitees have finished speaking they should go back on mute.

To indicate to speak, Councillors will use the chat facility or use the electronic raise hand function. The chat function may also be used for questions, relevant comments and officer advice and updates.

The Chair will call the speakers, with elected Members addressed as 'Councillor' and officers addressed by their job title e.g. Chief Executive' or name. From time to time, the officer advising the Chair will explain procedural points or suggest alternative wording for proposals, to assist the Committee.

If and when a vote is taken, the Chair will explain that only those who oppose the proposal(s), or who wish to abstain will need to indicate, using the chat function. The officer advising the Chair will indicate whether the proposals are carried.

If a more formal vote is needed, this will be by roll call – where each Councillor will be asked in turn (alphabetically) how s/he wishes to vote

At County Council and Planning Committee meetings speaker's times are limited. A bell will be sounded to alert that the speaker has one minute remaining

The meeting will be live streamed onto the Council's website. A recording of the meeting will also be available, shortly after the meeting at <u>https://flintshire.public-i.tv/core/portal/home</u>

For minute number 69

Strategic Policy Advisor (Fiona Mocko) and Andrea Powell - Director of Programmes (Deputy Chief Executive) of Community Foundation in Wales

**IN ATTENDANCE**: Head of Democratic Services and Democratic Services Officers

#### 65. DECLARATIONS OF INTEREST

On Agenda Item 6 - Flintshire Community Endowment Fund - Annual Report, the Chairman declared a personal interest as he was a member of the grants committee.

#### 66. <u>MINUTES</u>

The minutes of the meeting held on 11 February 2021 were approved, as moved and seconded by Councillors Paul Shotton and Haydn Bateman.

#### RESOLVED:

That the minutes be approved as a correct record.

#### 67. ACTION TRACKING

The Head of Democratic Services presented the report on progress with actions arising from previous meetings.

As requested by Councillor Richard Jones, the letter to Welsh Government seeking additional support for Out of County Placements would be circulated once it had been finalised.

The recommendation was moved and seconded by Councillors Geoff Collett and Joe Johnson.

#### RESOLVED:

That the Committee notes the progress which has been made.

#### 68. FORWARD WORK PROGRAMME

In presenting the report, the Head of Democratic Services reminded Members that all Overview & Scrutiny Committee meetings in April would be cancelled to provide support to the Elections. As there were no items currently scheduled for the next meeting of the Committee on 13 May, the Chairman had agreed that a briefing on Social Values could be held on that date. An indicative forward work programme for the 2021/22 municipal year would be shared at the June meeting.

Councillor Richard Jones requested an early item on the Poverty theme within the Council Plan, which was now under the remit of this Committee. The Head of Democratic Services advised that this would be scheduled for June or July, together with an update on the North Wales Economic Ambition Board. In response to Councillor Jones' request for items on service balances within the budget and reasons for earmarked reserves, the Corporate Finance Manager said that this additional information would be incorporated into the revenue budget final outturn report to be received in June.

The recommendations were moved and seconded by Councillors Kevin Rush and Geoff Collett.

#### RESOLVED:

- (a) That the Forward Work Programme be approved; and
- (b) That the Head of Democratic Services, in consultation with the Committee Chairman, be authorised to vary the Forward Work Programme between meetings, as the need arises.

#### 69. FLINTSHIRE COMMUNITY ENDOWMENT FUND - ANNUAL REPORT

The Strategic Policy Advisor introduced the annual report on work undertaken by the Community Foundation in Wales in managing the Flintshire Community Endowment Fund (the Fund) on behalf of the Council. The report also provided an update on the performance of the Clwyd tripartite Welsh Church Act Fund (Clwyd WCAF). Members were introduced to Andrea Powell - Director of Programmes (Deputy Chief Executive) of the Community Foundation in Wales - who gave a presentation covering the following:

- Community Foundation Wales update
- Fund History and Overview Flintshire Community Endowment Fund/Tri-partite Welsh Church Act Fund
- Financial performance
- Summary of grants awarded
- Case studies
- The future

Since the previous report and as a direct response to the national emergency, Community Foundation Wales had awarded over £5m worth of grants to more than 1,000 individuals and organisations across Wales. The Council's website would be updated with regard to information on the three funds available specifically to Flintshire residents - Flintshire Community Endowment Fund, Flintshire Welsh Church Act Fund and the Hawarden and District Relief in Need Fund.

Councillor Richard Jones said that promotion of the correct information would help elected Members to raise awareness amongst communities. Andrea Powell provided details on eligibility relating to schools. Contact details and presentation slides would be shared with the Committee.

In response to questions from Councillor Paul Shotton, clarification was given on the approach to investment management to maximise returns. Members were also informed about the promotion of funds through the website and various forms of social media.

When asked by Councillor Carolyn Thomas about help for community groups to apply for grants, Andrea Powell confirmed that the Flintshire Local Voluntary Council was represented on the grants panel. Whilst the limited amount of funding presented a challenge, alternative funding streams were identified where possible.

Clarification was also given to Councillor Joe Johnson on funding for Church and community groups setting up foodbanks during the pandemic.

The recommendation was moved and seconded by Councillors Geoff Collett and Paul Shotton.

#### RESOLVED:

That Members support the work of the Community Foundation in Wales on behalf of the Council.

#### 70. REVENUE BUDGET MONITORING 2020/21 (MONTH 9)

The Finance Manager presented a report on the revenue budget monitoring position for the Council Fund and Housing Revenue Account (HRA) at Month 10 prior to consideration by Cabinet. The report reflected the budget position at the close of the financial year if all things remained unchanged and took into account the latest position on Welsh Government (WG) Emergency Grant funding announcements.

On the Council Fund, the projected year-end position - without new actions to reduce cost pressures and improve the yield on efficiency planning - was an operating surplus of  $\pounds 0.924$ m, leaving a projected contingency reserve balance of  $\pounds 2.339$  at the end of the financial year. This projection excluded the impact of the pay award to be met by reserves. The main reasons for the favourable movement of  $\pounds 0.552$ m from month 9 were set out in the report.

An update was provided on the key financial risks and additional risks on free school meals and severe weather impact, together with the position on the achievement of planned in-year efficiencies as detailed in the report. On unearmarked reserves, it was noted that negotiations with WG were ongoing on the eligibility of some grant funding claims.

On the HRA, a projected underspend of  $\pounds$ 1.642m would leave a closing unearmarked balance of  $\pounds$ 3.651m, which was above the recommended guidelines on spend.

Councillor Richard Jones raised concerns about the implications of the lesser contribution by Betsi Cadwaladr University Health Board (BCUHB) towards joint-funded care packages; he said that agreements should be challenged to avoid the Council identifying mitigating measures to accommodate such losses. The Finance Manager described the process for agreeing joint funding arrangements and the challenges on accurate projections for budget purposes. The Corporate Finance Manager said that more information on the reason for the difference could be determined and shared at the next meeting.

On significant movements, Councillor Jones asked that Hardship Fund claims in Streetscene & Transportation be separated for future reports. He also asked about the perceived increase in risk which had led to an additional contribution for corporate bad debt provision. The Chief Officer (Governance) explained that the position had been impacted by decisions taken on the safety of debt enforcement due to the national emergency. The Corporate Finance Manager said that it was prudent for the Council to set aside sufficient contributions as part of the year-end accounting process.

Speaking in support of Councillor Jones' concerns on joint-funded care packages, Councillor Ian Roberts cited increased costs of care providers as a factor. He suggested that the Committee may wish to request a more detailed report on the matter.

The Chairman suggested that it was appropriate to refer the topic to the Social & Health Care Overview & Scrutiny Committee.

Councillor Banks thanked officers for the positive report. On the requests for carry forward of funding, he commended the work of the teams in Revenues and Internal Audit throughout the emergency situation.

The Chief Officer (Governance) also paid tribute to those involved in ensuring a positive year-end outturn on the budget, despite the emergency situation.

As an update on emergency funding announcements, the Corporate Finance Manager confirmed that the Council had recently received two amounts of £1.181m for the recent WG announcements on unachieved savings and digital transformation and that this would improve reserves for the year end. In addition, further announcements by WG on funding for schools were expected.

Councillor Jones proposed Councillor Roberts' suggestion that the Committee look at joint-funded care package agreements in more detail including the sharing of risks arising from increased provider costs. He said that this was a funding issue and was therefore under the remit of this Committee.

The Head of Democratic Services spoke in support of the Chairman's view and advised that the matter should be considered by the Social & Health Care Overview & Scrutiny Committee.

Councillor Roberts said that as a finance issue, this was best considered by this Committee. On that basis, Councillor Jones moved the proposal and was seconded by Councillor Bateman.

#### RESOLVED:

- (a) That having considered the Revenue Budget Monitoring 2020/21 Month 10 report, the Committee confirms that there are no specific matters to be reported to Cabinet; and
- (b) That the Committee consider how the difference between the BCUHB expected and actual contribution for joint funded packages has arisen as soon as possible.

#### 71. <u>REVIEW OF THE CORPORATE COMPLAINTS POLICY</u>

The Chief Officer (Governance) introduced the report on the new Concerns and Corporate Complaints Policy for the Council, which was based on a model complaints handling procedure for public service providers in Wales.

The Customer Contact Service Manager explained that changes to the Complaints Policy made greater use of trends with a reporting timetable established to share performance data and identify changes to improve service delivery. A new Managing Customer Contact Policy was also shared to provide clear guidance on managing unacceptable behaviour from customers to protect the workforce. Both policies were to be implemented and published from 1 April 2021.

Councillor Mullin welcomed the policies which would provide clear guidance to customers and protection for employees.

On the performance timetable, Councillor Richard Jones proposed that the report be received by the Committee half-yearly - in line with that of Cabinet and Audit Committee - rather than annually. As requested, the model guidance would be shared with the Committee following the meeting.

In response to a question from the Chairman, the officers provided clarification on the process for dealing with a complaint where an officer fails to respond to an enquiry.

Councillor Jones' proposal was seconded by Councillor Haydn Bateman.

#### RESOLVED:

That the Committee:

- (a) Supports the implementation of the Concerns and Complaints Policy from 1 April 2021;
- (b) Supports the implementation of the Managing Customer Contact Policy from 1 April 2021;
- (c) Notes the performance timetable as outlined in paragraph 1.15 of the report; and
- (d) Receives reports on a half-yearly rather than annual basis as indicated in the report.

#### CORPORATE RESOURCES OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday 10 June, 2021
Report Subject	Forward Work Programme
Report Author	Head of Democratic Services
Type of Report	Operational

#### EXECUTIVE SUMMARY

Overview & Scrutiny presents a unique opportunity for Members to determine the Forward Work programme of the Committee of which they are Members. By reviewing and prioritising the Forward Work Programme Members are able to ensure it is Member-led and includes the right issues. A copy of the Forward Work Programme is attached at Appendix 1 for Members' consideration which has been updated following the last meeting.

The Committee is asked to consider, and amend where necessary, the Forward Work Programme for the Corporate Resources Overview & Scrutiny Committee.

RECO	MMENDATION
1	That the Committee considers the draft Forward Work Programme and approve/amend as necessary.
2	That the Head of Democratic Services, in consultation with the Chair of the Committee be authorised to vary the Forward Work Programme between meetings, as the need arises.

## REPORT DETAILS

1.00	EXPLAINING THE FORWARD WORK PROGRAMME
1.01	Items feed into a Committee's Forward Work Programme from a number of sources. Members can suggest topics for review by Overview & Scrutiny Committees, members of the public can suggest topics, items can be referred by the Cabinet for consultation purposes, or by County Council or Chief Officers. Other possible items are identified from the Cabinet Work Programme and the Improvement Plan.
1.02	<ul> <li>In identifying topics for future consideration, it is useful for a 'test of significance' to be applied. This can be achieved by asking a range of questions as follows:</li> <li>1. Will the review contribute to the Council's priorities and/or objectives?</li> <li>2. Is it an area of major change or risk?</li> <li>3. Are there issues of concern in performance?</li> <li>4. Is there new Government guidance of legislation?</li> <li>5. Is it prompted by the work carried out by Regulators/Internal Audit?</li> <li>6. Is the issue of public or Member concern?</li> </ul>
1.03	At the March meeting, it was reported that the officers would be meeting to prepare an outline forward work programme for consideration by the Committee. During subsequent discussions, it was agreed the work of the committee comprised five major strands: Strategy; Finance; Performance; Partnerships and Regulatory. Some of the meetings had clear focus on a particular strand, which is shown on the attached. Forward Work programme.

2.00	RESOURCE IMPLICATIONS
2.01	None as a result of this report.

#### CORPORATE RESOURCES OVERVIEW AND SCRUTINY COMMITTEE

Date of Meeting	Thursday 10th June 2021
Report Subject	Recovery Strategy Update
Cabinet Member	Collective Cabinet
Report Author	Chief Executive
Type of Report	Strategic

#### **EXECUTIVE SUMMARY**

Wales, and the North Wales region, is now in a second phase of recovery from the Covid-19 pandemic.

This Committee has received regular reports on the response to, and recovery from the pandemic over a series of meetings.

Council, at its recent Annual Meeting, appointed a new Recovery Committee to guide our second phase of recovery. As part of its role this new Committee will refer risks and issues to the respective Overview and Scrutiny Committees to review in detail as part of their forward work programmes.

This short report explains the Terms of Reference of the new Recovery Committee and sets out the updated corporate objectives being recommended for this second phase of recovery.

Verbal updates will be given at this meeting on progress with recovery for governance, finance and workforce as an interim report.

RECOMMENDATIONS	
1	That the Committee notes the report and awaits guidance from the Recovery Committee on risks and issues to review in more detail within its Terms of Reference as part of its forward work programme.

1.00	RECOVERY STRATEGY AND GOVERNANCE		
1.01	Wales, and the North Wales region, is now in a second phase of recovery from the Covid-19 pandemic.		
1.02	This Committee has received regular reports on corporate risk management and mitigation, and the progress in achieving our corporate recovery objectives over a series of meetings. The set of corporate recovery objectives has been reviewed and updated and the following wil be recommended to the Recovery Committee for adoption:-		
	Overall Organisational Recovery		
	<ol> <li>To ensure the financial resilience and sustainability of the organisation in budget planning for 2022/23 and the medium-term;</li> <li>To make a managed transition to a new operating model for working arrangements for the workforce;</li> <li>To continue to protect the health and well-being of the workforce;</li> <li>To continue to maintain good governance;</li> <li>To restore public access to, and participation in, democratic meetings;</li> <li>To continue to ensure organisational business continuity, and contingency planning for unforeseen developments with the pandemic'.</li> </ol>		
	<u>Finance</u>		
	<ol> <li>To ensure the financial sustainability of the organisation;</li> <li>To continue to maximise national assistance from the hardship fund and other government funding;</li> <li>To continue to recover and restore income to target levels;</li> <li>To continue to recover and restore debt to target levels;</li> <li>To maintain reserves and balances at levels that meet our needs.</li> </ol>		
	<u>Workforce</u>		
	<ol> <li>To ensure that the legal and ethical duties of the employer continue to be met in recovery;</li> <li>To continue to restore and protect the well-being of the workforce over time;</li> <li>To agree and implement a new operating model and working arrangements which maximise the use of technology and digital workplace solutions;</li> <li>To continue to review opportunities for organisational re-design based on the learning from the emergency response and recovery phases.</li> </ol>		

	Governance
	<ol> <li>To restore collection rates of Council Tax, NNDR, Sundry Debt and housing rents to target levels;</li> <li>To complete the transition to a settled model for modern meetings;</li> </ol>
	<ol> <li>To restore accessibility to, and participation by, the public in member meetings;</li> </ol>
	<ol> <li>To continue to support and expand digital means of service delivery.</li> </ol>
	Service Recovery
	<ol> <li>To ensure the business continuity of all services ;</li> <li>To meet the specific recovery objectives for each portfolio as set out in their respective business recovery plans;</li> <li>To plan the full recovery of services against any backlogs and temporarily reduced performance standards;</li> <li>To ensure that contingency planning is in place should there be a return to a third phase of response.</li> </ol>
	Community Recovery
	<ol> <li>To protect the health and well-being of local communities;</li> <li>To support and protect the most vulnerable in society;</li> <li>To support the recovery of communities and build their resilience;</li> <li>To support the economic recovery of communities and local business sectors.</li> </ol>
	Regional Recovery
	<ol> <li>To fully engage with the regional recovery strategy and as a member of the regional Recovery Co-ordinating Group;</li> <li>To effectively manage the local implementation of the regional <i>Prevention and Response</i> strategy for the pandemic;</li> <li>To effectively manage the local operation of the <i>Test, Trace and Protect</i> programme;</li> </ol>
	<ol> <li>To play a full part in the planning and delivery of partnership programmes e.g. the vaccination programme.</li> </ol>
1.03	The Recovery Committee will refer risks and issues to this Committee to review in detail in the areas of governance, finance, workforce and regional partnership working.
1.04	The Terms of Reference of the Recovery Committee as approved by Council are set out below:-
	Recovery Committee – Terms of Reference
	1. Role
	1.1 To re-set the recovery objectives for the whole organisation and for each of the service portfolios.

1.2 To overview recovery against those objectives.

1.3 To refer issues to the Cabinet and the Overview and Scrutiny Committees for detailed review/planning.

1.4 To help give assurance to the public and partner organisations on our local planning.

1.5 To carry out its role, the committee will be given access to the following tools and resources:

- Local objectives and targets
- Local recovery strategies and portfolio business plans
- Internal risk registers with mitigation actions
- Regional plans and strategies
- National plans and strategies

1.6 It is intended that the Recovery Committee will operate for the 2021/22 municipal year only.

#### 2. Form & composition

The Committee will be politically balanced and will consist of sufficient places to ensure that all political groups on the Council are represented.

#### 3. Substitutes

Substitutes will be permitted where Members of the Committee are unable to attend. Notice must be given to the Committee officer in advance of the meeting.

#### 4. Quorum

#### CORPORATE RESOURCES OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday, 10 <sup>th</sup> June, 2021
Report Subject	End of Year Performance Monitoring Report
Cabinet Member	Deputy Leader for Governance and Cabinet Member for Corporate Management and Assets
Report Author	Chief Executive
Type of Report	Operational

#### EXECUTIVE SUMMARY

Flintshire County Council Reporting Measures 2020/21 were identified by portfolios and approved by Cabinet in September 2020.

The Committee has both areas of corporate performance within its terms of reference, and this report presents the annual out-turn of performance against those measures identified for 2020/21 relevant to the Corporate Resources Overview & Scrutiny Committee. As the Overview & Scrutiny Committee with overall responsibility for performance, the complete outturn report for all portfolios is attached at Appendix 1.

This out-turn report for the 2020/21 Reporting Measures shows that 67% of the performance indicators have met or exceeded their targets. Where performance can be measured against last year there has been a 52% downturn in trend, with 43% of measures improving on last year's performance and 5% maintaining stable performance.

This report is an exception-based report and concentrates on under-performance against target.

RECOMMENDATIONS	
1.	That the Committee consider the End of Year Performance Monitoring Report to monitor areas of under performance and request further information as appropriate.
2.	To be assured by explanations given for underperformance, which in the main are explained by the interruption of the pandemic.

## REPORT DETAILS

1.00	EXPLAINING THE PERFORMANCE AT YEAR END 2020/2021
1.01	The year-end performance monitoring reports provide explanation of the progress being made toward the agreed measures set out in the Flintshire County Council Reporting Measures 2020/21.
	These measures were approved by Cabinet after targets for 2020/21 were re- assessed for forecasted performance due to the disruptions caused during the response phase of the pandemic.
1.02	This report is an exception-based report and concentrates on under- performance against in-year targets.
1.03	Monitoring our Performance
	Analysis of performance against the performance indicators is undertaken using the RAG status. This is defined as:
	RED - under-performance against target.
	<ul> <li>AMBER - where improvement may have been made but performance has missed the target.</li> </ul>
	GREEN - positive performance against target.
1.04	Analysis of current levels of performance against target shows the following:
	• 41 (67%) have achieved a green RAG status
	<ul> <li>12 (20%) have an amber RAG status</li> </ul>
	<ul> <li>8 (13%) have a red RAG status</li> </ul>
1.05	The performance indicator (PIs) which shows a red RAG status for current performance against target relevant to the Corporate Resources Overview & Scrutiny Committee is:-
	Chief Executives Team - Corporate Finance Percentage of income target achieved A review of fees and charges was undertaken in October 2020 and increases implemented where possible. The impact of the pandemic on Council Services has meant that there has been a reduction in levels of income this year.

	An explanation of the report headings		
	<ul> <li>Measures (Key Performance Indicators - KPIs) Baseline Year – As a new indicator, a target has not been established. This will be monitored and targets established for the following year. End of Year Target – The target for this end of year as set at the beginning of the year. Current RAG Rating – This measures performance for the year against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target. Trend – Trend arrows give an impression of the direction the performance is heading compared to the previous year: <ul> <li>A 'downward arrow' always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire). </li> </ul></li></ul>

Welsh Government statutory target has been achieved. Due to COVID restrictions, and the increase in working from home, including home refurbishments, waste and recycling tonnages have increased overall. However the increase in residual waste has offset any benefit from increases in recycling. Also, the impact of the Household Recycling Centres being closed during lockdowns has adversely impacted performance.

National lockdown measures meant non-essential journeys were discouraged. Household Recycling Centres remained open when possible with appropriate measures. A decrease in footfall in January and February meant less waste brought to site.

The ongoing development of the Quality Bus Partnership has been put on hold. Transport For Wales are undertaking a Network review across North Wales with a report due in May 2021.

The Councils progress on the revision of LTA's has unfortunately been hindered by the recent COVID-19 pandemic and therefore, it has not been possible to obtain representative patronage data. That said, following the easing of the initial travel restrictions work has recommenced to review the current LTA's in place. The current LTA arrangement in Holywell will be replaced with a Fflecsi service in May 2021.

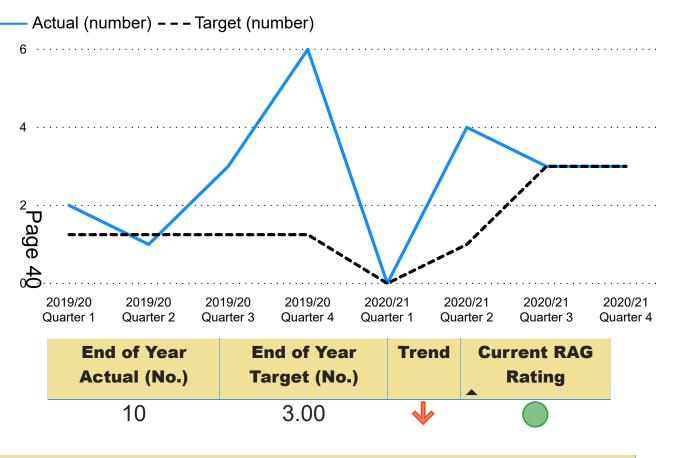

Every Highway Authority is required to inspect 10% of all repairs before the end of this guarantee period, but the Council inspect more than required to promote best practice and avoid future costs. If any defects are identified during the inspection the Utility are required to carry out the required remedial works, preventing the Authority from being burdened with the future repair costs. During the pandemic Streetscene Officers have continued to deliver services throughout. The percentage of inspections has reduced during this period, however the number undertaken is still significantly higher than the statuary requirement and these inspections have been complemented with an appointed contactor carrying out additional technical inspections. Inspections are allocated on a weekly basis, and therefore in order to provide a meaningful and reflective report, the data provided for guarter four are inspections generated in guarter three.

Essential frontline services continued to be delivered throughout the pandemic, some services such as grass cutting, garden waste collections and household recycling centres were suspended in the early period of response. All services were resumed in early summer 2020 and have continued to operate throughout the rest of the year.

Due to the increase in dog fouling a press release was issued in February to raise awareness of the issues and a reminder about the issuing of Fixed Penalty Notices. Campaigns were carried out in the following areas, Muirfield, Linderick Sunningdale and Aberllanch (Buckley), these were completed in January 2021. Since January 2021 foot patrols in all areas across Flintshire have been increased and officers are speaking with owners/residents on a daily basis and are carrying stickers and dog bags for distribution. Data is being collated and shared regarding hot spot areas, number of weekly visits and details of how many interactions with owners.

### **Streetscene and Transportation - Portfolio Measures**

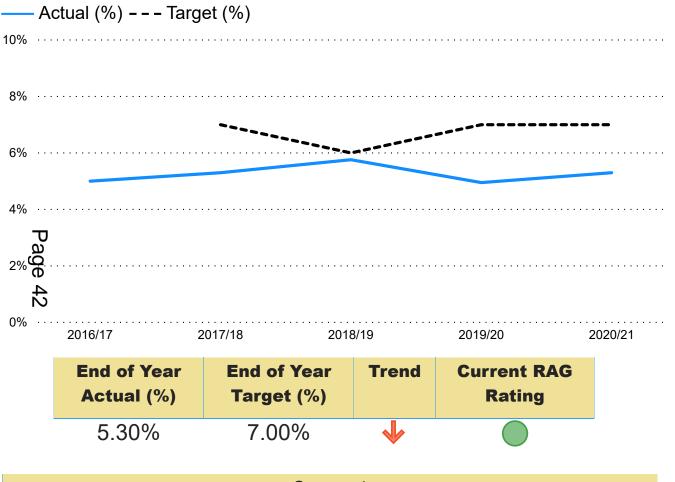

Welsh Government Scanner Data received in September 2020 shows a similar level of the length of 'A' roads deemed to be in a poor conditions to the previous year. This may be as a result of reduce usage during the initial period of the pandemic, and the annual level of investment in the highway network being below the level required to maintain a steady state. However, national data continues to show that the roads within Flintshire have one of the lowest proportion in poor condition.

Welsh Government Scanner Data received in September 2020 shows a similar level of the length of 'B' roads deemed to be in a poor conditions to the previous year. This may be as a result of reduce usage during the initial period of the pandemic, and the annual level of investment in the highway network being below the level required to maintain a steady state. However, national data continues to show that the roads within Flintshire have one of the lowest proportion in poor condition.

Welsh Government Scanner Data received in September 2020 shows an increase in the length of 'C' roads deemed to be in a poor conditions. This is a result of the annual level of investment in the highway network being below the level required to maintain a steady state, despite any reduction in the usage during the initial stages of the pandemic. However, national data continues to show the roads within Flintshire have the lowest proportion in poor condition.

As a result of the COVID pandemic, it has not been possible to follow this up with schools beyond the training provided in March 2020. This will now move as an action to the 2021-2022 plan.

The pandemic has adversly impacted education, employment and training opportunities for young people leaving statutory education in 2020. Officers have paid particular attention to mental health and wellbeing, offering a range of support to individuals and their families. A broader range of alternative education packages have been sought to promote engagement and the development of relevant skills to facilitate the successful transition into further education, training or employment.

Of the 45 young people above school age open in the quarter, the majority were offered Education, Training and Employment. 65% were accessing more than 16 hours per week. The Youth Justice Service has an Education worker who supports all young people who are not accessing the full provision, and is able to offer alternatives to mainstream school or college through training courses and apprenticeships. This ensures that all young people referred to the services are assessed in terms of their educational provision at the point of entry.

Attendance in schools was limited due to the COVID restrictions which has naturally impacted on the levels of exclusion from schools. Work has continued to support an overall reduction once pupils return to school. This includes changes to central services and processes to support earlier identification and intervention for pupils and increased capacity for the Counselling Service. Schools have also been offered a range of training to support an increased focus on wellbeing and engagement.

The level of permanent exclusion has reduced overall due in essence to the closure of schools during the pandemic. There were a number of pupils who had been permanently excluded just prior to periods of lockdown and officers ensured that they were allocated educational provision pending the resumption of the statutory processes which were paused by Welsh Government.

In line with Welsh Government COVID-19 guidance, the childcare offer was suspended. The funding has been used to support pre-school children of keyworkers, identified vulnerable children or those with additional needs, and also to support 5-8 year olds in summer play schemes.

No target set - Due to the suspension of the scheme, no providers contributed to the childcare offer.

Whilst t	he pandemic has resulted	d in significant disruption	n to educatior	over the last twelve mon	iths, The	additional workload pressu	res placed on schools by	y the pandem	ic has affected the level o	of progress				

Whilst the pandemic has resulted in significant disruption to education over the last twelve months, schools in Flintshire have continued where possible to access professional development and plan for the implementation of the new curriculum. The summer 2020 INSET day set aside for planning for the new curriculum was however cancelled. Secondary schools can now also use the summer 2021 curriculum INSET day for work related to centre determined grades for GCSE and A Level qualifications.

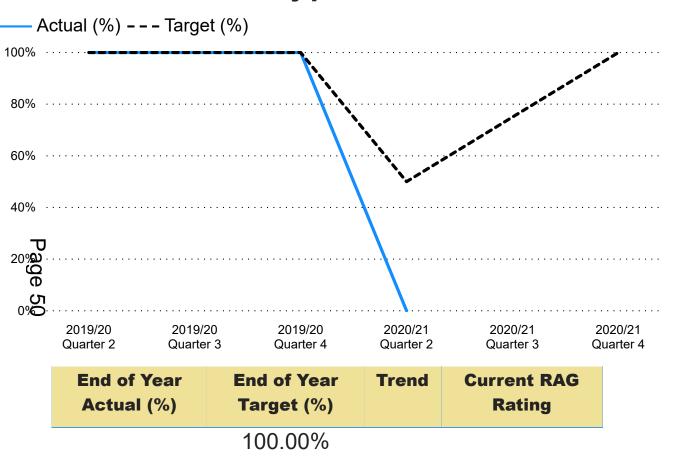

The additional workload pressures placed on schools by the pandemic has affected the level of progress recorded against the milestones. The level of engagement from schools in the training and Additional Learning Needs Transformation cluster and Forum meetings indicates a higher level of preparedness than the percentage indicates. The recent publication of the operational Code (April 2021) will enable the Council and schools to finalise their approaches ahead of implementation in September 2021.

The number of First Time Entrants to the criminal justice system in Flintshire has fallen in 2020. There is a robust early intervention process that supports young people who are at risk of offending. Young people who have come to the notice of the police for low level anti-social behavior are referred to the Youth Justice Service, and they and their families are contacted with an offer of support. The use of Out of Court disposals enables a full assessment and bespoke intervention to be carried out. This approach diverts young people away from the courts process and deters further offending. Youth Service are developing plans to increase this number during 2021/22 but numbers are not yet confirmed.

Council Tax collection levels for 2020/21 were impacted significantly by the COVID-19 pandemic. As a result, in-year collection levels have fallen by 0.9% or £852k in monetary terms. To support taxpayers through the pandemic and restrictions, measures remain in place to offer longer term payment agreements and to re-commence recovery action against those residents who fail to pay or engage. Additional financial support from Welsh Government to cover the majority of in-year council tax collection losses has also helped to mitigate the financial position.

NDR collection levels for 2020/21 were impacted significantly by the COVID-19 pandemic and the temporary closure of many businesses impacted by the restrictions, even though increased numbers of businesses gualified for the temporary 100% rate relief for Retailers, Leisure and Hospitality providers. As a result, in-year collection levels have fallen by 0.2% against the target. To support businesses through the pandemic and restrictions, measures remain in place to offer longer term payment agreements and to re-commence recovery action against those businesses who fail to pay or engage.

Rent Collection levels for 2020/21 were impacted by the COVID-19 pandemic. Rent arrears for 2020/21 closed at £1.854m compared to £1.815m in the previous year - an overall rise in arrears of £39k. Rent evictions remained on hold throughout the year as a result of Welsh Government Regulations to protect and support tenants. Measures remain in place to offer longer term payment agreements and to recommence recovery action against those tenants who fail to pay or engage.

The abandonment rate increased in quarter four but remains below target which is positive especially given a 37.43% increase in calls offered to the service compared to quarter three. The overall annual abandonment rate is 6.36% which is an improvement on the previous year where the abandonment rate was 13%.

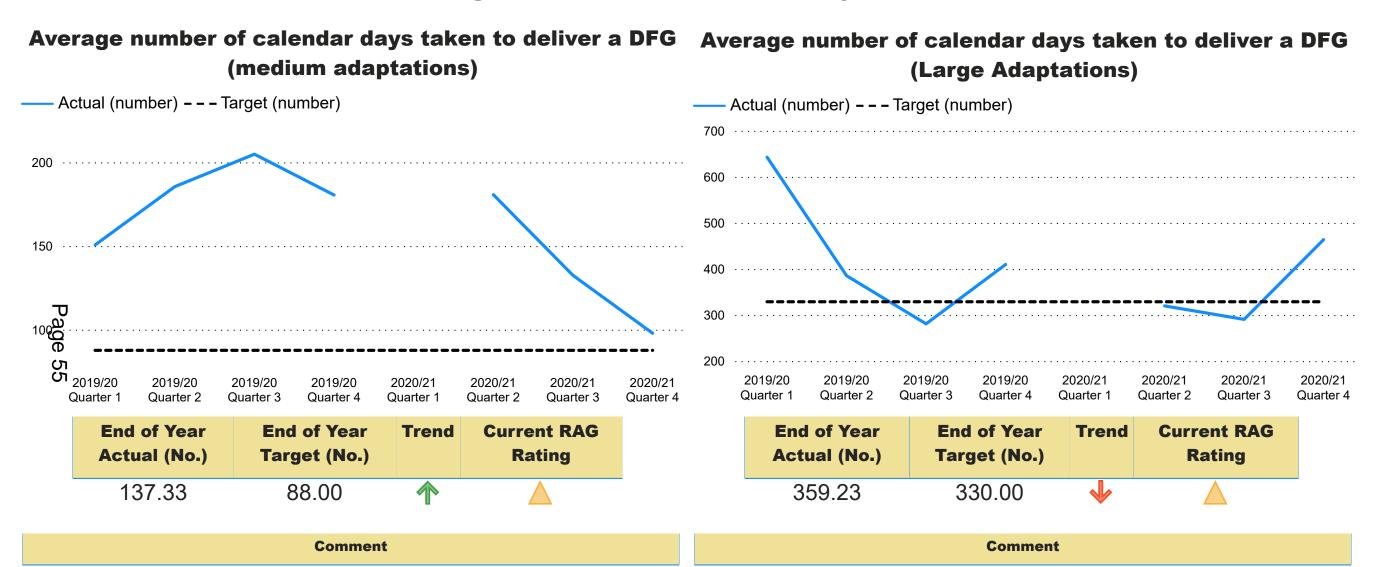

Despite a 29.84% increase in calls to Housing and Streetscene services during quarter four (compared to quarter three), the Contact Centre answered 90% of all calls offered which exceeds the target set. The overall call answer rate for the year is 93.64% and an improvement compared to the previous year of 87%.

The number of new subscriptions to My Account continues to increase and has exceeded the target for this year.

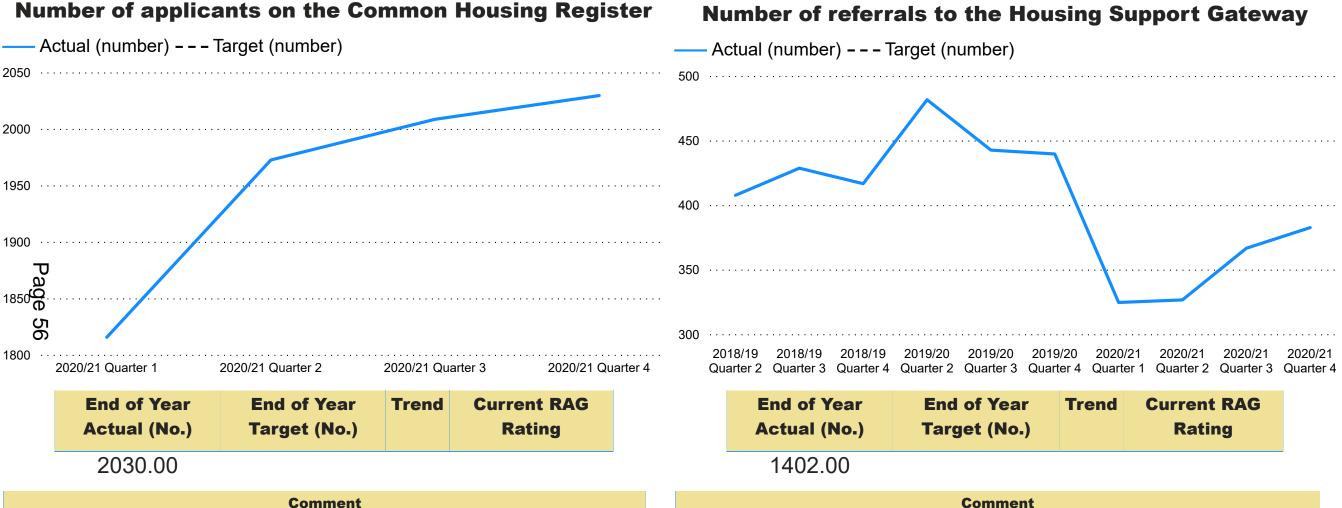

Customers can apply, request, report and pay for a range of Council services online. Over 79,000 enquiries were received in 2020-21 which is a significant increase compared to the previous year and exceeds the target set for the year by 32%. The highest percentage of online enquiries relate to Streetscene services e.g. waste and recycling, garden waste payments and also business grants which were new in 2020 and in response to COVID-19.

All chargeable services can be paid on-line by debit and/or credit card or by Pay Pal.

The lockdown restrictions have had an effect on current works. Consideration for the safety of all staff, customers and contractors is paramount. However, majority of works have now re-started and we hope to get back on track to delivery within our timescales as set out in the Housing Service Standards.

No target set - Demand and eligibility for social housing through the Common Housing Register has increased during the course of the year. Numbers of applicants on the Common Housing Register are up approx. 29% from 1578 in the previous year. The increase is consistent with growing housing needs and hardship during the COVID period. Reduced supply of social housing throughout the year and increasing demand accounts for the large increase across the year and will have an impact on applicants waiting times for rehousing.

No target set - Demand for housing related support services has increased during the course of the year but is still down on the previous year. There are significant unknowns in regards to the medium term impact of COVID on people incomes, households' debts, health and overall welfare and it is likely that demand for housing related support will increase in the coming year. Flintshire's Housing Support Grant funding from Welsh Government has been significantly increased, enabling us to develop further service capacity in anticipation of forthcoming pressures

No target set - Presentations to the Homeless Team is down 11.4% on the previous year. National interventions such as the closure of courts for possession proceedings, evictions ban, furlough scheme, extended notice periods for those who rent, rental and mortgage holidays, have all been positive protections for residents to mitigate risks of increased homelessness during the coronavirus health pandemic. It is however anticipated that levels of presentations and pressures relating to homelessness will increase as these interventions and lockdown measures are eased.

### Percentage of households successfully prevented from becoming homeless

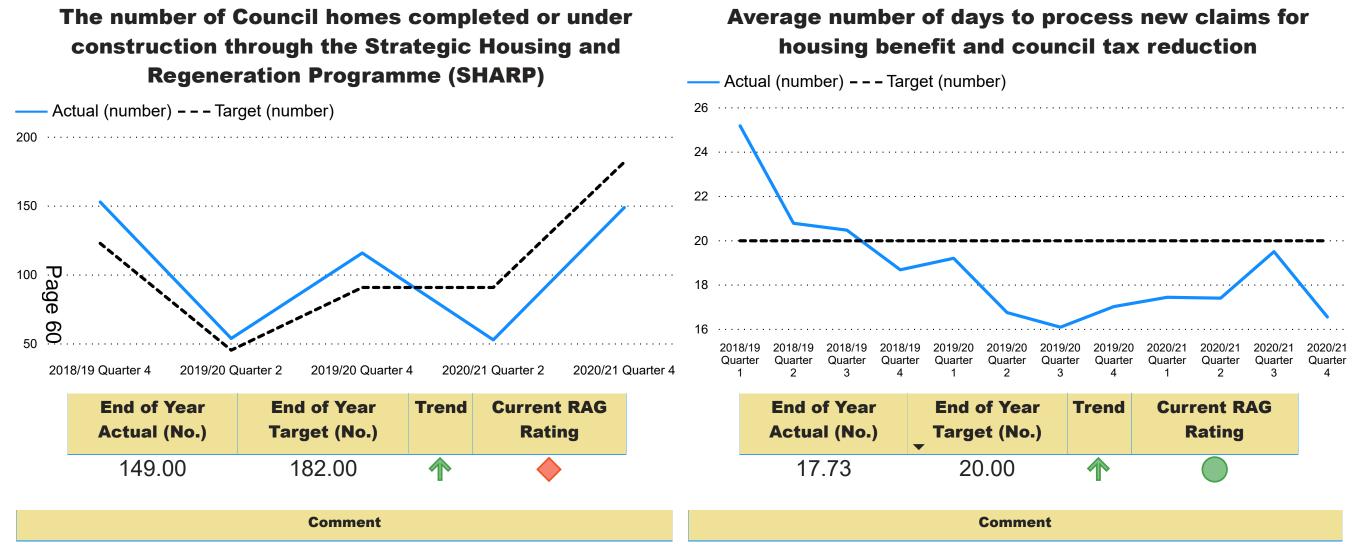

Throughout the year there were 183 cases where positive intervention by the Council helped people to avoid homelessness. Despite efforts to prevent homelessness this is not always possible and there are 22 cases where homelessness has occurred because prevention activities have failed. There are significant protections during the COVID period in regards to housing such as the evictions ban, extended notice periods that have reduced the number of cases where households are at risk of homelessness. Measures such as the furlough scheme have also helped reduces risks of homelessness. As these protections are lifted there is a greater risk of homelessness and the service is increasing capacity for housing support and homeless prevention.

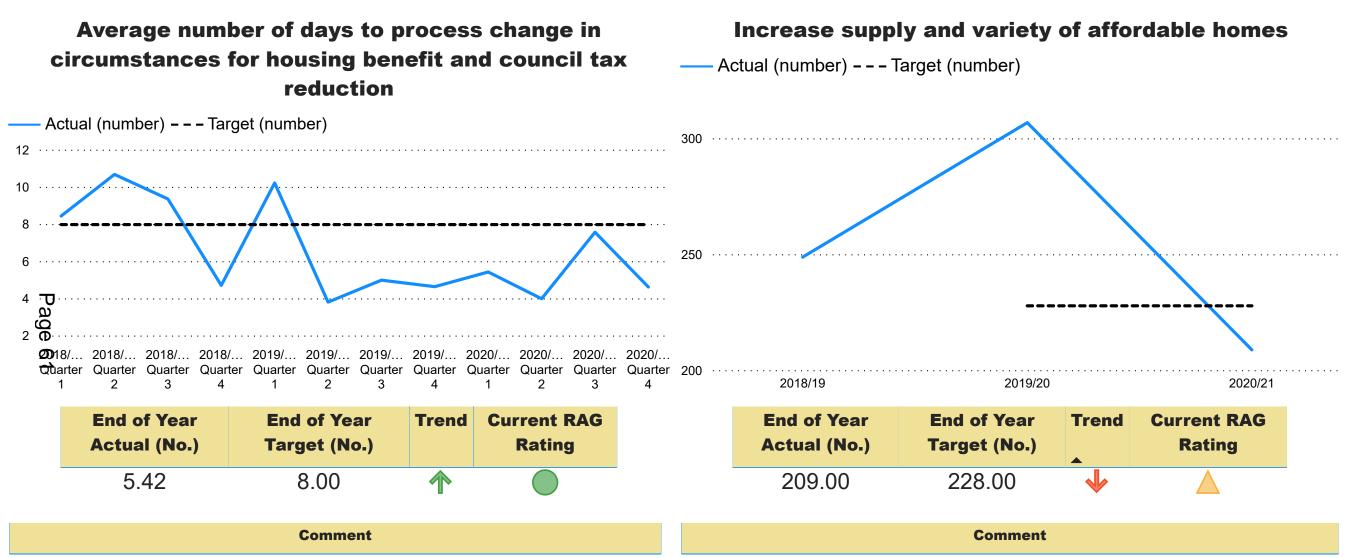

Target exceeded by 17 additional homes. Future targets to be based on NEW Homes Business Plan Planning Permissions and availability funding.

The target has been achieved for this measure. The majority of the properties completed for this year were two bedroom apartments and houses. Several three bedroom family homes were also delivered for Flint. Future developments will be conditional on the availability of building land and funding.

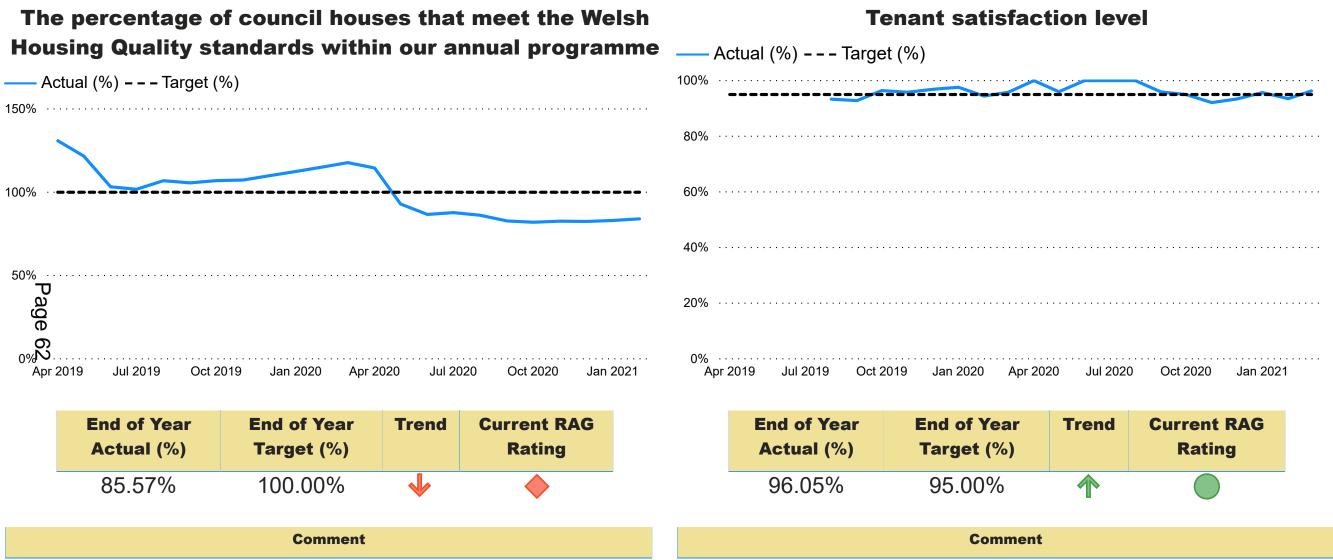

Whilst the target has not been achieved for this measure, we have delivered 149 properties and over half of these are family homes. This is a great achievement considering the difficulties with ensuring COVID site safety throughout the year and the impact of lockdowns.

Performance target has been met each quarter for 2021/22. Due to the COVID Pandemic and the effect this had on the economy, work volumes increased. The team have been able to meet performance through overtime, TOIL and agency staff.

Performance target has been met each quarter for 2021/22. Due to the COVID Pandemic and the effect this had on the economy, work volumes increased. The team have been able to meet performance through overtime, TOIL and agency staff.

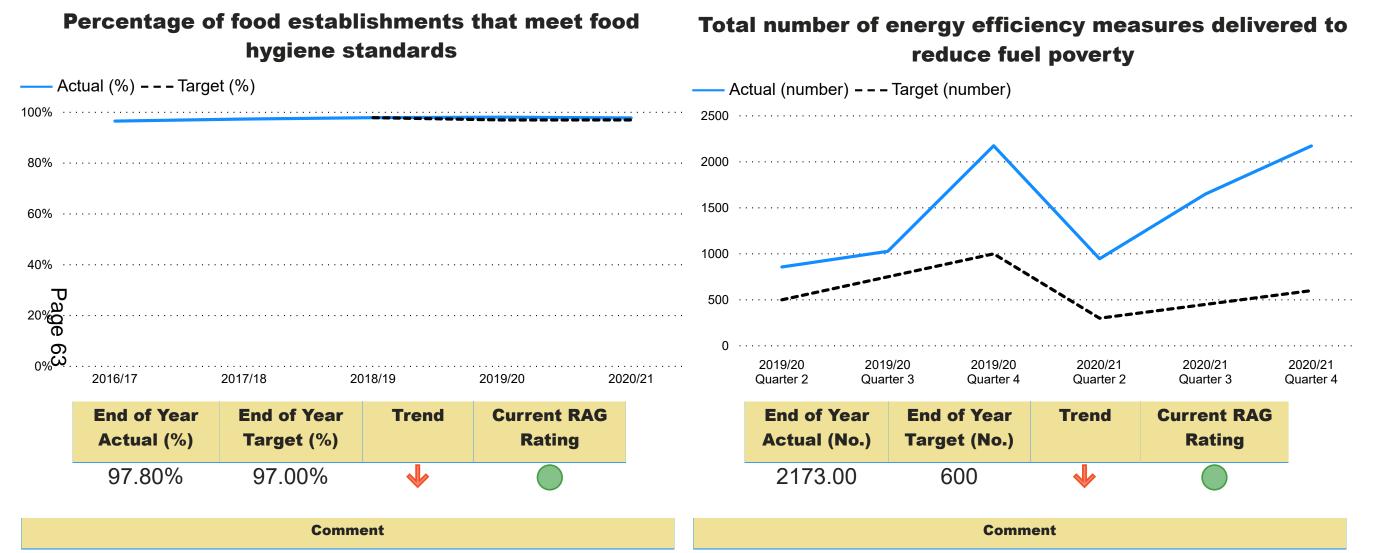

A total of 209 additional affordable homes were provided in Flintshire in 2020/21. Partner Housing Associations (Registered Providers) delivered a total of 125 (60%) additional affordable Homes in Flintshire. These combined with the 84 additional affordable homes (40%) delivered by the Council/NEW Homes give a grand total of 209 affordable homes. Amber performance attributable to Flintshire County Council (FCC)/NEW Homes falling short of 100 unit target by 16 units (FCC Shortfall 13 NEW Homes 3).

Due to the ongoing COVID-19 pandemic, many of the Contractors the Council had procured to deliver the Welsh Housing Quality Standard (WHQS) Capital Programme were furloughed. This delayed the completion of the 2019-2020 financial years' work (Year Five) and the commencement of the 2020-2021 financial years' work (Year Six). We were able to commence and mobilise WHQS Programmes of work from July and as a result we started to receive hand overs for completed works in quarter three of the 2020-2021 financial year. Due to the ongoing COVID-19 pandemic, many of the Contractors the Council had procured to deliver the Welsh Housing Quality Standard Capital Programme were furloughed.

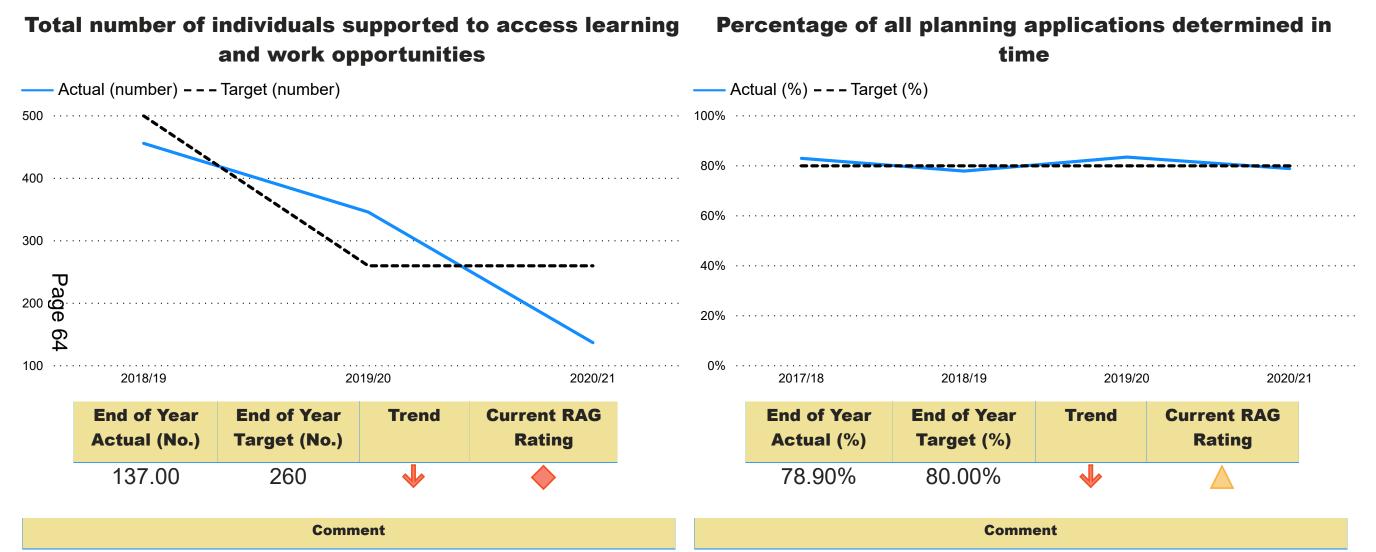

This is has impacted on our tenant satisfaction surveys and the ability to complete these with the tenant face to face with our Tenant Liaison Officers.

Our satisfaction results for our Welsh Quality Housing Standards (WHQS) refurbishment programmes ended positively with an overall average of 97%. This is an excellent result given the restrictions placed upon the Council and its Contractors who were working in our tenants homes during this difficult time.

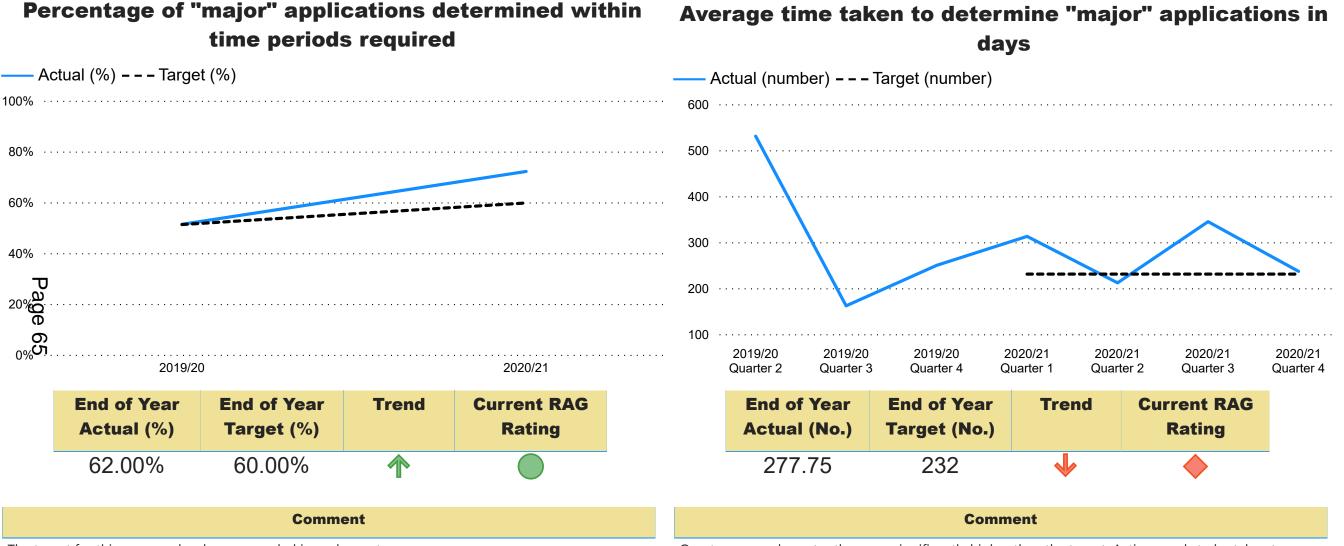

Due to the requirements on the service to respond to the COVID-19 pandemic, a lower level of food hygiene inspections have been undertaken. While the level of Broadly Compliant premises has remained above the target of 97%, this is in part due to businesses not having been inspected and so there was no change to their food hygiene rating. The service is concerned as to the effect of the pandemic on compliance levels within food businesses and on the number of new businesses that require inspection which will impact on next year's figures.

These measures are actual installs funded from various sources available to the team to reflect the maximum benefit to the resident both financially and emotionally who find themselves in fuel poverty. The numbers are less than our target for this quarter due to over achieving last quarter and throughout the year. However the target for the year has been exceeded.

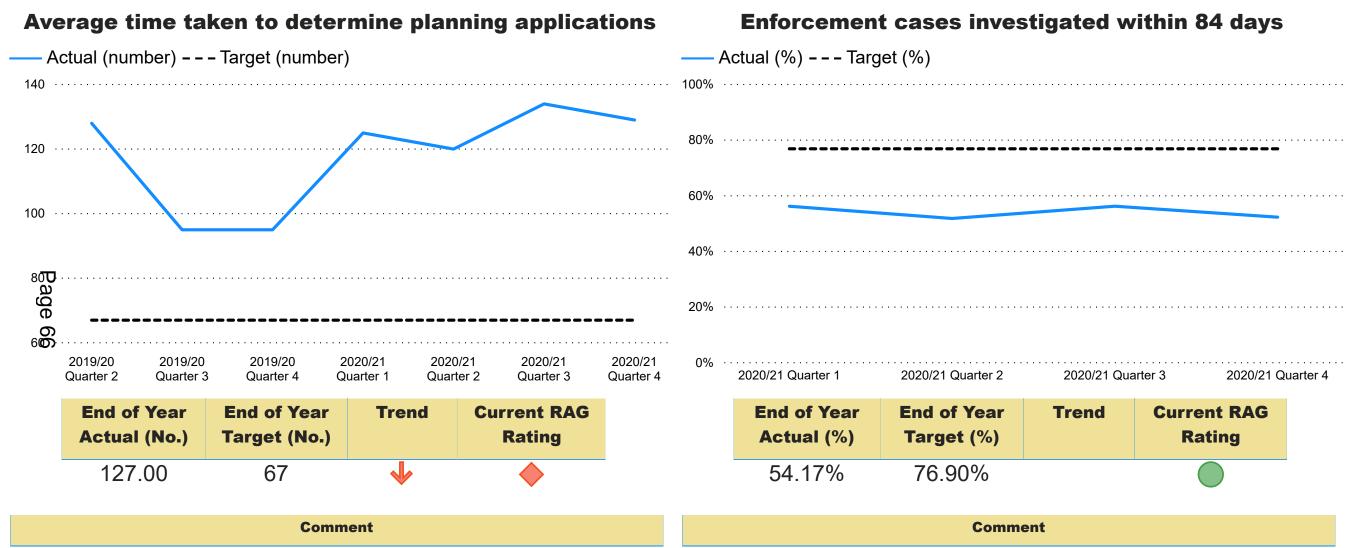

This has been a challenging year for the Communities for Work (CFW) programme, which saw Pathway programmes put on hold limiting the options available to participants to access the relevant training opportunities. Teams have delivered the programme virtually by working from home and have supported mentoring scheme participants to gain E-Learning, Customer services and construction skills qualifications. The teams have also supported participants into employment opportunities within the care, retail and construction sectors.

Acknowledgement that the target is unmet. However due to significant capacity issues in the first six months of 20/21 and ongoing impact of pandemic preventing full site visits from December until mid-April the level of performance achieved so close to the target in normal operational times is excellent.

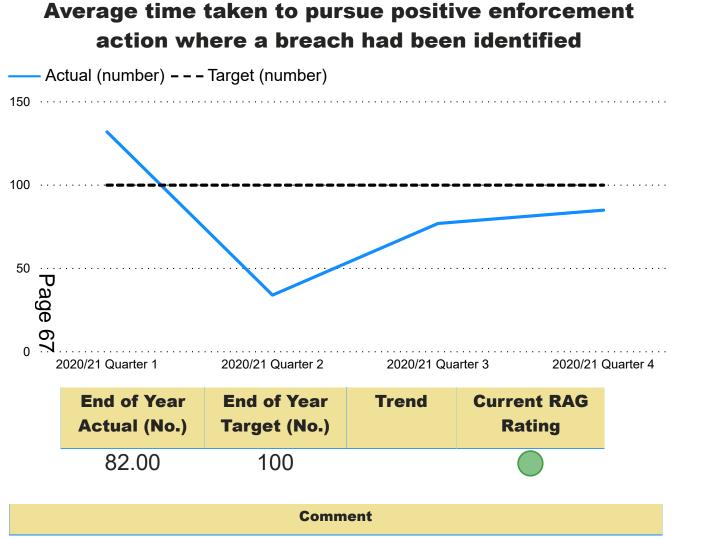

The target for this measure has been exceeded in each quarter.

Quarter one and quarter three are significantly higher than the target. Action needs to be taken to ensure the overall length of such application is reduced by effective case management.

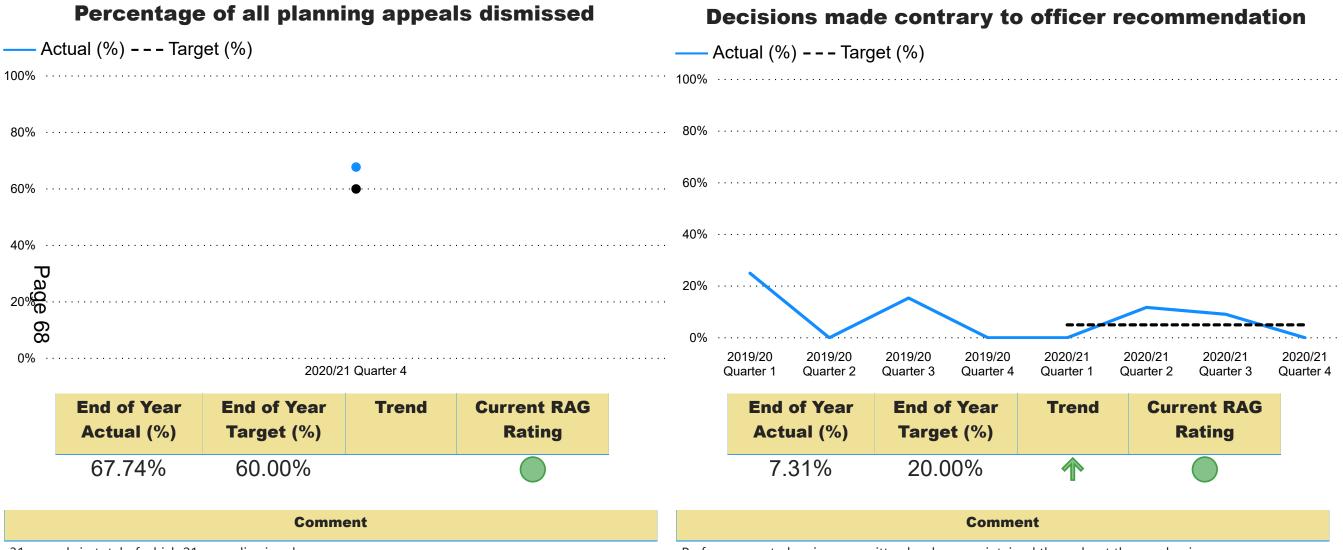

Target not met and double the time taken or more. This reflects the impact of the pandemic throughout 20/21 and the reduced capacity within the service to 30% at times. The majority of applicants agreed to extension of times with understanding of delay of the whole process such as inability to display statutory notices (in accordance with Welsh Government advice) and the back log of cases which developed whilst service transferred to electronic working from home .

Data to be verified - Significant impact on speed of investigations as service capacity was reduced and actively redirected to manage significant and major planning applications.

Reflects the pro-active work that the enforcement team were able to take during lockdowns once a breach had been identified.

The National standard for the provision of equipment requests within 7 days is 80%.

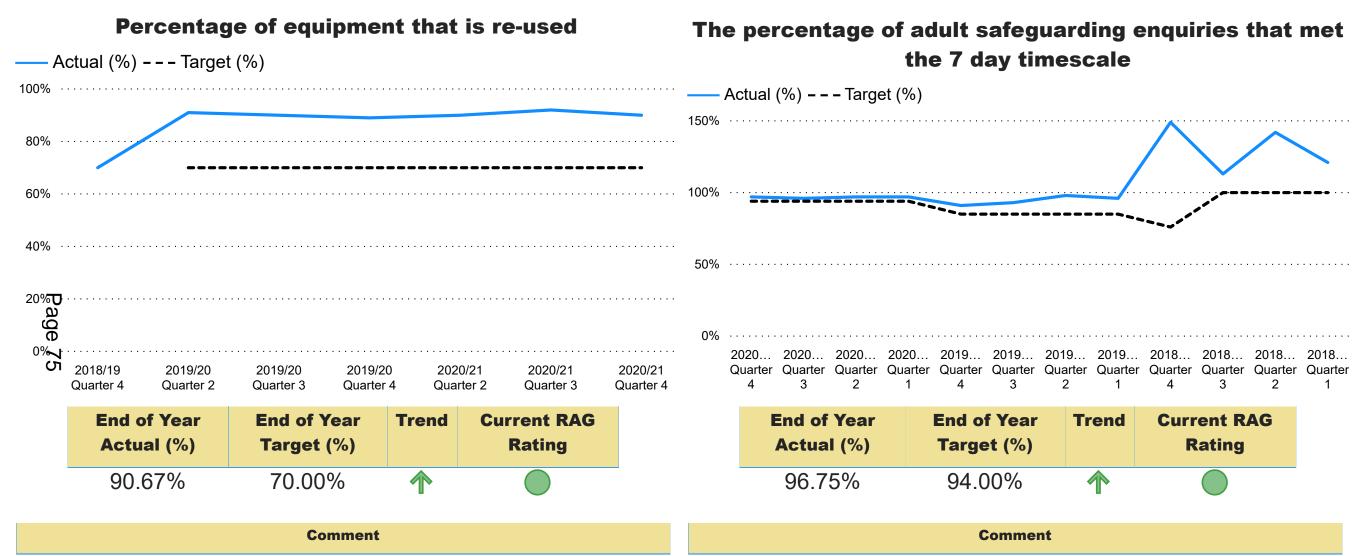

### **Social Services - Recovery Measures**

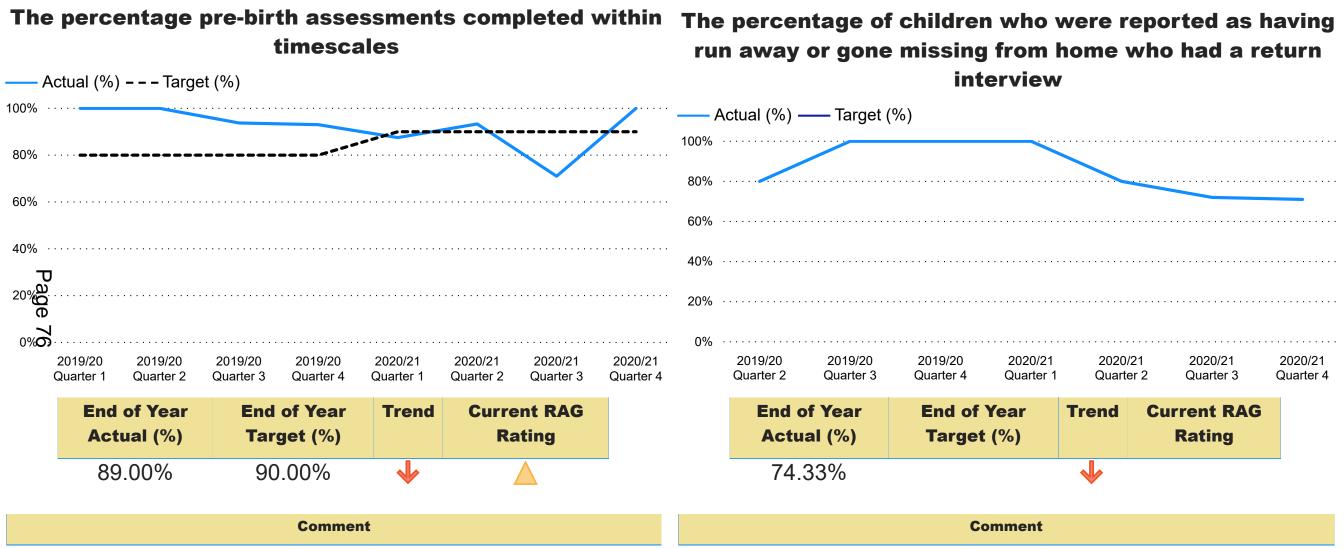

The service has seen a significant increase in demand, particularly in April due to the pandemic. There was a 700% increase in calls/referrals to the service through April; since then demand has reduced somewhat but continues to be high, far exceeding the target which was set pre-pandemic.

No target set - The data for this measure comes from the Health Board. We do not set a target on their behalf because we do not influence the numbers of people coming through. However, we consider this to be an important measure in terms of how effectively the Partnership are using the funding.

The standard of 70% is set nationally by the "National Minimum Standards for Community Equipment Services in Wales". However, the North East Wales Community Equipment Service (NEWCES) consistently achieve better than what is requested, with an average of approximately 90% re-use of equipment rather than throwing it away. By doing this there is a yearly cost avoidance of over £2m.

The realignment of the service in 2019 has made it more effective, which is illustrated by the increase in performance over the last two years. We have been able to show a further improvement this year, possibly due to the change from face to face to digital working, by reducing travel and scheduling time. The Safeguarding Unit continue to prioritise enquiries within the 7 day timescale.

Pre-birth assessments are carried out in line with the North Wales Multi-Agency Pre-Birth Pathway. Sometimes assessments do not meet timescales because of mum's late presentation to Health.

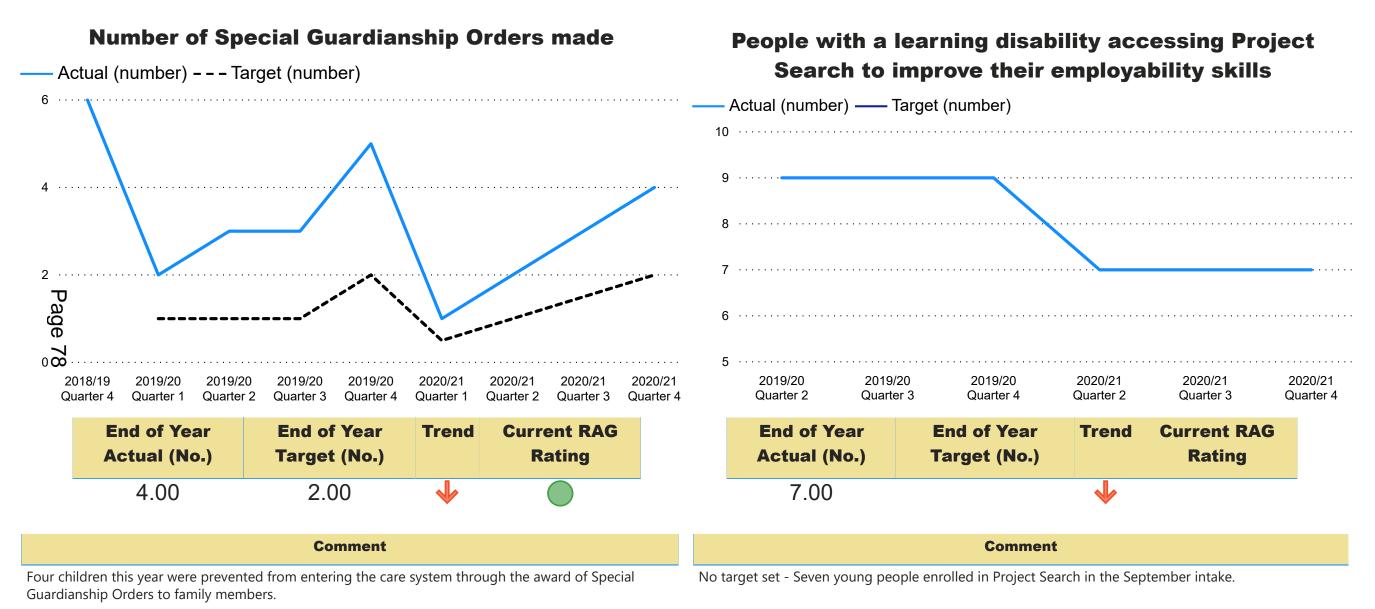

All children are offered a return home interview, but some decline to engage.

In line with Welsh Government COVID-19 guidance, the childcare offer was suspended. The funding has been used to support pre-school children of keyworkers, identified vulnerable children or those with additional needs, and also to support 5-8 year olds in summer play schemes.

No target set - Due to the suspension of the scheme, no providers contributed to the childcare offer.

## **Chief Executives Team - Corporate Finance - Recovery Measures**

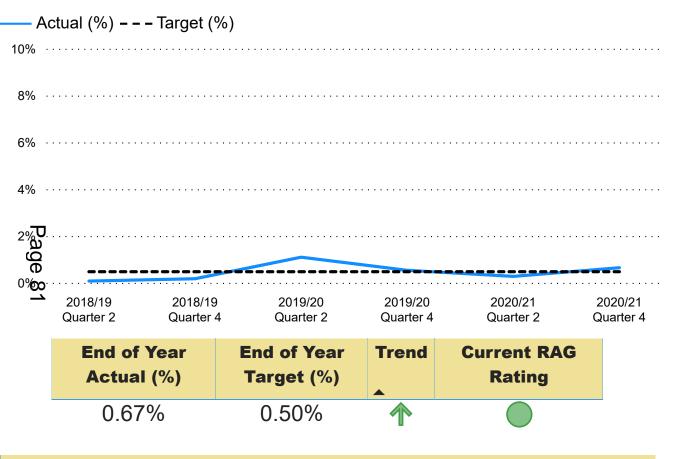

The Council has target of £5.206m of efficiencies in 2020/21 which are monitored on a monthly basis. The target is to achieve 95% of these as reflected in the Medium Term Financial Strategy (MTFS) KPI's. As at Month 11 it is projected that £5.357m will be achieved.

A review of fees and charges was undertaken in October 2020 and increases implemented where possible. The impact of the pandemic on Council Services has meant that there has been a reduction in levels of income this year.

# Percentage variance between the revenue budget outturn and the budget set

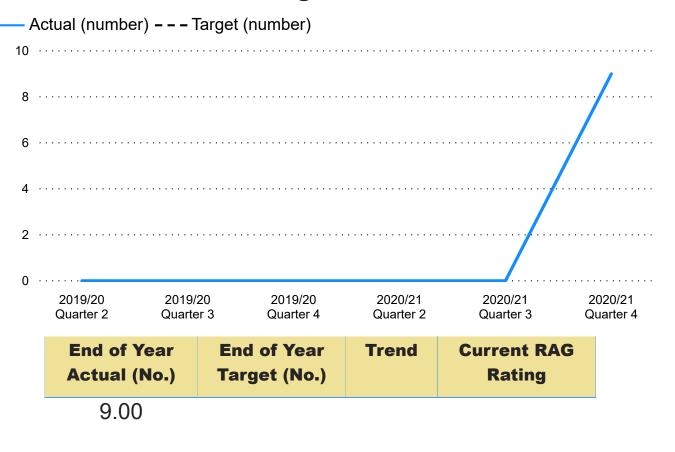

#### Comment

The Month 11 revenue monitoring report is showing a projected outturn variance of £2.027m underspend against budget. This is marginally above the target Medium Term Financial Strategy (MTFS) KPI for a variance against budget of 0.5%. The final outturn position will be reported in July.

#### Number of accredited Mental Health First Aiders across the organisation

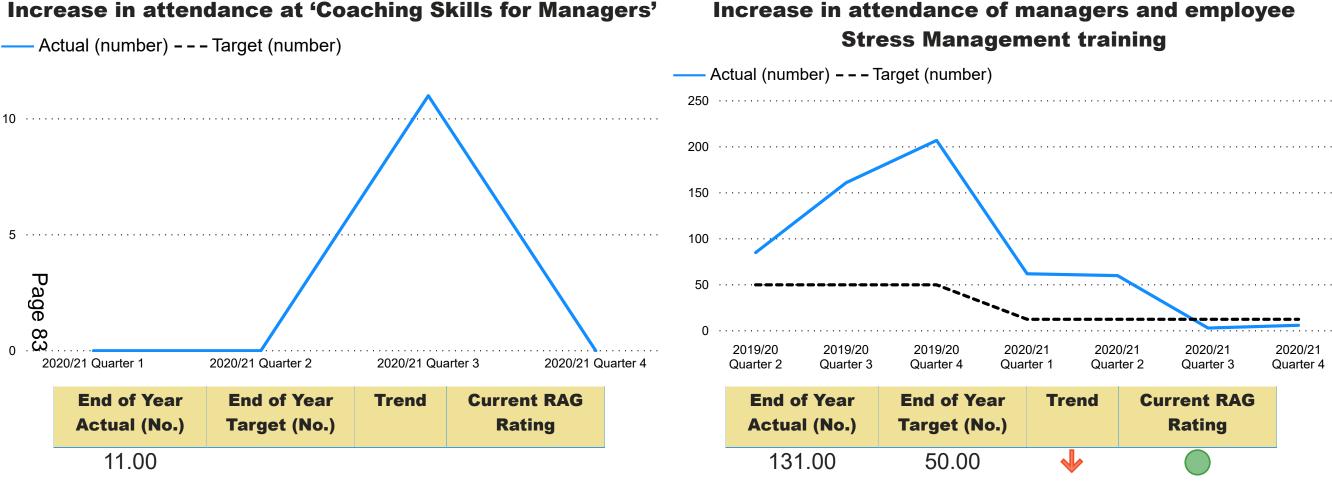

#### Comment

The COVID-19 pandemic has seen a change in the way that all workgroups undertake their work. As we continue to navigate new legislation and provide guidance for complex situational questions, to tackle the short and long term obstacles associated with the impact of COVID-19 it has been necessary to provide regular communications and updated guidance to managers and employees.

No target set - Mental Health Awareness courses have been made available across the organisation which has had an excellent take up by employees. The next phase is to provide the necessary training required to increase the number of accredited Mental Health First Aiders.

## Increase in attendance of managers and employee

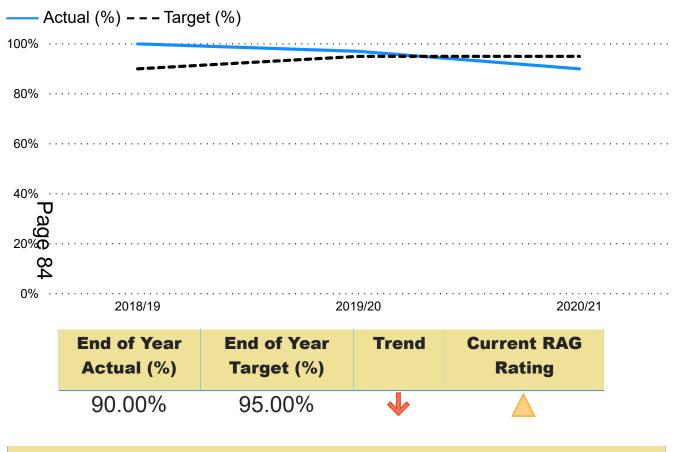

#### Comment

No target set - We were able to deliver online training and promotion during guarter three, which saw a sharp rise in attendance. This has not been replicated for quarter four, however we will be looking to maintain the guarter three levels in the coming months.

The COVID pandemic has presented different challenges to our workforce and as a result of active promotion, we saw an increase in the attendance of managers and employees at a range of awareness training sessions including stress awareness and mindfulness.

# The number of apprentices that complete the programme with a positive outcome

#### Comment

A key outcome of our programme is our success rate by our apprentices obtaining employment internally or externally, or go onto Higher Education. The small number who do not progress are supported to consider their next steps, whether to go to college or to find employment. The outturn of a positive outcome for 2020/2021 was 90%. An apprentice was unfortunately made redundant due to the closure of hospitality during the pandemic. However, the Council ensured that the apprentice was able to to have observations in College so that they obtained the qualifications that was part of the programme.

## Agenda Item 10

#### CORPORATE RESOURCES OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday, 10 <sup>th</sup> June 2021
Report Subject	Commencement of the Socio-economic Duty
Cabinet Member	Cabinet Member for Corporate Management and Assets
Report Author	Chief Executive
Type of Report	Operational

#### EXECUTIVE SUMMARY

The Welsh Government has commenced the Socio-economic Duty in Wales. The statutory requirement of the duty places a legal responsibility on relevant bodies, when they are taking strategic decisions, to have due regard to the need to reduce the inequalities of outcome resulting from socio-economic disadvantage. The new duty will be a key mechanism for supporting the most vulnerable in our society.

The purpose of this report is to provide a summary of the new duty and update all Overview and Scrutiny Committees of our preparedness for the commencement of the socio-economic duty.

RECO	MMENDATIONS
1	Scrutiny note the requirements of the Socio-economic Duty.
2	Scrutiny is assured of our preparedness in meeting the new duty.

#### **REPORT DETAILS**

1.00	EXPLAINING THE SOCIO-ECONOMIC DUTY				
1.01	Sections 1-3 of the Equality Act 2010, the Socio-economic Duty, requires relevant public bodies, when taking strategic decisions, to have due regard to the need to reduce inequalities of outcome that result from socio-economic disadvantage. This section of the Act was not enacted when the

	books. Welsh Ministers commenced the Socio-economic Duty on 31 March 2021.
1.02	<ul> <li>The Socio-economic Duty intends to ensure that those taking strategic decisions:</li> <li>take account of evidence and potential impact on people who experience socio-economic disadvantage.</li> <li>through consultation and engagement, understand the views and needs of those impacted by the decision, particularly those who suffer socio-economic disadvantage.</li> <li>welcome challenge and scrutiny.</li> <li>drive a change in the way that decisions are made and the way decision makers operate.</li> </ul>
1.03	Welsh Government (WG) has advised that "the duty is a key mechanism in supporting the most vulnerable in our society and something which will be extremely important in our continued response to Covid-19".
1.04	WG has published non- statutory guidance, "A More Equal Wales, Preparing for the Socio-economic Duty" and a fact sheet to support organisations who are required to meet the duty. Guidance for decision makers "Socio-economic Duty: scrutiny framework" has also been published to support decision makers meet their duty to show "due regard". This includes a checklist with examples of evidence to confirm "due regard" has been given.
1.05	Key terms explained in the guidance include:
	<ul> <li>Due regard - will require the named authorities to consider the issues and to give weight to such considerations proportionate to their relevance.</li> <li>Inequalities of outcome – any measurable difference in outcome between those who experience socio- economic disadvantage and the rest of the population – lower healthy life expectation, lower paid work, poorer skills and attainment.</li> </ul>
	<ul> <li>Reporting - there will be no statutory reporting but organisations should be able to demonstrate how they have discharged their statutory duty and have a clear audit trail of evidence. An individual or group who feel that their interests are adversely affected by a decision or feel that an organisation is not complying with the duty may bring a judicial review claim against that organisation.</li> <li>Strategic decisions - Strategic decisions are defined as "those</li> </ul>
	<ul> <li>Strategic decisions - Strategic decisions are defined as "those decisions which affect how the organisation fulfils its statutory purpose over a significant period of time". These do not include routine, day to day decisions.</li> </ul>
1.06	Some examples of strategic decisions include:
1.06	Some examples of strategic decisions include: • Medium to long term plans; Page 88

	<ul> <li>Setting objectives;</li> <li>Changes to and developing public services;</li> <li>Strategic financial planning;</li> <li>Major procurement and commissioning decisions.</li> </ul>
1.07	WG has set out four steps within the guidance to support organisations to prepare to meet the duty:
	Step 1 - identifying strategic decisions
	• <b>Step 2</b> - identifying those involved with strategic decisions.
	<ul> <li>Step 3 - ensure that those involved with strategic decision making process understand the requirements of the duty.</li> </ul>
	• <b>Step 4</b> - integrate consideration of inequality of outcome caused by socio-economic decisions within existing processes to understand and start evidencing, for example, Integrated Impact Assessments, engagement processes.
1.08	We are already undertaking a number of these steps:
	<ul> <li>Strategic decisions are identified in formal committee reports;</li> <li>Integrated Impact Assessments (IIA) include potential impacts on poverty and these are included within committee reports for decision makers to consider;</li> <li>Impacts on the well-being goals, including the goal "An Equal Wales", and the future ways of working are also reported within committee reports; and</li> <li>Poverty is included as a priority within the Council Plan.</li> </ul>
1.09	The new duty provides an opportunity to review and update what we do, including IIAs, procurement and committee reports. This will ensure that we can evidence we are meeting the new duty and are considering how our decisions might help reduce the inequalities associated with socio- economic disadvantage. We are updating our IIA tool to ensure the new duty is fully considered and are amending the commissioning form to ensure commissioning officers complete relevant impact assessments before procuring new services.
1.10	Further information about this new duty is provided as part of a presentation to this committee.

8.00	GLOSSARY OF TERMS
	<b>Integrated Impact Assessments:</b> An Integrated Impact Assessment (IIA) is a way to look at how a proposal could affect communities and if different groups within the community will be affected differently. It takes into consideration impacts on the environment, equality (people with protected characteristics), health, poverty and Welsh language.
	<b>Socio-economic disadvantage</b> : Living in less favourable social and economic circumstances than others in the same society. This includes both communities of interest and communities of place. Communities of interest includes people with protected characteristics as defined by the Equality Act 2010 and groups of people who share an experience, for example, people who are homeless. Communities of place include people who are linked together because of where they reside or work.
