3.02 The Original Budget column reflects the budget approved by Council on the 1st March 2012. The Revised Budget column reflects in-year virements which have been approved in compliance with Financial Procedure Rules.

3.03 The significant in-year projected variances to date are detailed in Appendices 2 - 6 (Council Fund) and Appendix 8 (HRA), and in addition to giving the reasons for the variances, the actions required to address each variance is provided. The significant changes for the Council Fund from Month 5 are detailed in Appendix 1.

3.04 It is the intention of Management to contain the currently projected variation within the overall agreed Council budget for the year. As part of the ongoing work to develop the MTFP, opportunities to generate efficiencies are being explored including those that may have a positive impact on the 2012/13 projected outturn.

RISKS / ASSUMPTIONS

3.05 The in-year over / (under) spends shown in the table at paragraph 3.01 reflect the following risks and assumptions :-

1. Community Services

- Social Services for Adults
 - Occupational Therapy service - increased demand
- Social Services for Children
 - Out of county placements - demand led with volatility influenced by numbers and high values of individual placements
 - Family Placement - increases in foster care places / court

orders for Residence and Specific Guardianship

- Housing Services
 - Homelessness - projected high demand influenced by current economic climate and recent welfare reform
- 2. Environment
 - Planning
 - A number of planning decisions are the subject of ongoing appeals which may have the potential for costs to be awarded against the Council
- 3. Lifelong Learning
 - Facilities
 - Catering - overspend projected but possible mitigation from project plans following APSE review
 - Development & Resources
 - Free school meals and remissions - influenced by economic factors
 - Ringfenced budgets
 - Out of county placements - demand led with volatility influenced by numbers and high values of individual placements
 - Leisure Income
 - Income levels for the new leisure facilities are being monitored carefully on a weekly basis. Any variation, either positive or negative, could have a material effect on the projected outturn.
- 4. Corporate Services
 - Welfare Reform
 - Welfare Reform preparation is starting to impact on the projected outturn for 2012/13 (see Appendix 5). Although a number of pressures are already included in the projections the full impacts are continuously being assessed and will be reported to Cabinet as soon as any variations are identified.
 - Municipal Mutual Insurance Ltd (MMI)
 - A contingent liability was recorded in the 2011/12 Statement of Accounts which recognised a possible future requirement to provide for Flintshire County Council's share of liability relating to a scheme of arrangement set up in 1992. The MMI Board of Directors met on the 13th November 2012 and decided that there was no other alternative to insolvent liquidation than to trigger the scheme of arrangement. A financial review of the company will now take place to consider the extent to which any levy is to be imposed upon scheme creditors (including Flintshire County Council). It should be assumed that there will be a financial impact in the short to medium term.

- Outcome Agreement Grant
 - The current projections assume that the Council will receive the full amount of Outcome Agreement Grant included within the budget for 2012/13 (£1.475m). WG assessment currently being discussed with Officers. It has always been accepted that achievement of the full grant is a risk, noting that achievement of some of the performance criteria is based on the performance of other partners.

- Single Status / Pay Strategy
 - The pay strategy in the 2012/13 budget recognised a number of inter-related activities in which the Council is engaged and which impact on workforce costs. The outcome of the recently agreed date of the first quarter of 2013/14 for the implementation of a Single Status agreement, is that monies held for an increase in the non teaching paybill will not be fully utilised in year. The decision on how the unspent allocation is allocated to reserves remains open.

4.00 NON STANDARD INFLATION

4.01 Included in the budget are amounts for non-standard inflation. These budgets are being monitored closely and the current position for each element is outlined below:

- £0.078m in respect of Energy for Street Lighting – this budget is still held centrally and a detailed review is currently ongoing (progress will be reported on at Month 7)
- £0.300m in respect of Energy – this budget is still held centrally, however detailed work has confirmed that the majority of this budget will be required. The allocation of this budget will be reflected in the Month 7 report.
- £0.196m in respect of Fuel – it has been confirmed that the full amount will be required and the allocation of this budget is reflected in this report.
- £0.133m in respect of Food - it has been confirmed that the full amount will be required and the allocation of this budget is reflected in this report.

5.00 UNEARMARKED RESERVES

5.01 The 2011/12 final outturn reported to Cabinet on 10th July showed unearmarked reserves at 31st March 2012 (above the base level of £5.476m) of £0.992m, after taking into account commitments in 2012/13 :

- Use of £0.973m to meet one-off / time limited costs
- Ringfencing of £1.500m to support Organisational Change costs

5.02 Appendix 7 details the movements to date on unearmarked reserves and the level of contingency sum available. As a result of the movements the current projected level of the contingency reserve at the end of March 2013 is an overdrawn amount of £0.083m. However, as noted in section 3.04 it is the intention of Management to contain the currently projected variation within the overall agreed Council budget for the year which will also have a positive effect on the contingency reserve.

6.00 HOUSING REVENUE ACCOUNT

6.01 On 21st February 2012, the Council approved a Housing Revenue Account (HRA) budget for 2012/13 of £26.671m. The budget provided for a closing balance of £0.867m, which at 3.25 % of total expenditure satisfies the prudent approach of ensuring a minimum level of 3 %.

6.02 The 2011/12 final outturn reported to Cabinet on 10th July 2012 showed a closing balance at the end of 2011/12 of £1.857m (subject to audit) which was £0.753m more than when the 2012/13 budget was set. This had the effect of increasing the closing balance for 2011/12 by the same amount.

6.03 There is an overall projected underspend of £0.349m and a projected closing balance at Month 6 of £1.419m, which at 5.2 % of total expenditure satisfies the prudent approach of ensuring a minimum level of 3 %.

6.04 Appendix 8 details the reasons for significant variances occurring to date and the actions planned to deal with them.
