What is Governance?

“Governance is at the heart of public services. It underpins how resources are managed, how decisions are made, how services are delivered and the impact they have, now and in the future. It also infuses how organisations are led and how they interact with the public. Governance needs to be robust but it must also be proportionate. Well-governed organisations are dynamic and take well-managed risks; they are not stagnant and bureaucratic.”¹

The governance framework comprises the culture, values, systems and processes by which an organisation is directed and controlled. The framework brings together an underlying set of legislative requirements, good practice principles and management processes.

Flintshire County Council acknowledges its responsibility for ensuring that there is a sound system of governance. We have developed a Local Code of Corporate Governance that defines the principles that underpin the governance of the organisation. The Local Code forms part of the Council Constitution and can be accessed on our website. A summary of the principles upon which it is based can be found later in this document.

Our governance framework supports our aim as a modern public body which has the **philosophy** of operating as a social business which refers to it:

- being lean, modern, efficient and effective;
- being designed, organised and operated to meet the needs of communities and the customer; and
- working with our partners to achieve the highest possible standards of public service for the well-being of Flintshire as a County

To meet these aspirations, we have set the **standards** of:-

- achieving excellence in corporate governance and reputation;
- achieving excellence in performance against both our own targets and against those of high performing peer organisations;
- being modern and flexible, constantly adapting to provide the highest standards of public, customer, and client service and support;
- using its four resources - money, assets, people and information - strategically, effectively and efficiently; and
- embracing and operating the leanest, least bureaucratic, efficient and effective business systems and processes

¹ Wales Audit Office: “Discussion Paper: The governance challenges posed by indirectly provided, publicly funded services in Wales” 2017

To achieve these standards, our **behaviours** are:-

- showing strategic leadership both of the organisation and our partnerships;
- continuously challenging, reviewing, changing and modernising the way we do things;
- being as lean and un-bureaucratic as possible;
- using new technology to its maximum advantage; and
- using flexible working to its maximum advantage

We are committed to the **principles** of being:-

- a modern, fair and caring employer;
- fair, equitable and inclusive in its policies and practices; and
- conscientious in planning and managing its activities, and making decisions, in a sustainable way

We are committed to specific values and principles in working with our key partners and partnerships. These cover strategic partnerships such as the Public Services Board and with the third sector such as agreeing a set of Voluntary Sector Funding principles.

What is the Annual Governance Statement?

We are required by the Accounts and Audit (Wales) Regulations 2018 to prepare a statement on internal control. Alongside many authorities in Wales, we refer to this as the 'Annual Governance Statement'. This is a public document that reports on the extent to which we as the Council comply with our own code of governance.

In this document, we, the Council:

- Acknowledge our responsibility for ensuring that there is a sound system of governance;
- summarise the key elements of that governance framework and the roles of those responsible for the development and maintenance of the governance environment;
- describe how we have monitored and evaluated the effectiveness of our governance arrangements in year, and any planned changes in the coming period;
- provide details of how we have responded to any issue(s) identified in last year's governance statement; and
- report on any governance issues identified from this review and provide a commitment to addressing them.

The Annual Governance Statement reports on the governance framework that has been in place at Flintshire County Council for the financial year 2021/22 and up to the date of approval of the Annual Statement of Accounts.

How has the Annual Governance Statement been prepared?

The initial review of our governance framework was carried out by the Corporate Governance Working Group. This group worked with each corporate Chief Officer and also for some specific governance functions such as finance, human resources and legal. Our approach was based on the seven principles that follow in the main part of this document and were assessed to identify any areas for improvement. Questionnaires were also completed by the Members of the Governance & Audit Committee and Chairs of Overview and Scrutiny committees.

The preparation and content of this year's governance framework has been considered by the statutory officer's, with assurance support from Internal Audit, Governance & Audit Committee and Audit Wales. We recognise that our governance framework cannot eliminate all risk of failure to meet the targets in our policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

In preparing the Annual Governance Statement, we have:

- reviewed the Council's existing governance arrangements against the Local Code of Corporate Governance.
- updated the Local Code of Corporate Governance where necessary, to reflect changes in the Council's governance arrangements and the requirements of the new CIPFA/Solace 2016 – Guidance Notes for Welsh Authorities.
- assessed the effectiveness of the Council's governance arrangements and highlighted any planned changes in the coming period.

The Chief Officer Team, which is led by the Chief Executive, have also considered the governance issues and principles facing the Council. These are evidenced in the Annual Governance Statement (Part 2) from page 15 of the document. Principles assessed as needing further improvement are detailed in the Annual Governance Statement from Page 17.

Our Governance & Audit Committee provides assurance to the Council on the effectiveness of its governance arrangements, risk management framework and internal control environment. As part of this role the Committee reviews and approves the Annual Governance Statement. The Governance and Audit Committee were also asked to consider and comment on the progress made on the last AGS and any further matters to be considered. They expressed general satisfaction with the Annual Governance Statement.

The five Overview & Scrutiny Chairs have also considered and commented on issues within the remit of their respective committees. They expressed general satisfaction with the Annual Governance Statement.

What are the key principles of the Corporate Governance Framework?

We aim to achieve a good standard of governance by adhering to the seven key principles of the CIPFA/Solace 2016 – Guidance Notes for Welsh Authorities, which form the basis of the Local Code of Corporate Governance. The seven key principles are:

Principle A	Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
Principle B	Ensuring openness and comprehensive stakeholder engagement
Principle C	Defining outcomes in terms of sustainable economic, social, and environmental benefits
Principle D	Determining the interventions necessary to optimise the achievement of the intended outcomes
Principle E	Developing the our organisation's capacity, including the capability of its leadership and the individuals within it
Principle F	Managing risks and performance through robust internal control and strong public financial management
Principle G	Implementing good practices in transparency, reporting, and audit to deliver effective accountability

Please note whilst the Code refers to an 'entity' for the purpose of greater clarity we have replaced this with 'our organisation'.
