Subject Tinas Diamond bites

I wish to lodge a complaint about the idea of turning the above premises into an Offlicense..We have at the very least thirteen locations in Flint

Selling alcohol.We do not need or want another.There is a lot of antisocial behaviour in the town of Flint caused by the Eastern Europeans drinking

all day and night. There have been hundreds of complaints to the police and Mr David Hanson of these nationalities. It wouldn't matter what nationality

they were, the fact remains it is causing a lot of ill feeling in the town .It doesn't sit well with the Governments stance on antisocial behaviour and this will

only add to the problems we already have.

Drinking ,urinating and being abusive and intimidating, on the Big church steps and various locations in the town centre in front of women and children.

Lying in peoples garden because they are too drunk to move .There is obviously have enough outlets to buy alcohol, why give them another.???
