| Localities   | -0.522                        | Social Care Recovery Fund grant slippage of £0.393 was transferred to this budget heading to offset Direct Payment costs. Domiciliary and Direct Payment costs were reduced by £0.160m over the last two months due to demand. Maternity leave, long term sickness absences and new vacancies have meant staff costs reduced by £0.065m. There was an additional cost within the residential budget to purchase a block bed contract to minimise hospital bed usage. |
| Resources & Regulated Services                             | 0.244                         | It was expected that the Social Care Recovery Fund grant would fund £0.275m for hospital discharges to in-house residential care homes. However, due to admission embargos because of Covid infections this amount was unable to be used in full, meaning £0.247m of grant support was transferred from this service.  |
