EXECUTIVE SUMMARY

This report (1) updates the budget estimate for 2021/22 in advance of the formal budget-setting process (2) gives feedback from the Overview and Scrutiny Committees who were consulted on the budget estimate throughout November and (3) updates on the national budget position.

The report presents an updated budget estimate and re-sets the budget solutions strategy which is highly dependent on sufficient national funding for local government and is unchanged since last year.

All five Overview and Scrutiny Committees had been consulted on the budget estimate and strategy, and specifically on the cost pressures included in the estimate for their respective portfolios. The Committees, as one, did the following:-

- Supported the overall budget strategy;
- Noted and endorsed the individual portfolio cost pressures;
- Supported the expectations of Governments on national funding;
- Noted and accepted the combined efficiency target of £1m £2m;
- Did not put forward any further efficiency options to explore; and
- Supported the Council's position on local taxation policy i.e. an upper limit of a 5% annual rise in Council Tax.

The Chancellor announced the outcome of the UK Spending Review on 25th November and the implications for Wales are summarised in the report.

The Provisional Local Government Settlement is due to be announced by Welsh Government on 22nd December. A budget timetable is included in the report.

| RECOMMENDATIONS | |
|-----------------|---|
| 1 | To approve the updated budget estimate for 2021/22. |
| 2 | To receive the feedback from the five Overview and Scrutiny Committees. |
| 3 | To review and re-set the strategy to set a legal and balanced budget for 2021/22. |

REPORT DETAILS

| 1.00 | EXPLAINING THE MEDIUM-TERM FINANCIAL STRATEGY 2021/22 – 2023/24 AND THE BUDGET ESTIMATE 2021/22 |
|------|---|
| 1.01 | The Council reviews the Medium-Term Financial Strategy (MTFS) on an annual basis in advance of setting each annual budget. This report updates both the MTFS and the budget estimate for 2021/22. |
| 1.02 | The cost pressures included within the budget estimate have been categorised as follows: |
| | Prior Year Decisions/ Approvals Loss of Income Legislative/Unavoidable Indexation Issues requiring national resolution National Funding Requirements (Pay Awards) Strategic Considerations |
| | Appendix 1 sets out the revised MTFS and budget forecast. A range is shown for cost pressures from low to high. |
| 1.03 | All five Overview and Scrutiny Committees have been consulted on the budget estimate and strategy, and specifically on the cost pressures included in the estimate for their respective portfolios. |
| 1.04 | The Committees, as one, did the following:- |
| | Supported the overall budget strategy; Noted and endorsed the individual portfolio cost pressures; Supported the expectations of Governments on national funding; Noted and accepted the combined efficiency target of £1m - £2m; Did not put forward any further efficiency options to explore; and Supported the Council's position on local taxation policy i.e. an upper limit of a 5% annual rise in Council Tax. |
| 1.05 | The Chancellor set out the outcomes of the Spending Review for the United Kingdom on 25 th November. For Wales the key implications are: |

| | £1.3bn additional funding to the Welsh Government with (£770m for ongoing emergency funding and £560m for core public services funding) Public sector pay rises to be suspended other than for designated NHS workgroups and for all those earning less than £24,000 per year Minimum Wage to rise by 2.2% for those aged 23 and over |
|------|--|
| 1.06 | The Draft Welsh Budget is due to be announced on 21st December followed by the Provisional Local Government Settlement on 22nd December. UK Government has chosen not to make financial provision for public sector pay awards beyond those referred to above. However, the UK Government does not have control over (1) local government UK national pay negotiations between the employers and the recognised trade unions or (2) teachers' pay awards in Wales which is now a devolved responsibility. Therefore, at this early stage and pending any new pay negotiations it cannot be assumed that there will not be new pay cost pressures for councils in Wales in 2021/22. |

| 2.00 | THE REVISED BUDGET ESTIMATE AND FUNDING SOLUTIONS |
|------|---|
| 2.01 | North Wales Fire and Rescue Authority (NWFRA) |
| | Confirmation has been received of the level of contribution required to fund the NWFRA for 2021/22. The level of contribution from Flintshire has increased by £0.314m. This is £0.154m higher than first expected. |
| 2.02 | North Wales Economic Ambition Board (NWEAB) |
| | As part of the partnership arrangement for the NWEAB all councils in the region have agreed to contribute to the costs of early capital borrowing. The contribution will be between £0.104m and £0.148m and has now been built into the forecast. |
| 2.03 | Parc Adfer – Contract Inflation |
| | The North Wales Regional Waste Partnership contract with Parc Adfer specifies the base gate fee price. The fee is indexed each year using the Retail Price Indexation (RPI). For 2021/22 there is an additional cost of £0.052m. |
| 2.04 | Additional Learning Needs – Schools/Registration Services Income |
| | The estimate has been updated for these services. |

| 3.00 | RESOURCE IMPLICATIONS |
|------|---|
| 3.01 | Revenue: the revenue implications for the 2021/22 budget are set out in the report. |
| | Capital: there are no new implications for the approved capital programme for either the current financial year or for future financial years – the capital programme will be subject to a separate report |
| | Human Resources: there are no implications for additional capacity or for any change to current workforce structures or roles at this stage. |

| 4.00 | | NT AND RISK MANAGEMENT | |
|------|---|--|--|
| 4.01 | Ways of Working (Sustainable Development) Principles Impact | | |
| | Long-term | Negative – the absence of longer-term funding settlements from Welsh Government means that sustainable support for service delivery is challenging for the longer term. Sustainable funding from Welsh Government that provides additional funding for Indexation, Service demands and new legislation will provide a positive and sustainable position for the Council in the longer term. | |
| | Prevention | As above | |
| | Integration | Neutral Impact | |
| | Collaboration | Services continue to explore opportunities for collaboration with other services and external partners to support positive impacts. | |

| Involvement | Communication with Members, residen and other stakeholders throughout the budget process. |
|----------------------------|---|
| Well-Being Goals Impact | |
| Prosperous Wales | Longer term funding settlements from Welsh Government that provide addition funding for indexation, service demands and new legislation will aid sustainability and support a strong economy that encourages business investment in the region. The opposite will be true if settlements are inadequate. |
| Resilient Wales | Continuation of services to support communities and social cohesion will ha a positive impact. The opposite will be t if settlements are inadequate. |
| Healthier Wales | An appropriate level of funding will ensu that communities are supported and wil have a positive impact. The opposite wi be true if settlements are inadequate. |
| More equal Wales | A positive impact with greater parity of funding from Welsh Government for all Welsh Local Authorities. The opposite v be true if settlements are inadequate. |
| Cohesive Wales | Appropriate level of funding will support services working alongside partners. Th opposite will be true if settlements are inadequate. |
| Vibrant Wales | As Healthier and Cohesive Wales above |
| Globally responsible Wales | Neutral impact. |
