**Key Question 2: How good is provision?**

**Care, support and guidance:**

- The school places a strong emphasis on teaching pupils about values and this develops pupils' spiritual, moral and social awareness well.
- The extensive and varied range of learning experiences provided, including pupil visits and visitors to the school, contribute effectively to pupils' spiritual, moral, social and world-wide cultural development.

**Learning Environment:**

- The school is a fully inclusive community where pupils have equal access to the provision on offer. There is a clear focus on respecting and celebrating diversity.

**Key Question 3: How good is leadership and management?**

**Partnership working:**

- Links with the community church are particularly strong. The school makes good use of opportunities for pupils to learn about celebrations such as baptisms and weddings. The staff and children in the school benefit significantly from pastoral support they receive and their involvement with a church café provides the pupils with an active role in bringing the community together.
