ACTION PROGRESS COMMENTS:

The pilot emergency bed provision commenced in December 2018 and ended in September 2019. The pilot was successful and established a demand for an emergency bed provision in Flintshire to help alleviate rough sleeping. The pilot also informed that the model needs to consider day provision and increased access to support services. The service is currently working towards an alternative provision as a priority and this will help to engage service users and providers to inform the permanent model to ensure it is fit for purpose and meets local needs.

ACTION PROGRESS COMMENTS:

The Outreach provision is in place and contracted until the end of the financial year. This provision enables the service to engage with rough sleepers, offer support and assistance and link them in with support services available in the area. The provision also works well in terms of the ability to react to reports of rough sleeper in a more efficient way and isn't restricted to office working hours.

Initial scoping work has been undertaken to better understand the requirement of a provision specifically for young people. A number of options are currently being investigated to determine feasibility. This work is complex an nature with a number of pieces of activity which need to be developed, visits to facilitate which have worked well would need to be a pre-requisite of its work stream.

ACTION PROGRESS COMMENTS:

Demand for a housing first approach in Flintshire has been established. Funding for this work stream was awarded by Welsh Government on 28 August 2019. Work is now progressing in terms of recruitment to be completed November 2019 for project commencement in December 2019. This is a model of delivery which supports some of our most complex and difficult to reach individuals. The pilot will look to a number of concepts and visit existing models of delivery.

HAWS letting agency are proactively working in Flintshire to increase the number of Private Rented Sector (PRS) properties available to meet housing demand. A Private Rented Sector Landlord event is planned for November 2019 to re-engage with this sector and understand landlords concerns and the barriers to housing some client groups, i.e unemployed applicants. This event will help the service to identify the areas landlords require support and assistance to make the Private Rented Sector more accessible to all applicants.

ACTION PROGRESS COMMENTS:

The Council and its partners have been exploring a number of options which will see progress maintained through the development of a longer term and sustainable solution to food poverty. In order to address these issues in the long term, a local social-food-enterprise is in the process of being developed. The mission of the company will be to "connect everyone with good fresh food". A primary aim will be to reach and develop sustainable models for people to access good affordable fresh food, particularly linking in with work we do and services we provide such as:

- Domiciliary care and linking food provision with care services.
- Developing a transition programme from food aid to food purchase for vulnerable groups, i.e. homeless families.
- To link in with services which support residents and embed support around food provision within those services.
- To use food provision as a catalyst to begin to tackle loneliness and isolation.

This work is progressing well and is in the final stages of implementation.

The deployment of Mobysoft is also helping to change working practices and target resources through a combination of early interventions to assist tenants in need of help and taking recovery action against tenants who fail to engage or pay. The service has stabilised collections and prevented overall arrear levels from escalating further, despite the ongoing challenges with welfare reform and an increasing number of tenants claiming Universal Credit. The early interventions and the ongoing joint working between Housing teams in Rent Income and Supporting People is helping to ensure tenancies are sustained by preventing arrears building up and ensure tenants with complex needs or those in financial difficulty receive 'fast-tracked' support they need to address their rent payments.

ACTION PROGRESS COMMENTS:

Although currently below target for the six month period we are confident that the full year target is achievable. Both the Communities For Work and Communities For Work + teams are now fully staffed and engagement activity and events are due to increase in Quarter three and Quarter four. Successful Employability Roadshows were held at Broughton Park and Mold in June and further roadshows are planned in Quarter three. Roadshows bring together local employers with those seeking opportunities and have proved a highly successful route into work or further education for our mentorees. The teams have helped support our mentoring scheme participants with 17 entering employment and 21 accessing further training and three into work placements. Employment outcomes include Administration, Customer Services, Security and Retail.

RISKS

Strategic Risk

Risk Ref.	Risk Title	Risk Type	Lead Officer	Supporting Officers	Initial Risk Rating	Current Risk Rating	Risk Trend	Risk Status
ST151	Homelessness will remain a growing area of demand due to the current economic climate	Strategic Risk	Jenni Griffith - Homeless and Advice Manager	Lesley Bassett - Housing Strategy Manager	Amber	Amber	*	Open

Potential Effects:

Homelessness remains an area of risk. The lack of suitable, settled accommodation for those on welfare benefits has caused delays in being able to achieve positive outcomes for customers.

Management Controls:

The Council has been awarded in year funding to assist with additional measures to develop Landlord incentives within the private rented sector and a strategic partnership with HAWs will commence in May 2019. The emergency beds provision is in place and is proving to be in demand. In addition there is an Outreach Worker in post, employed through Clwyd Alyn, who follows up on street homeless and individuals who attend the emergency bed provision.

Lead Supporting Officer Comments:

Homelessness remains a risk as a result of a number of factors. The introduction of welfare reforms and Universal Credit has created additional barriers to being able to successfully discharge duties to customers. The number of people presenting to the authority for help has decreased slightly this quarter and requires close monitoring. The Council has been awarded in year funding to assist with additional measures to develop Landlord incentives within the private rented sector and a strategic partnership with HAWS Lettings Agency commenced in May 2019. The emergency beds provision pilot established a demand but unfortunately this pilot has ended and there is currently no emergency bed provision in place. This is a service priority for quarter three. There is an Outreach Worker in post, employed through Clwyd Alyn, who follows up on street homeless and offers support and assistance to access services.

ST152	The supply of affordable housing will continue to be insufficient to meet community needs	Strategic Risk	Melville Evans - Senior Manager - Housing Programmes	Denise Naylor - Housing Programmes Support Manager	Red	Amber	•	Open

- i) Increase in homelessness.
- ii) Increased pressure on the Housing Options Team.
- iii) Increase in people sleeping rough.

Management Controls:

A Housing Strategy Manager is in post to monitor and manage Section 106 and Social Housing Grant programmes.

Lead Supporting Officer Comments:

This is an ongoing risk as the shortfall of affordable housing to meet local housing need as identified in the Local Housing Market Assessment is 238 per annum, which is rarely met year on year, therefore is a cumulative shortfall of affordable housing each year. Therefore, whilst the Council, our Housing Association partners and developers are committed to delivering significant number of affordable housing there will continue to be a shortfall for the foreseeable future.

To this effect, the Council's SHARP has delivered a total of 172 new social (110) and affordable rent (62) homes to date, whilst a further 102 units are under construction or scheduled to start. There have been issues at the scheme at Nant y Gro, Gronant which once resolved and approved will deliver a further 41 council and affordable homes. Three further schemes which will deliver a further 111 units are being worked up.

The Housing Associations are committed to delivering 229 affordable housing by 2021 through the Social Housing Grant programme. In addition, NEW homes has a Council approved Development Strategy which is looking to deliver a further 200 units over the next two years.

In light of the findings of the Welsh Government's Affordable Housing Review, the Council is now working with other local authorities and North Wales Housing Associations to develop a North Wales Procurement Framework with North Wales based contractors which could enable it to deliver new housing schemes under new arrangements post the SHARP contract. This could enable the Council to engage with local developers and partner housing associations to deliver sites locally. It is proposed that the new Framework will be operational by April 2020.

ST153	Department for Works and Pension's Welfare Reform Programme, including Universal Credit full service implementation which would place increasing demand on the Council for affordable and social housing	Strategic Risk	Cheryl Marland - Housing Access and Sarth Team Leader	Denise Naylor - Housing Programmes Support Manager, Lesley Bassett - Housing Strategy Manager	Amber	Amber	*	Open

Welfare reforms may potentially impact the Council's ability to offer affordable housing to those affected. Examples of the types of reforms that will have may impact include: LHA Cap - Residents affected by the LHA cap who are already excluded from the private rented sector due to affordability may not be able to afford social rents Bedroom Tax - This has been in place for some time for those residents that are under occupying properties and in receipt of housing benefit and will continue under Universal Credit role out.

Management Controls:

Developing innovative housing schemes that will aim to provide housing at a cost that under 35's can meet. The Common Housing Register recognises affordability as a housing need and gives priority to those who are suffering financial hardship in terms of housing costs due to the impacts of welfare reforms.

Lead Supporting Officer Comments:

This risk will be reviewed to consider whether the Welfare Reform Programme directly impacts the increasing demand for social and affordable housing.

ST154	Diminishing land supply for council housing construction	Strategic Risk	Melville Evans - Senior Manager - Housing Programmes	Denise Naylor - Housing Programmes Support Manager	Amber	Green	•	Closed

Potential Effects: Reduction in number of housing units delivered

Management Controls: On-going work to maximise the use of Council land and other publically owned land. Privately owned sites are reviewed for their potential use and purchase.

Lead Supporting Officer Comments: To date the number of new Council and affordable homes completed, being built or scheduled to be built has reached 305. The target of 500 by 2021 is within reach with work underway to identify land suitable for the construction of the remaining 195 new affordable and council homes. This could include development on sites which are not council owned in partnership with local developers and housing associations through the North Wales Development Framework.

ST155	Capital borrowing limits for Council housing	Strategic Risk	Melville Evans - Senior Manager - Housing Programmes	Denise Naylor - Housing Programmes Support Manager	Amber	Green	•	Closed

Reduction in construction and delivery of Council houses.

Management Controls:

- i) Submit application to Welsh Government for increase in borrowing cap relating to specific schemes.
- ii) Lobby Welsh Government to remove borrowing limits following removal in England.
- iii) Seek increase in borrowing cap with the UK Government through the Growth Deal.

Lead Supporting Officer Comments:

The cap on borrowing within the housing revenue account ended May 2019. The ending of the cap means that Flintshire will continue to invest in building council homes.

	Customer expectations for the timeliness of adaptations undertaken through Disabled Facilities Grants (DFGs) may not be met due to competing demands on resources	Strategic Risk	Neal Cockerton - Chief Officer - Housing and Assets	Jen Griffiths - Benefits Manager	Amber	Amber	•	Open

There will be a reputational risk to the Council if adaptations fail to meet the expectations of customers. This in increased because of the national ranking of performance by Welsh Government.

Management Controls:

- i) Monitoring and management of adaptation cases.
- ii) Ongoing process review.
- iii) Continually seek ways to further increase cost-efficiency.
- iv) Increase in budget allocation to meet demand.

Lead Supporting Officer Comments:

The performance on DFG timescales has been an area of challenge over time and a management board was established to improve and monitor progress. The budget for the programme is currently on track.

There has been improved performance in relation to timescales for completing adaptations, which also improves the outcomes for our customers

	Universal Credit Full Service roll out: by working in partnership with the Department of Working Pensions (DWP) and other stakeholders to manage any negative impact from falling upon both residents and Council services.	Strategic Risk	Jen Griffiths - Benefits Manager	Dawn Barnes - Welfare Reform Manager	Red	Amber	•	Open

The impact of Welfare Reform on Flintshire households increasing the demand for advice and support to unprecedented levels. Potential increases in rent arrears and decrease of Council Tax collection. Potential increased risk of homelessness and need for accommodation. Increased demand in existing support services.

Management Controls:

Welfare Reform is undoubtedly impacting services. Work is taking place to identify why rent arrears have increased. Collaborative working is taking place to improve communication across the teams. This will help to identify opportunities for early intervention. Council Tax Collection continues to be under pressure and currently reviewing the claims process for Council Tax Reduction to make it easier and quicker. Although there is no evidence of links to increased presentations for homelessness, this remains a risk and will continue to monitor the rate of homelessness. From 1st April 2019 the Council will not be funded by the Department for Works & Pensions for providing Personal Budgeting and Assisted Digital Support which will be a risk for 2019-20. From April 2019, the Welfare Reform Response Team will continue to provide assistance and support to residents who are impacted by Welfare Reform.

Lead Supporting Officer Comments:

Work is now well underway to identify and manage the impacts of Universal Credit on Council Tenants and their rent accounts. Work is concentrated around early intervention which enables support to be provided to those who need it, but a harder line to be taken with those who can pay but choose not to. This provides a more realistic chance of the rent account coming back under control and out of arrears.

There will inevitably always be an element of cash flow arrears on accounts due to the Universal Credit payments (whether direct to the Council or directly to the tenant) are made in arrears.

In April 2019 funding by the Department for Works & Pensions for providing Personal Budgeting Support and Assisted Digital Support ended. During 2019/20 the Welfare Reform Team continue to provide assistance and support to residents who are impacted by Welfare Reforms with a focus on early identification and intervention to prevent the problem from escalating.

Commencement in July 2019 of a Department for Works & Pensions Pilot of moving those in receipt of existing benefits or tax credits onto Universal Credit known as managed migration will be a risk of an increase in demand in services for 2019/20.

We are currently improving communications across teams to help identify customers who will require further support and guidance. Council Tax Collection remains under pressure.

	Demand for advice and support services will not be met	Strategic Risk	Jen Griffiths - Benefits Manager	Sian Humphreys - Welfare Reform Manager	Amber	Amber	*	Open

The impact of Welfare Reform on Flintshire households increasing the demand for advice and support to levels beyond what resource can handle in a timely manner.

Management Controls:

The Flintshire Advice and Support Gateways are ensuring residents in need of help are referred to an appropriate service provider and maximising effective use of resources as far as possible.

Lead Supporting Officer Comments:

The Council's Welfare Reform Response Team provides assistance and support with the implementation of Universal Credit. Referrals to wider support services remain high with a significant number of residents presenting with underlying debt issues. Managers across Customer Services, Neighbourhood Housing and Revenues and Benefits continue to work together to develop early intervention strategies.

ST160	Debt levels will rise if tenants are unable to afford to pay their rent or council tax	Strategic Risk	David Barnes - Manager - Revenues	Sheila Martin - Income Team Leader	Amber	Amber	•	Open

With the introduction of Universal Credit and reduction in benefits being paid it is anticipated that tenants will struggle to maintain their payments increasing the level of debt owed to the Council for Rent and Council Tax.

Management Controls:

The deployment of Mobysoft is also helping to change working practices and target resources through a combination of early interventions to assist tenants in need of help and taking recovery action against tenants who fail to engage or pay. The formation of an early intervention team and the ongoing joint working between Housing teams in Rent Income and Supporting People is helping to ensure tenancies are sustained by preventing arrears building up and ensure tenants with complex needs or those in financial difficulty receive 'fast-tracked' support they need to address their rent payments.

Lead Supporting Officer Comments:

Rent arrears are starting to stabilise and being brought under control, as a result of the measures introduced to tackle rent arrears through early intervention with tenants, but where necessary, also escalating cases to court quickly for those tenants who fail to engage or pay.

To ensure the rent recovery process is more efficient to meet the challenges of the future, the investment and 'go-live' deployment of the Mobysoft Rent Sense solution in June 2019 now allows the Rent Income service to track and monitor rent arrears much more quickly through systems that will offer predictive analytics, trend-analysis and risk profiling, meaning that officer time will not be wasted on cases that do not require contact.

The unprecedented additional work generated by the launch of Universal Credit full service rollout from April 2017 continues to create a changing and challenging rent collection environment but on a positive note, the increasing reliance of managed/direct payments through the Department of Work and Pensions (DWP) is helping to stabilise the increase in rent arrears by ensuring those in receipt of UC are able to meet their obligations to pay rent, even though as a social landlord, the Council receives managed payments in arrears

Council Tax collection rates have not been majorly impacted by the introduction of Universal Credit. In 2018/19, the Council collected 'in-year' 98.2% of council tax which resulted in Flintshire achieving the highest collection level of any Welsh local authority.

	The local economy will suffer if residents have less income to spend	Strategic Risk	Jen Griffiths - Benefits Manager	Sian Humphreys - Welfare Reform Manager	Amber	Amber	*	Open

The local economy will see a decline if residents are not able to spend at current levels.

Management Controls:

The council is continuing to support residents to access advice and support to enable them to better manage their financial situation.

Lead Supporting Officer Comments:

Welfare Rights and Supporting People teams continue to work with residents during the year to explore areas of income maximisation for residents of the County. This work is critical to ensure residents receive the correct levels of Social Security Benefits. Therefore allowing residents to be in a position to contribute more widely to the local economy.
