REPORT DETAILS

1.00	EXPLAINING THE COUNCIL PLAN 2019/20 MID-YEAR MONITORING REPORT
1.01	The Council Plan monitoring reports give an explanation of the progress being made toward the delivery of the impacts set out in the 2019/20 Council Plan. The narrative is supported by performance indicators and / or milestones which evidence achievement. In addition, there is an assessment of the strategic risks and the level to which they are being controlled.
1.02	This report is an exception-based report and concentrates on under-performance.
1.03	<p>Monitoring Activities</p> <p>Each of the sub-priorities under each theme within the Plan have high level activities which are monitored over time. ‘Progress’ shows action against scheduled activity and is categorised as:</p> <ul style="list-style-type: none"> • RED: Limited Progress – delay in scheduled activity and, not on track • AMBER: Satisfactory Progress – some delay in scheduled activity, but broadly on track • GREEN: Good Progress – activities completed on schedule and on track <p>A RAG status is also given for the assessment of our current level of confidence in achieving the ‘outcome(s)’ in-year for each sub-priority. Outcome is categorised as:</p> <ul style="list-style-type: none"> • RED: Low – lower level of confidence in the achievement of the outcome(s) in-year • AMBER: Medium – uncertain level of confidence in the achievement of the outcome(s) in-year • GREEN: High – full confidence in the achievement of the outcome(s) in-year
1.04	<p>In summary our overall progress against activities is:</p> <p>Progress</p> <ul style="list-style-type: none"> • We are making good (green) progress in 152 (88%). • We are making satisfactory (amber) progress in 20 (12%). <p>Outcome</p> <ul style="list-style-type: none"> • We have a high (green) level of confidence in the achievement of 154 (89.5%) outcomes. • We have a medium (amber) level of confidence in the achievement of 17 (10.0%) outcomes. • We have a low (red) level of confidence in the achievement of 1 (0.5%) outcomes.

	There are no RED or AMBER activities relevant to the Social & Health Care Overview & Scrutiny Committee.
1.05	<p>Monitoring our Performance</p> <p>Analysis of performance against the Council Plan performance indicators is undertaken using the RAG status. This is defined as:</p> <ul style="list-style-type: none"> • RED - under-performance against target. • AMBER - where improvement may have been made but performance has missed the target. • GREEN - positive performance against target.
1.06	<p>Analysis of current levels of performance against target shows the following:</p> <ul style="list-style-type: none"> • 46 (77%) have achieved a green RAG status • 8 (13%) have an amber RAG status • 6 (10%) have a red RAG status
1.07	There are no performance indicators (PIs) showing a red RAG status for current performance against target relevant to the Social & Health Care Overview & Scrutiny Committee.
1.08	<p>Monitoring our Risks</p> <p>Analysis of the current risk levels for the strategic risks identified in the Council Plan is as follows: -</p> <ul style="list-style-type: none"> • 3 (7.1%) are insignificant (green) • 6 (14.3%) are minor (yellow) • 27 (64.3%) are moderate (amber) • 6 (14.3%) are major (red) • 0 (0%) are severe (black)
1.09	<p>The major (red) risks identified for the Social & Health Care Overview & Scrutiny Committee are: -</p> <p>Priority: Caring Council Demand outstrips supply for residential and nursing home care bed availability.</p> <p>The expansion of Marleyfield House to support the medium term development of the nursing sector remains on track, with a target date of 2021. We were actively involved in Care Week in September, with promotion sessions undertaken across the county, resulting in a significant number of expressions of interest from prospective care staff from non-traditional profiles. One care home is currently in escalating concerns.</p>

	<p>Insufficient supply and escalating cost of placements for children with complex needs</p> <p>We have recently developed a Support and Placement Strategy 2019 – 2022 which was endorsed by a joint Social Services Education and Scrutiny on 25 July 2019. The Strategy centres on 3 core work streams:</p> <ul style="list-style-type: none"> • To safely reduce the number of children who need to be looked after • To support looked after children in local high quality placements • To improve outcomes for looked after children <p>This Strategy will support the reduced reliance on future residential placement needs and therefore be key to securing cost avoidance.</p> <p>The continued costs associated with the current cohort of children and young people living in expensive residential placements is a significant financial challenge. Any move from a placement will need to be carefully managed, be focussed on the child/young person and secure better medium/long term outcomes for them. There is scope to step some children to alternative arrangements but this is limited leaving continued financial pressures. Management controls are in place to mitigate the risk, which at the present time is rising to RED.</p>

8.00 GLOSSARY OF TERMS

Council Plan: the document which sets out the annual priorities of the Council. It is a requirement of the Local Government (Wales) Measure 2009 to set Improvement Objectives and publish a Council Plan.

Risks: These are assessed using a refreshed approach to risk management endorsed by Audit Committee in 2018. The new approach, includes the use of a more sophisticated risk assessment matrix which provides greater opportunities to show changes over time.

Risk Likelihood and Impact Matrix

Impact Severity	Catastrophic	Y	A	R	R	B	B
	Critical	Y	A	A	R	R	R
	Marginal	G	Y	A	A	A	R
	Negligible	G	G	Y	Y	A	A
		Unlikely (5%)	Very Low (15%)	Low (30%)	Significant (50%)	Very High (65%)	Extremely High (80%)

8.02 CAMMS – An explanation of the report headings

Actions

Action – Each sub-priority have high level activities attached to them to help achieve the outcomes of the sub-priority.

Lead Officer – The person responsible for updating the data on the action.

Status – This will either be ‘In progress’ if the action has a start and finish date or ‘Ongoing’ if it is an action that is longer term than the reporting year.

Start date – When the action started (usually the start of the financial year).

End date – When the action is expected to be completed.

% complete - The % that the action is complete at the time of the report. This only applies to actions that are ‘in progress’. An action that is ‘ongoing’ will not produce a % complete due to the longer-term nature of the action.

Progress RAG – Shows if the action at this point in time is making limited progress (Red), satisfactory progress (Amber) or good progress (Green).

Outcome RAG – Shows the level of confidence in achieving the outcomes for each action.

Measures (Key Performance Indicators - KPIs)

Pre. Year Period Actual – The period actual at the same point in the previous year. If the KPI is a new KPI for the year then this will show as ‘no data’.

Period Actual – The data for this quarter.

Period Target – The target for this quarter as set at the beginning of the year.

Perf. RAG – This measures performance for the period against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target.

Perf. Indicator Trend – Trend arrows give an impression of the direction the performance is heading compared to the period of the previous year:

- A 'downward arrow' always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire).
- Similarly an 'upward arrow' always indicates improved performance.

YTD Actual – The data for the year so far including previous quarters.

YTD Target – The target for the year so far including the targets of previous quarters.

Outcome RAG – The level of confidence of meeting the target by the end of the year. Low – lower level of confidence in the achievement of the target (Red), Medium – uncertain level of confidence in the achievement of the target (Amber) and High - full confidence in the achievement of the target (Green).

Risks

Risk Title – Gives a description of the risk.

Lead Officer – The person responsible for managing the risk.

Supporting Officer – The person responsible for updating the risk.

Initial Risk Rating – The level of the risk at the start of the financial year (quarter 1). The risks are identified as follows; insignificant (green), minor (yellow), moderate (amber), major (red) and severe (black).

Current Risk Rating – The level of the risk at this quarter.

Trend Arrow – This shows if the risk has increased (red, upward arrow), decreased (green, downward arrow) or remained the same between the initial risk rating and the current risk rating (amber, stable arrow).

Risk Status – This will either show as 'open' or 'closed'. If a risk is open then it is still a relevant risk, if the risk is closed then it is no longer a relevant risk; a new risk may be generated where a plan or strategy moves into a new phase.
