

## CLWYD PENSION FUND COMMITTEE

<b>Date of Meeting</b>	Tuesday, 27 September 2016
<b>Report Subject</b>	Economic and Market Update
<b>Report Author</b>	Pension Finance Manager

### EXECUTIVE SUMMARY

The purpose of the report is to provide Committee Members with an economic and market update for the quarter.

This report covers the period ending 30 June 2016.

The economic and market environment during the second quarter was dominated by the Brexit vote in late June, which resulted in widespread political and investment ramifications. The immediate market impacts following Brexit included:

- Increased volatility in equity markets
- A further drop in bond yields
- Sterling's highest intra day fall since 1985

However, despite the uncertainty in markets, positive returns were seen across all Growth assets over the quarter.

### RECOMMENDATIONS

1	To note and discuss the Economic and Market Update 30 June 2016.
2	To note how the information in the report effectively "sets the scene" for what the Committee should expect to see in the Investment Strategy and Manager Summary report in terms of the performance of the Fund's asset portfolio.

## 7.00 GLOSSARY OF TERMS

7.01

A list of commonly used terms are as follows:

- (a) **Absolute Return** – The actual return, as opposed to the return relative to a benchmark.
- (b) **Annualised** – Figures expressed as applying to 1 year.
- (c) **Duration** – The weighted average time to payment of cashflows (in years), calculated by reference to the time and amount of each payment. It is a measure of the sensitivity of price/value to movements in yields.
- (d) **Market Volatility** – The impact of the assets producing returns different to those assumed within the actuarial valuation basis, excluding the yield change and inflation impact.
- (e) **Money-Weighted Rate of Return** – The rate of return on an investment including the amount and timing of cashflows.
- (f) **Relative Return** – The return on a fund compared to the return on index or benchmark. This is defined as: Return on Fund minus Return on Index or Benchmark.
- (g) **Three-Year Return** – The total return on the fund over a three year period expressed in percent per annum.
- (h) **Time-Weighted Rate of Return** – The rate of return on an investment removing the effect of the amount and timing of cashflows.
- (i) **Yield (Gross Redemption Yield)** – The return expected from a bond if held to maturity. It is calculated by finding the rate of return that equates the current market price to the value of future cashflows.
