1.02	The reasons for the projected variances occurring to date are summarised within appendix 2 with movements between periods summarised in appendix 1.																																																																											
1.03	<p>Significant budget movements between original and revised budget</p> <p>There have been no significant budget movements in month 12.</p>																																																																											
1.04	<p>Streetscene and Transportation</p> <p>The overall overspend within Streetscene & Transportation has increased slightly from a projected £0.880m overspend at Month 11 to £0.890m as at Month 12. The projected overspend within the service is due in part to the delay in the implementation of a number of efficiencies. In addition fluctuations in recycle sales due to a volatile market has led to an increased pressure on income projections which have resulted in a shortfall of £0.375m. Full details of movements are explained in Appendix 2.</p>																																																																											

1.05	<p>Programme of Efficiencies</p> <p>The 2015/16 budget contains £12.874m of specific efficiencies which are being tracked.</p>
1.06	Appendix 3 provides detail on the latest position where there is a variation to the level of efficiency achievable compared to the budget.
1.07	This shows that it is currently projected that £10.612m (82%) will be achieved resulting in a net underachievement of £2.262m. The underachieved efficiencies are included within the projected outturn figure.
1.08	<p>Inflation</p> <p>Included within the 2015/16 budget are provisions for pay (£1.304m), targeted price inflation (£0.421m), non-standard inflation (£0.102m) and income (£0.254m).</p>
1.09	For 2015/16 the amounts for non-standard inflation (NSI) include an allocation for food (£0.064m) and an allocation for Non Domestic Rates (£0.038m).
1.10	There is an amount of £0.240m remaining from 2014/15 which is also being held centrally. Areas subject to NSI increases will be monitored throughout the year and allocations made to portfolio areas only where a critical funding need is evidenced.
1.11	It is anticipated that the £0.064m for food inflation will not be required. In addition to this there is a surplus of £0.061m remaining from inflation set aside for pay. Therefore £0.125m is now projected to underspend. The balance of the 2014/15 inflation and £0.110m from the in-year inflation have been included as an efficiency within the 2016/17 budget.
	<p>Reserves and Balances</p>
1.12	<p>Unearmarked Reserves</p> <p>The 2014/15 outturn reported to Cabinet on 14th July 2015 showed unearmarked reserves at 31 March 2015 (above the base level of £5.769m) of £4.746m.</p>
1.13	Taking into account previous allocations and the current underspend at Month 12 the balance on the contingency reserve at 31 st March 2016 is projected to be £4.258m.

1.14	<p>Earmarked Reserves</p> <p>The Council has adopted a reserves protocol which was considered by Audit Committee and approved by County Council on 24th September 2015. This sets out the principles around how the council will determine, manage and review the level of its reserves and includes reference to regular reporting of the latest position to Cabinet and Corporate Resources Overview and Scrutiny Committee.</p> <p>The next updated position on earmarked reserves will be included in the outturn monitoring report.</p>
1.15	<p>Housing Revenue Account</p> <p>On 17 February 2015 the Council approved a Housing Revenue Account (HRA) budget for 2015/16 of £30.776m. The budget provided for a closing balance of £1.396m.</p>
1.16	<p>The 2014/15 Outturn Report to Cabinet on 14 July 2015 showed a closing balance at the end of 2014/15 of £1.510m.</p>
1.17	<p>The Month 12 monitoring report for the HRA is projecting in year expenditure to be £0.093m lower than budget and a projected closing balance as at 31 March 2016 of £1.330m, which at 4.3% of total expenditure satisfies the prudent approach of ensuring a minimum level of 3%.</p>
1.18	<p>Carry Forward Requests</p> <p>Various requests to carry forward funding into 2016/17 have been identified. Details of all carry forward requests are shown in appendix 6 and are recommended for approval.</p>

2.00	RESOURCE IMPLICATIONS
2.01	The Budget Monitoring Report reflects the planned use of the financial resources of the Council for the current financial year and details the variations occurring to date.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	None Required.

4.00	RISK MANAGEMENT
4.01	As we are nearing the closure of the 2015/16 accounts it is not anticipated that there are any significant risks to the Final Outturn which will be reported to Cabinet on 19 July 2016. The summary of in-year risks are not included as in previous month's reports as they have now been projected

through to year end.

7.00	GLOSSARY OF TERMS
7.01	Budget: a statement expressing the Council’s policies and service levels in financial terms for a particular financial year. In its broadest sense it includes both the revenue budget and capital programme and any authorised amendments to them.
7.02	Council Fund: the fund to which all the Council’s revenue expenditure is charged.
7.03	Financial Year: the period of twelve months commencing on 1 April.
7.04	Housing Revenue Account: the Housing Revenue Account (HRA) is a local authority account showing current income and expenditure on housing services related to its own housing stock. The account is separate from the Council Fund and trading accounts and is funded primarily from rents and government subsidy.
7.05	Projected Outturn: projection of the expenditure to the end of the financial year, made on the basis of actual expenditure incurred to date.
7.06	Reserves: these are balances in hand that have accumulated over previous years and are held for defined (earmarked reserves) and general (general reserves) purposes. Councils are required to regularly review the level and purpose of their reserves and to take account of the advice of the Chief Finance Officer.

7.07	Revenue: a term used to describe the day-to-day costs of running Council services and income deriving from those services. It also includes charges for the repayment of debt, including interest, and may include direct financing of capital expenditure.
7.08	Underspend: when referring to expenditure the actual expenditure incurred is less than budget. Shown as a –ve. When referring to income the actual income achieved exceeds the budget. Shown as a –ve.
7.09	Variance: difference between latest budget and actual income or expenditure. Can be to date if reflecting the current or most up to date position or projected, for example projected to the end of the month or financial year.
7.10	Virement: the transfer of budget provision from one budget head to another. Virement decisions apply to both revenue and capital expenditure heads, and between expenditure and income, and may include transfers from contingency provisions. Virements may not however be approved between capital and revenue budget heads.
