Preface

This document provides information and guidance on the process for the approval of premises and the conditions associated with an approval in the County of Flintshire. This document is in four parts:

Part 1

Information and guidance aimed at all premises that are to be approved for civil marriages and civil partnerships, or religious premises to be approved for civil partnerships only.

Part 2

Information and guidance **specific to the approval of secular** (premises that are not religious premises e.g. hotels) premises for civil marriages and civil partnerships.

Part 3

Information and guidance **specific to the approval of religious premises** for civil partnerships only.

Part 4

Other information and guidance for couples wishing to solemnize a marriage or register a civil partnership on approved premises in Flintshire.

Note: This document is not intended to provide information on the legal requirements for marriage and civil partnership in England and Wales. Further information on the legal requirements for marriage and civil partnership can be obtained from the Council's website at www.flintshire.gov.uk or www.siryfflint.gov.uk

PART 1

Guidance for the approval of premises as venues for marriages under Section 26(1)(bb) of the Marriage Act 1949 and for civil partnerships under Section 6(3A)(a) of the Civil Partnership Act 2004

When considering applications for the approval of premises as venues for marriages and for civil partnerships the Council must be satisfied that:

Types of premises

The laws relating to “approved premises” are intended to allow proceedings to take place regularly in hotels, stately homes, civic halls, similar premises and religious premises without compromising the solemnity of the occasion.

“Premises” are defined as a permanently immovable structure comprising at least a room or any boat or other vessel which is permanently moored. Any premises outside this definition, such as the open air, a tent, marquee or any other temporary structure and most forms of transport, are not eligible for approval.

Having regard to their primary use, situation, construction and state of repair, the premises must, in the opinion of the Council be a seemly and dignified venue for the proceedings, which must take place in a room or rooms that are identifiable by description as a distinct part of those premises. The primary use of a building would render it unsuitable if that use could demean proceedings or bring them into disrepute.

Premises that are religious premises (as defined by section 6A(3C) of the Civil Partnership Act) may not be approved for civil marriages. However, they may be approved for the registration of civil partnerships and further guidance is provided in Part 4 of this document.

Other requirements before an application can be considered

In addition to being satisfied that the requirements relating to the type of premises are met, the Council will want to be satisfied that the fire assessment in place at the premises is suitable for the intended purpose. The Council will also want to be content that no planning permission is necessary for the use of the venue for marriages or civil partnerships.

The application process

An application for approval may be made by the proprietor or trustee of premises.

An applicant must provide the following information:

- an application in writing, including the name and address of the applicant (Appendix A – secular premises; Appendix B – religious premises);
- a plan of the premises which clearly identifies the room(s) in which the proceedings will take place if approval is granted (a minimum of two rooms to ensure a room is available as a contingency); and
- a fee to fund the approval process (refer to appropriate application form).

As soon as is practicable after receiving the application the Council will publicise the application for a period of 21 days on its website at www.flintshire.gov.uk and www.sirymflint.gov.uk

The public notice will:

- identify the premises and the applicant;
- indicate the address at which the application, the plan accompanying it and any consents may be inspected;
- state that any person may give notice in writing of an objection to the grant of approval, with reasons for the objection, within 21 days from the date on which the notice is published; and
- state the address of the offices of the Council to which such notice of objection should be given.

In accordance with this notice, the Council will make the application, the plans and any consent available for public inspection during normal office hours i.e. 08:30 – 17:00.

As soon as practicable after receiving an application the Council will inspect the premises.

Objections

The Council will consider any objections to an application. The decision about whether to approve premises sits with the Council, but it will however consider its decision in light of any objections made.

Granting approvals

The Council will only grant approval if it is satisfied that the application has been made in accordance with the requirements set out in Schedule 1 (Appendix A(i)) or Schedule 1A (Appendix B(i)) attached to this document and that the premises fulfil any other reasonable requirements which the Council considers appropriate to ensure the facilities provided at the premises are suitable.

The Council may refuse to grant approval, or attach such additional conditions to an approval that it considers appropriate. As soon as is practicable after making a decision the Council will notify its decision in

writing to the applicant and any person that has given notice of objection to the application. If approval is refused, or conditions other than the standard conditions (i.e. those set out in Schedule 2 (Appendix A(ii)) or Schedule 2A (Appendix B(ii)) attached to the approval, the Council will notify the applicant of the right to seek a review of its decision.

Approval will be granted for a period of three years. The period starts on the date on which approval is granted, unless it is revoked, extended or reinstated.

If ownership of the premises changes then the new owners become the holders of the approval. The holders of approvals are required to notify the Council immediately if there is any change to the details that were included in the application, such as a change in holder of the approval.

Immediately after the grant of the approval, the holder of the approval must tell the Council the name, address and qualification of the responsible person. The responsibilities of the responsible person are detailed in Appendix A(ii) or Appendix B(ii); he or she is responsible for ensuring compliance with the standard conditions of approval.

Expiry and renewal of approval

The renewal process is the same as the approval process but can be commenced when the current approval has less than twelve months left to run. An application for renewal made within this period will if necessary, extend the approval until that application has been finally dealt with. A renewal will be expressed to take effect from the date on which the current approval expires.

If an approval expires before any application to renew is made but an application is made within one month of the expiry, the approval will be reinstated. The reinstated approval will then continue until such time as the application for renewal is finally dealt with.

An approval can be extended or reinstated but if an application for renewal is made a month or more after expiry, the full application procedure has to be followed prior to any further approval being granted. Any proceedings arranged at the venue within that time must be postponed or moved to another venue after fresh notices have been given.

Revocation

In general the Council may revoke an approval if the holder has failed to comply with one or more conditions of the approval, or the use or structure of the premises has changed and the premises are no longer suitable for any proceedings. On deciding to revoke the approval the Council will deliver a notice in writing to the holder of the approval confirming its revocation.

The Registrar General for England and Wales may direct the Council to revoke an approval if she considers that there have been breaches of law relating to the proceedings on the approved premises. Before doing so the Registrar General will write to the holder of the approval stating the grounds on which she proposes that the approval should be revoked and providing the holder with a period of at least 14 days to make representations to her in writing. If, following consideration of any representations received, the Registrar General decides that the approval should be revoked she will direct the Council to do so. The Council will then revoke the approval with immediate effect and notify the holder of the approval that it has done so.

When an approval has been revoked, the holder of the approval must immediately notify any couples who had arranged proceedings on those premises that this is the case. The Council will also ask the superintendent registrar or civil partnership registrar who has accepted a booking or been given a notice of marriage or civil partnership to notify the couple that the approval has been cancelled and the certificates or schedule for the proceedings will not be issued.

Reviews

An applicant is able to seek a review of a decision made by the Council to refuse an application or a renewal, to revoke an approval (other than when directed by the Registrar General as described above) or to attach conditions other than the standard conditions (Appendix A(ii) or B(ii)). The application for review should be delivered to the Proper Officer of the Council. The Proper Officer will ensure that the review is carried out by individuals who were not involved in the earlier decision.

On determining whether to uphold the original decision, vary the decision or substitute a different decision the Council will provide notice in writing to the applicant or holder, stating its decision, the reasons for it and, if different to the original decision, the date on which it takes effect.

Register of approved premises

The Council maintains an up to date register of the approved premises in the County. The register includes:

- the name and full postal address of the approved premises;
- the description of the room or rooms in which the proceedings are to take place;
- the name and address of the holder of the approval;
- the date of the granting and due date of expiry of the approval;
- if the approval is renewed, the date of renewal;
- if the approval is revoked, the date on which the revocation takes effect; and
- the name, address and qualification of the responsible person.

The Council will also indicate which of the premises (if any) are religious premises approved for civil partnerships.

The register will be available on the Council's website at www.flintshire.gov.uk and www.sirryflint.gov.uk. The Registrar General will circulate regularly details of all approved premises to every registration officer, and details are also available on the Directgov website.

Fees

The fee for the attendance of the superintendent registrar and registrar at a marriage is a fee, set by the Council, which reasonably represents the costs to the Council of providing the same for a marriage solemnization.

The fee for the attendance of the civil partnership registrar at a civil partnership is a fee, set by the Council, which reasonably represents the costs to the Council of providing the same for a civil partnership registration.

The fee charged by the Council is exempt from VAT because it relates to a non-business activity of the Council.

Changes after the approval

It is not possible to outline all potential circumstances in which a change may occur after the approval. One common change might be to seek the use of an additional room (one that was not specified on the plan as being intended for proceedings) which would require a fresh approval to be granted. Apart from where there is solely a change of holder of the approval the Council will require a fresh approval, following the standard application process.

PART 2

Guidance specific for the approval of premises as venues for marriages under Section 26(1)(bb) of the Marriage Act 1949 and Civil Partnerships under Section 6(3A)(a)

When considering applications from **secular premises** (e.g. hotels, stately homes), the Council must be satisfied that in conjunction with Part 1 of this document:

Types of premises

In addition to the requirements set out in Part 1:

- the premises must be regularly available to the public for use for the solemnization of marriages, or the formation of civil partnerships;
- must not be religious premises.

Any approval granted by the Council for secular premises is for both the solemnization of marriages and for the registration of civil partnerships.

The requirement to be regularly available will preclude any private house being approved.

PART 3

Guidance specific for the approval of religious premises as venues for civil partnership under Section 6(3A)(a) of the Civil Partnership Act 2004

When considering applications for the approval of **religious premises** as venues for civil partnerships the Council must be satisfied that:

Types of premises

Religious premises are defined in the Civil Partnership Act as:

- premises which are used solely or mainly for religious purposes, or
- have been so used and have not subsequently been used solely or mainly for other purposes.

To be approved religious premises must be premises as described above and must be one of the types listed below:

- a) a church or chapel of the Church of England;
- b) a church or chapel of the Church in Wales;
- c) a place of meeting for religious worship included in the list of certified places maintained by the Registrar General under section 7 of the Places of Religious Worship Act 1855;
- d) a place of meeting for members of the Society of Friends; or
- e) a Jewish synagogue.

Both (a) and (b) include a Cathedral Church.

The premises will be approved for the registration of civil partnerships and must be regularly available to the public for use for that purpose. However, there may be circumstances in which the proprietor or trustee of the premises has some flexibility in this regard and may, for instance, restrict use of the premises for civil partnership registrations to followers of the faith worshipped in the premises.

Other requirements before an application can be considered

In addition to the requirements in Part 1, the proprietor or trustee (the applicant) must satisfy the Council that the necessary consent or consents from the relevant governing authority for the religious organisation(s) concerned have been provided to allow the application to be made.

The governing authority is the body that the members of that religious organisation recognise as competent to give consent. It is up to the applicant to ensure that the proper consents are obtained.

Shared premises

Where premises are shared under the Sharing of Church Buildings Act 1969, there should be a formal sharing agreement and the consent of all the “sharing Churches” must be included with the application. That Act also covers chapels in public places such as hospitals which may also be used by a number of different Churches. Again, the consents of all the Churches must be included.

Separately provision is also made for religious premises that are otherwise used by more than one religious organisation. Premises may for example be of one or more types and/or used by one or more other religious organisations. Again in these circumstances the consent of all the relevant governing authorities will be required.

The onus is entirely on the applicant to provide evidence that they have the necessary consents to make the application and where no consent is required, they will be required to complete a statement to this effect on the application form.

The application process

The processes are as described in Part 1, with the additional requirement for the applicant to provide evidence to the Council that they have obtained the necessary consents described above. Unlike with secular premises where the Council are required to inspect the premises, in respect of religious premises the Council will not need to inspect the premises if they are already used for marriages.

Though the Regulations do not require the applicant to inform the congregation, or congregations of the premises that they intend to apply for the premises to be approved for civil partnership registrations, it is strongly advised as good practice that this approach be followed. Best practice would also be for applicants to take other steps such as making the application available for public display in their premises.

Objections

The processes are as described in Part 1. The Council will not get involved in any disputes within religious organisations on individual applications for premises to be approved.

Granting approvals

The processes are the same as in Part 1.

Expiry and renewal of approval

The processes are as described in Part 1.

Revocation

The processes are as described in Part 1 with the following additions:

- The Council will revoke an approval if it is notified that the required consent, has or will be withdrawn; or
- In respect of premises that did not previously require it, that consent is now or will be required.

The Council will revoke the approval immediately, to take effect on the day following which the notification has been received, or on the day on which consent will be withdrawn (whichever is later).

PART 4

General guidance for members of the public who wish to solemnize a marriage or register a civil partnership on approved premises

Guidance for those who wish to marry on approved premises

As soon as a couple have made provisional arrangements for their marriage on approved premises they should contact the superintendent registrar for Flintshire.

Without the presence of this superintendent registrar (or their deputy) and a registrar there can be no marriage and any arrangements for the use of the premises depend entirely on their availability. It is, therefore, essential that the couple make an advance booking with this superintendent registrar for their attendance at their proposed marriage as soon as a booking can be accepted.

The couple will also have to give a notice of marriage to the superintendent registrar(s) of the district(s) in which they live. This notice must be given in person by each of the couple and is valid for twelve months. The couple should, therefore, attend the register office(s) where they live as soon as notice can be given. There is a fifteen day waiting period after notice has been given before the marriage can take place.

If either of the couple is subject to immigration control, there will be further procedures to take before notice of marriage can be given. The local superintendent registrar can advise further on these procedures.

The couple should be warned that any arrangements made for a marriage to take place on the approved premises are dependent on:

- a) the attendance of the superintendent registrar and a registrar for the district in which the premises are situated; and,
- b) the issue of the authority or authorities for marriage by the superintendent registrar(s) to whom notice of marriage was given.

When notice is given in a different registration district from the one where the marriage is taking place, the couple will have to collect the superintendent registrar's certificate(s) for marriage before the ceremony and ensure that it is delivered to the registrar who is to attend the ceremony.

The couple should be advised that only a civil, non-religious ceremony can be permitted by the superintendent registrar. The content of the ceremony must be agreed in advance with the superintendent registrar who will be attending the ceremony.

Any rights of copyright for music, readings etc permitted at the ceremony are a matter for the couple and the holder of the approval.

Guidance for those who wish to Register a Civil Partnership on approved premises

As soon as a couple have made provisional arrangements for their civil partnership on approved premises they should be advised to contact the registration authority for the area in which the premises are situated.

Without the presence of the civil partnership registrar there can be no civil partnership registration and any arrangements for the use of the premises depend entirely on his or her availability. It is, therefore, essential that the couple make an advance booking with the civil partnership registrar for his or her attendance at their proposed registration as soon as a booking can be accepted.

The couple will also have to give a notice of civil partnership to an authorised person of the registration authority in which they live. This notice must be given in person by each of the couple and is valid for twelve months. The couple should, therefore, attend the register office(s) where they live as soon as notice can be given. There is a fifteen day waiting period after notice has been given before the civil partnership can take place.

If either of the couple is subject to immigration control, there will be further procedures to take before notice of civil partnership can be given. The local registration authority can advise further on this.

The couple should be warned that any arrangements made for a civil partnership to take place on the approved premises are dependent on:

- a) the attendance of the civil partnership registrar for the area in which the premises are situated; and,
- b) the issue of the civil partnership schedule by the registration authority for the area in which the premises are situated.

The couple should be advised that only a civil, non-religious registration can be permitted by the civil partnership registrar. The contents of any proceedings should be agreed in advance by the civil partnership registrar who will be attending the registration. If the parties wish to have a ceremony before or after the registration of their civil partnership, this should proceed as discussed and agreed with the civil partnership registrar prior to registration. Where the registration is taking place on approved religious premises, the parties should discuss and agree how any religious ceremony can precede or follow the registration. The civil partnership registrar will not be acting as a civil partnership registrar during any such ceremony.

Any rights of copyright for music, readings etc permitted at the registration are a matter for the couple and the holder of the approval.

Designation of Civil Partnership Registrars

A civil partnership registrar is a person who is designated by a registration authority as a civil partnership registrar for its area. Under the Registration of Births, Deaths and Marriages Regulations 1968 a minister of religion or authorised person is precluded from also acting as a registrar of marriages. There is no such restriction under civil partnership legislation although the designation of such persons will be for the purely secular role of civil partnership registrar.

Notes of the requirements for an approval to be granted

The requirements for approved premises are established by the Marriage and Civil Partnerships (Approved Premises) Regulations 2005 and Amendment Regulations 2011 (referred to in these notes as the Regulations). It is these that the Council must apply when considering an application for approval.

A non-returnable fee for this application must be submitted with the application to the Proper Officer for Registration Matters at Flintshire County Council, County Hall, Mold, Flintshire CH7 6NR, payable to Flintshire County Council.

The application must be made by the proprietor or trustee of the premises. When made on behalf of a limited company, or other incorporated business there should be a separate statement of the names and addresses of all the directors.

The premises must fulfil the following standard requirements in the Regulations:

1. Having regard to their primary use, situation, construction and state of repair, the premises must, in the opinion of the Council, be a seemly and dignified venue for the proceedings.
2. The premises must be regularly available to the public for use for the solemnization of marriages and the registration (formation) of civil partnerships.
3. The premises must have the benefit of such fire precautions as may reasonably be required by the Council, having consulted with the fire and rescue authority, and such other reasonable provision for the health and safety of persons employed in or visiting the premises as the Council considers appropriate.
4. The premises must not be a register office.
5. The room or rooms in which the proceedings (marriage or civil partnership) will be held if approval is granted must be identifiable by description as a distinct part of the premises.

The premises must also fulfil the Council's following requirements:

In considering the suitability of premises as a venue, the Council will have due regard to the following guidance from the Registrar General:

1. The law relating to "approved premises" is intended to allow proceedings to take place regularly in hotels, stately homes, civic halls, religious premises and similar premises without compromising the solemnity of the occasion.
2. Premises are defined as a permanently immovable structure comprising at least a room, or any boat or other vessel which is permanently moored. Premises not within the meaning of this definition, such as the open air, a tent, marquee or any other temporary structure and most forms of transport, will not be eligible for approval.

3. The premises must be a seemly and dignified venue for the proceedings, which must take place in an identifiable and distinct part of those premises. The primary use of a building would render it unsuitable if that use would demean any proceedings or bring them into disrepute.
4. The premises must not be any part of a register office on the plan submitted by the Council and approved by the Registrar General under the Registration Service Act 1953.
5. The requirement that the premises must be regularly available for use by the public will preclude a private house from being approved.

Appendix A (i)

 - b) the formation of civil partnerships.

4. The premises must not be:
 - a) religious premises;

Notes on the requirements before an approval to be granted

The requirements for approved premises are established by the Marriages and Civil Partnerships (Approved Premises) Regulations 2005 and Amendment Regulations 2011. It is these that the Council will apply when considering an application for approval.

The non-returnable fee for an application must be submitted with the application to the Proper Officer for Registration Matters at Flintshire County Council, County Hall, Mold, Flintshire CH7 6NR.

The application must be made by the proprietor or trustee of the premises. When made on behalf of a limited company, or other incorporated business there should be a separate statement of the names and addresses of all the directors.

The premises must fulfil the following standard requirements in the Regulations:

- 1) Having regard to their primary use, situation, construction and state of repair, the premises must, in the opinion of the authority, be a seemly and dignified venue for the proceedings.
- 2) The premises must be regularly available to the public for the formation of civil partnerships.
- 3) The premises must have the benefit of such fire precautions as may reasonably be required by the Council, having consulted with the fire and rescue authority, and such other reasonable provision for the health and safety of persons employed in or visiting the premises as the authority considers appropriate.
- 4) The room or rooms in which the proceedings are to take place if approval is granted must be identifiable by description as a distinct part of the premises.

The premises must also fulfil the following requirements set by the Council:

In considering the suitability of premises as a venue, the Council will have due regard to the following guidance from the Registrar General:

- 1) The laws relating to “approved premises” are intended to allow proceedings to take place regularly in hotels, stately homes, civic halls, similar premises and religious premises without compromising the solemnity of the occasion.
- 2) Premises are defined in the Regulations as a permanently immovable structure comprising at least a room, or any boat or other vessel which is permanently moored. Premises not within the meaning of this definition, such as the open air, a tent, marquee or any other temporary structure and most forms of transport, will not be eligible for approval.
- 3) Religious premises are:

- Premises which are used solely or mainly for religious premises; or have been so used and have not subsequently been used solely or mainly for other purposes.
 - They must also satisfy the requirements for premises described in paragraph 2 above. Only the following types of religious premises may be approved under the Regulations:
 - a church or chapel of the Church of England;
 - a church or chapel of the Church in Wales;
 - a place of meeting for religious worship included in the list of certified places maintained by the Registrar General under section 7 of the Places of Worship Registration Act 1855;
 - a place of meeting for members of the Society of Friends; or
 - a Jewish synagogue.
- 4) The Regulations make specific provision in respect of premises that are shared. These may be shared Churches under the Sharing of Church Buildings Act 1969 or chapels in places such as hospitals and universities that are also used by two or more Churches under that Act. Provision is also made where less formal sharing arrangements may exist but where premises are nevertheless used for the religious purposes of more than one religious organisation or faith group. In all cases the consent of all relevant governing authorities will be required.
 - 5) The premises must be a seemly and dignified venue for the proceedings, which must take place in an identifiable and distinct part of those premises. The primary use of a building would render it unsuitable if that use could demean proceedings or bring them into disrepute.
 - 6) The definition of religious premises in 3. (above) would prohibit a private house from being approved. Public access to the premises must be provided during the civil partnership registration.

Other Notes:

- 1) When you have submitted the application to the local authority it would be good practice to ensure that a copy of application form is displayed on the premises until the application has been determined.
- 2) If as a result of the display of this form, it is brought to your attention that an individual or group wishes to object to the proposed use of the building, then you should refer that person/group to your local authority.
- 3) If you have any questions about complying with the conditions of an approval then please contact your local authority for further advice.
