### **CABINET RECORD OF DECISION**

#### DATE OF MEETING: **AGENDA ITEM NO. 4** 13 JULY 2021 Chief Officer (Governance) **REPORT OF:** SUBJECT: **DIGITAL FLINTSHIRE RECOMMENDATIONS OF REPORT:** (1) That the progress made in delivering Digital Flintshire 2017/2022 is welcomed: (2) That the refreshed Digital Strategy for 2021/2026 is approved pending consultation with user groups; and (3) That the Chief Officer (Governance) has authority to finalise the policy in consultation with the Deputy Leader of the Council (Governance) and Cabinet Member for Corporate Management and Assets. As detailed in the recommendations. DECISION: **REASON FOR DECISION:** As in the report. CONSULTATIONS A Member briefing took place on 28<sup>th</sup> **REQUIRED/CARRIED OUT:** June 2021 and the strategy has been considered by the Corporate Resources Overview and Scrutiny Committee. It is proposed to consult user groups on the strategy especially the proposed theme on digital inclusion. **RESOURCE IMPLICATIONS:** Work is currently underway to ensure that the projects and ambitions within the strategy also have accurate costings assigned. This will create a funding plan and that any potential funding gaps are identified as early as possible. It is already clear that the level of ambition

outstrips the available funding and the

capacity of the IT Service to support new projects alongside day to day delivery and necessary renewals of software/hardware (so called "keeping the lights on"). Only those projects which are a clear priority can be taken forward.

The revised strategy contains the digital standards which to ensure that only those projects which advance our strategic aims are progressed. Also, part of the role of the Digital Strategy Board is to assess the priority to be allocated to projects within available finance and IT capacity.

Digital projects are also very demanding of transformation capacity within the services themselves so that existing work practices are amended to maximise the benefit that can be derived from any new software. Such projects need to be carefully dovetailed into the existing commitments of services to ensure that sufficient capacity exists and to minimise disruption to service users.

An action plan showing the start and end dates for projects is included within the revised strategy. This is a live document and is constantly adjusted in light of changing demands (such as emergencies or the previously unannounced termination of a piece of software). Portfolios are closely involved in ranking the importance of projects to help develop that sequencing plan.

### CABINET RECORD OF DECISION

### DATE OF MEETING: <u>13 JULY 2021</u> AGENDA ITEM NO. 12

#### REPORT OF: Chief Executive

#### SUBJECT: ANNUAL REVIEW OF FEES AND CHARGES 2021

RECOMMENDATIONS OF REPORT:

 The Cabinet approves the schedule of fees and charges documented in Appendix A for implementation on 1<sup>st</sup> October 2021;

(2) That Cabinet requests that a customer friendly version of the schedule of fees and charges, documented in Appendix A, to be produced and published; and

(3) That Cabinet notes the requirements of the annual review of fees and charges for 2022 and requests that the detail of the extent of the achievement of these requirements is captured in the annual review of fees and charges report for 2022, to be brought to Cabinet in July 2022.

As detailed in the recommendations.

As in the report.

The principles and process for the annual review of fees and charges were considered and endorsed by Corporate Resources Overview and Scrutiny Committee and Cabinet in July 2019. These were included within the Council's Income Generation Policy (version two), which was endorsed by Cabinet in July 2020.

The annual review of fees and charges, and introduction of any new fees or

charges, is overseen and monitored by Portfolio Programme Boards.

New discretionary fees and charges are approved under Delegated Powers / Authority processes, prior to which an IIA should have been completed considering the Sustainable Development Principles. Wellbeing Goals and Council's Wellbeing Objectives, along with any potential equality and/or diversity issues.

For the purposes of transparency it is recommended that Cabinet request a customer friendly version of the schedule of fees and charges, which shows the frequency of charging (one-off, weekly, monthly etc) is produced and published for 2021.

### **RESOURCE IMPLICATIONS:**

The generation of income from fees and charges is part of the strategy of options to meet the challenge of the MTFS.

Estimations of income generated through the application of fees and charges, and any increases to them, is monitored and factored into budget setting and the MTFS. The 2021/22 budget for income generated through fees and charges is circa. £17m.

that had been an approximate increase of 13%.

The approach of the team has been really clear in terms of support being focused on the customer and their needs to move forward into a better position both financially and in terms of their general well-being.

Our understanding is that there are long lead times to access debt advice which can exacerbate and already challenging financial situation. Additional resources are currently being considered to fund a specialist debt advisor within the Housing Benefits Service and a business case is being developed to secure funding resource for this much needed position.

The team have a good understanding of any emerging trends which could potentially put a customer at risk of losing their home or reaching crisis point and are able to share any such observations amongst other organisations both internally and externally.

Since April 2019, the DWP have not provided funding for the Council to provide support to Universal Credit customers with Personal Budgeting Support and Assisted Digital Support. The team have continued to deliver this and during 2020/21 429 residents were provided with budgeting support alone.
