Introduction

Welcome to Flintshire’s Annual Performance Report (APR). This document gives an overview of the performance of the Council during 2023/24 against the priorities set within our Council Plan (2023-28) and progress against our Well-being Objectives;

- Protecting people from poverty by supporting them to meet their basic needs
- Housing in Flintshire meeting the needs of our residents and supporting safer communities
- Limiting the impact of the Council’s services on the natural environment and supporting the wider communities of Flintshire to reduce their own carbon footprint
- Enabling a sustainable economic recovery and growth
- Supporting people in need to live as well as they can
- Enabling and Supporting Learning Communities

The Annual Performance Report also provides an overview of performance of the Council in relation to other key areas, including climate change and monitoring budget.

Flintshire County Council continues to pride itself on being a Council which performs highly for its local communities and one which is guided and motivated by a set of strong social values.

The past year has been another challenging year for many, especially in light of the current economic situation and the continued cost of living pressures. However, as a Council we have continued to deliver good quality services; development of sustainable housing, supporting residents of Flintshire, delivering high quality education and learning opportunities, and a continued commitment to being a green Council.

Next year we will be mid-way through of five-year Council Plan and as a Council this provides us with the perfect opportunity to review progress achieved so far against our existing priorities and Well-being Objectives and also inform planning for the Council’s future direction to support with making a positive and lasting difference.

Priority Setting

The report has amended slightly from last year’s Annual Performance Report and now includes analysis of our end of year performance in relation to the Council Plan (2023-28), whereas previously this report used to focus on performance within each Portfolio.

The Council Plan (2023-28) sets out the Council’s seven priorities and Well-being Objectives and what we aim to achieve. These priorities and Well-being Objectives have been chosen as the areas where the Council can add the most value and also help us to identify how we are working towards the [Well-being of Future Generations \(Wales\) Act 2015](#).

Designated public bodies are required to work individually and collectively to improve well-being in Wales. The seven well-being goals and the five ways of working (Sustainable Development Principle) set a general purpose for public bodies.

Section 5 of the report will provide a high level overview of our performance against the Council Plan (2023-28) under the following headings.

- Priority
- Key Achievements and More
- What We Said We Will Do
- Future Improvements

Council Plan (2023-28) Summary of Performance

Overall, 2023/24 performance has been a positive start to the Council Plan (2023-28) with 74% of actions that have either met or exceeded their targets for the year, achieving a green RAG (Red, Amber, Green) status and 65% of measures also have either met or exceeded their targets, achieving green RAG status.

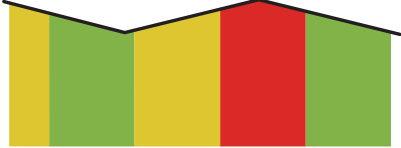

The Council recognises that not all outcomes (actions and measures) have been achieved, but there is a need to be mindful of the number of competing priorities as a Council we have responsibility for, and the

increased economic and financial constraints; however, performance and improvement remain a high priority for the Council with many positive outcomes achieved this financial year.

With the Council Plan being a five-year plan and the aim of thinking longer term (Sustainable Development Principle) there are outcomes which are continuing next year and others that will continue through the duration of the Plan. Thus, allowing performance to be analysed over a period of time.

4.1 Assessment of Our Performance

Assessment of our Seven Priorities and Well-being Objectives

Key Achievements and More

- The adoption of the Local Development Plan (LDP) was premised on the basis of certain allocated housing sites having to demonstrate nutrient neutrality in terms of not harming the Bala Lake and River Dee (Special Area of Conservation) through the release of phosphates from waste water treatment works into the River Alyn. Work commenced on the feasibility of developing wetlands alongside the waste water treatment works at Mold, Buckley and Hope, which would have required developer financial contributions as part of a process to have been set out in Supplementary Planning Guidance (SPG). However, the release of updated and unchanged permits for the three waste water treatment works by Natural Resources Wales and the availability of 'headroom' (difference between the level of phosphate permitted by the permit and the actual level of phosphate being released by the treatment works) evidenced by Dwr Cymru/Welsh Water has provided a window within which to deliver LDP allocations.
- The revised Procurement Strategy for 2024/2027, has a key theme centred around 'Climate Emergency' - ensuring procurement exercises have a reduced impact on CO2 emissions, and that our suppliers embrace our Net Zero Carbon ambitions too.
- The Council's investment in the RE:fit Framework for 2024/25 and 2025/26 will see energy efficiency and renewable energy works worth £1.5 million invested in our building assets. The framework has been awarded and project work will commence post - April 2024.
- The programme of activities to decarbonise the Council's assets and services continues to work to plan by meeting interim targets. This is a long term target regarding the Council's carbon footprint taking us to 2030, and we are currently on target at 10%, giving us a green RAG status.
- The following strategies and plans have been reviewed and now incorporate the Council's Net Zero Carbon ambitions: Asset Management Plan, Procurement Strategy, Biodiversity Plan, Waste Strategy, and Housing Strategy and action plan.
- A working draft of the Flood Risk Management Strategy has been drafted with consultants and the next stage is to complete the draft action plan in order to carry out stakeholder consultation with Members and key stakeholders. This will then lead to a public consultation exercise on the strategy before review of comments made, sign off by the Council, and submission to Welsh Government.

Work has also begun with Repair Café Wales to introduce more repair centres.

Strategic Equality Plan

The new Plan includes actions from Welsh Government’s Anti-racist Wales action plan and the Lesbian, Gay, Bisexual, Transgender, Questioning, Plus (LGBTQ+) Action Plan for Wales. The Council’s Housing Team is working with Tai Pawb to develop specific actions and training to embed an anti-racist approach within the Service. A new LGBTQ+ e-learning module has been developed to support the implementation of the new SEP and meet the commitments of the LGBTQ+ Action Plan for Wales.

Vision Support reviewed the Council website to ensure it is fully accessible for people who are blind or have visual impairments. The results of their review were positive and no issues with accessibility were identified.

We have continued to work with the University of Manchester on developing a new approach for Integrated Impact Assessments (IIA). The new IIA Tool has been piloted by several officers across the Council, this takes into account recommendations made by Audit Wales in their report “Equality Impact Assessments: more than a tick box exercise”. An evaluation of the new Tool will be completed by the University during 2024/25 which will involve interviews with both IIA authors and decision makers. This will help understand how the outcomes of IIAs influence decisions made by the Council.

Welsh Language

There has been an increased number of initiatives to increase the use of Welsh by employees. In addition to providing Welsh language skills training and offering informal chat sessions. Several teams are participating in Bangor University's ARFer project which aims to increase the use of incidental Welsh amongst employees, whatever their level of skill. We have developed video recordings with phonics to support employees use more Cymraeg in meetings and on the telephone. This means that employees can hear and see words and phrases to support pronunciation.

laith, the Welsh Centre for language planning, delivered a series of courses- "Welsh Matters for Everyone" and "Welsh Matters for Managers".

The aim of these courses was to look at:

- **Influences on language use** - reflect upon personal experience and knowledge, understand changes to the status of the Welsh Language and what influences language attitudes and behaviours.
- **Why Use Welsh** - understand National Policy and legislation and the Language Standards in Flintshire
- **Facts and figures about the Welsh Language** - linguistic demography of Wales and Flintshire
- **Working Bilingually** - importance of bilingual services

We have experienced difficulties recruiting Welsh speaking job applicants, as have other public bodies. To tackle this we worked with Wrexham County Borough Council and partners, including Menter Iaith Fflint a Wrecsam, Mudiad Meithrin and Coleg Cambria, to look at solutions to attracting and recruiting more Welsh speakers to our organisations. This has involved two employees being involved in promotional videos to show how we support employees to use Welsh at work. The North Wales Regional Public Services Board also commissioned Iaith to look at issues and solutions to recruiting and retaining Welsh speaking employees. This work will be completed during 2024/25.

During 2023/24, we asked employees to complete a Welsh language attitude survey the results will be used to develop more initiatives to promote the Welsh language during 2024/25.

Partnership and Collaboration Activity 8

Flintshire has a longstanding and proud track record of partnership working. The communities it serves rightly expect the statutory and third sector partners to work together to manage shared priorities through collaboration. The Flintshire Public Services Board is at the heart of promoting a positive culture of working together, setting shared priorities, and combining resources for the benefit of Flintshire, with an overall aim of improving local well-being.

The Flintshire Public Services Board was formally established in April 2016 following the Well-being of Future Generations (Wales) Act 2015 coming into effect. The Flintshire Public Services Board and Wrexham Public Services Board formally merged in January 2023.

Membership of the Flintshire and Wrexham Public Services Board includes Natural Resources Wales, Betsi Cadwaladr University Health Board, North Wales Fire and Rescue Service, Flintshire County Council, Wrexham County Borough Council, Association of Voluntary Organisations Wrexham, Flintshire Local Voluntary Council, Coleg Cambria, DWP, North Wales Police, Wrexham Glyndwr University and Welsh Government.

The Flintshire and Wrexham Public Services Board is working with its communities to change how we do things, to make sure we will be able to face the challenges ahead such as the climate and nature emergency, and how we ensure good mental health and wellbeing for all.

A key focus for the Flintshire and Wrexham Public Service Board has been the development of a new five-year Well-being Plan, drawing

on the findings of the Well-being Assessments produced in 2022. The Flintshire and Wrexham Public Services Board Well-Being Plan 2023-2028 contains two well-being objectives for the Public Services Board over the coming five years:

- 1. **Building flourishing communities by reducing inequalities across environment, education, employment, income, and housing.**
- 2. **Improve community well-being by enabling people of all ages to live safe, healthy, and independent lives.**

Under these objectives are several outcomes, which fall under three themes: Children and Young People, Our Communities, and Where We Work.

The Well-being Plan 2023 - 2028 will shape the work of the Public Services Board over coming years and there will be close working with other Public Services Boards across North Wales, along with local communities.

Risk Management

All Council Plans, business as usual and emerging risks are identified, assessed, treated, and monitored using the Council's Risk Management Framework.

Risks are identified using qualitative (milestones & actions) and quantitative (performance indicators, financial) data. Risk identification remains a key priority for the Council.

It is a continuous process which is embedded in not only in our day to day (business as usual) but embedded within our Council Planning, Portfolio Business Planning, Project Management, and Partnerships (short term, medium term and long term).

Regulation, Audit and Inspection

The Council is regulated by organisations throughout the year. These include, amongst others, Audit Wales, Estyn (the education inspectorate) and the Care Inspectorate Wales.

The Annual Audit Summary for 2023, sets out the audit and regulatory work completed by Audit Wales of Flintshire County Council since the last annual report which was published in April 2024. Overall, the Auditor General for Wales has reached a positive conclusion and no formal recommendations have been made during the year. Full details of the report are available on Audit Wales [website](#).

Our Flintshire, Our Future 2023 - 2024

The budget, your Council Tax and local services

Every year councils have to set a budget which balances their resources with their spending needs. Between 2008 and 2020 all councils received reduced funding from government. As a low funded council - ranked 20 out of 22 councils in Wales - Flintshire was particularly exposed to the effects of this period of austerity.

Over the last 14 years, Flintshire County Council has reduced its spending by **£100M**. Every year it's been harder and harder to make more savings and protect services. At times hard budget choices have been needed.

Where the Council's money comes from

- Comes from the Welsh Government
- Comes from Council Tax
- Comes from the fees we charge for some services e.g. planning fees, garden waste charges, Register Office fees

Budget Monitoring 2023/24

What your Council Tax pays for

The Council Tax you pay goes up every year, but not all the money collected goes to pay for council services. It also supports 34 Town and Community Councils, the North Wales Police and Crime Commissioner and contributes to increases in funding for other regional services.

How Council Tax is shared between the Council and other public services

£125.5M is the total the Council expects to collect in Council Tax in 2023/24, of which:

- 80%** is retained by the Council as a contribution to run local services
- 17%** is collected on behalf of North Wales Police and the Police and Crime Commissioner
- 3%** is collected on behalf of our Town and Community Councils

Flintshire County Council is committed to keeping its annual increase at 5% or less and has applied a 3.99% increase to pay for council services.

All six North Wales councils also contribute to the costs of the North Wales Fire and Rescue Authority, The North Wales Coroners Service and GWE - the Regional Education Improvement Service. Flintshire has added an extra 0.96% to cover annual increases in these contributions.

This brings the total increase of Flintshire County Council's portion of Council Tax to 4.95%.

What this means in monetary terms for Council Tax for 2023/24

Using an average Band D property example:

	2023/24	2022/23	Increased Cost	Percentage increase
 Flintshire County Council	£1,521.33	£1,449.58	£71.75	4.95%
 North Wales Police & Crime Commissioner	£333.09	£316.80	£16.29	5.14%
 Town and Community Councils*	£51.98*	£49.02*	£2.96*	6.04%*
TOTAL COST	£1,906.40	£1,815.40	£91.00	5.01%

* average cost across all 34 Town and Community Councils, the cost on individual bills will differ from Council to Council

The Council was successful in balancing the budget for 2023/2024

What is the Annual Governance Statement?

The Accounts and Audit (Wales) Regulations 2018 require us to prepare a statement on internal control.

Like many authorities in Wales, this is referred to as the 'Annual Governance Statement'. This is a public document that reports on the extent to which we as the Council comply with our own code of governance.

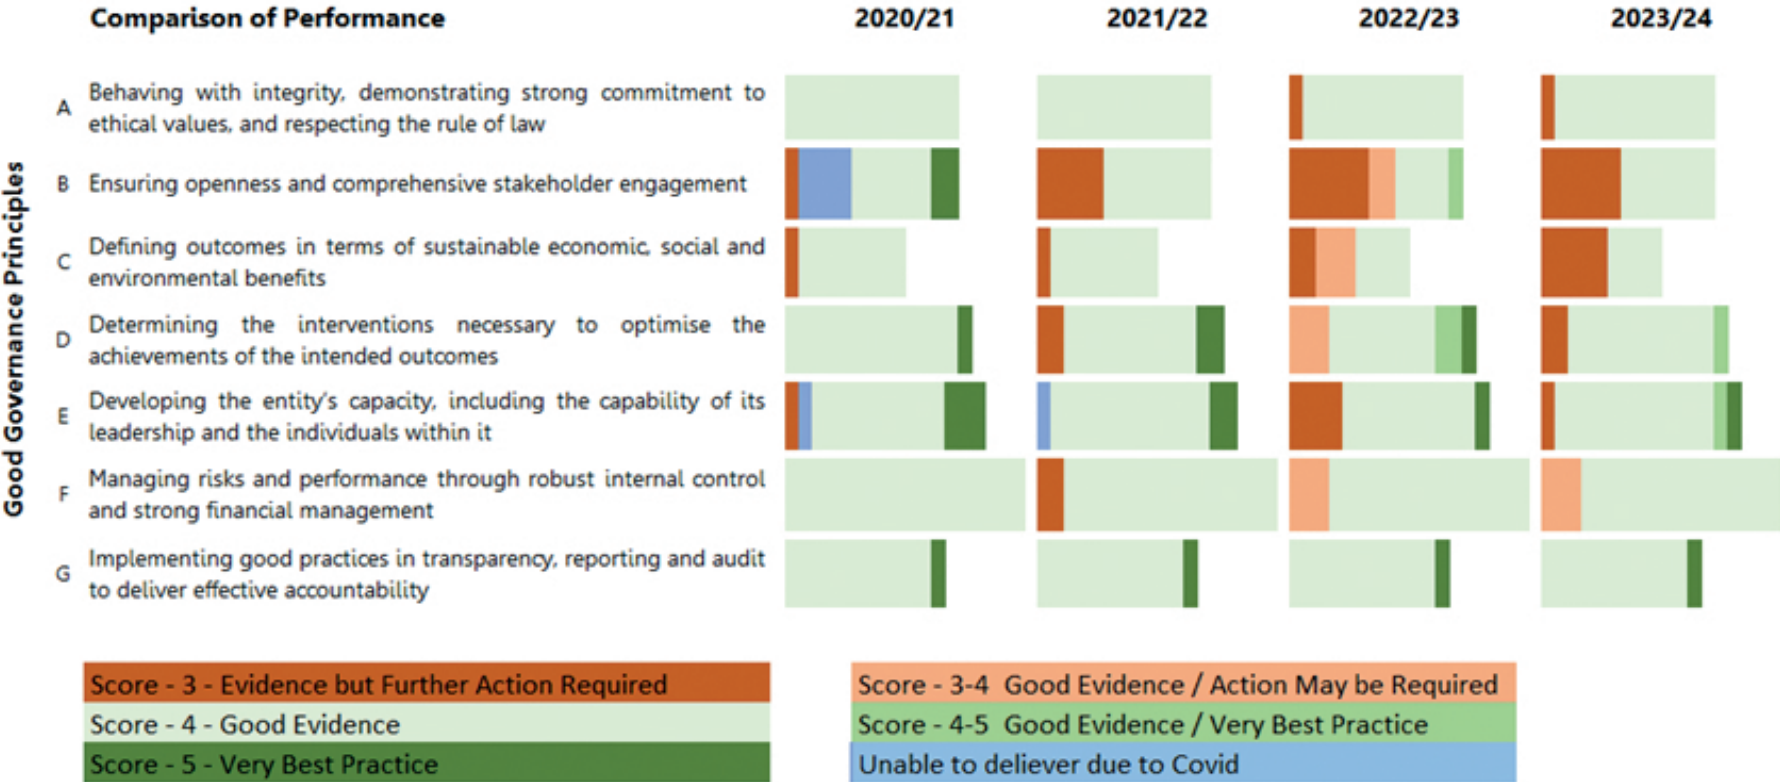

In the Annual Governance Statement, we, the Council:

- Acknowledge our responsibility for ensuring that there is a sound system of governance;
- Summarise the key elements of that governance framework and the roles of those responsible for the development and maintenance of the governance environment;
- Describe how we have monitored and evaluated the effectiveness of our governance arrangements in year, and any planned changes in the coming period;
- Provide details of how we have responded to any issue(s) identified in last year's governance statement;
- Report on any governance issues identified from this review and provide a commitment to addressing them; and
- In referring to the Council, this includes its group relationship with other entities such as New Homes and Newydd

The Annual Governance Statement reports on the governance arrangements that has been in place at Flintshire County Council during the financial year 2023/24 and up to the date of approval of the Statement of Accounts.

Corporate Self-assessment

The Corporate Self-Assessment is a comprehensive assessment of the corporate organisation and not a detailed assessment of the performance of each service portfolio, the assessment themes are designed in this way. The Corporate Self-assessment is meant to provide a platform for assurance and self-improvement and would lead to an improvement plan for the organisation.

The Corporate Self-Assessment model focuses on a number of themes and considers a number of core questions within each of these themes. As with all models there will inevitably be overlaps across themes, however, the themes are sufficiently defined and demarked

to avoid too much overlapping or duplication. This year, the Corporate Self-Assessment also incorporates a number of additional questions and a new theme to cover areas that will be considered within the Panel Performance Assessment.

Building on the approach in 2021 the Corporate Self-assessment has a stronger focus on i) a more proportionate and targeted collection of evidence and ii) the analysis of evidence, focusing on the strengths, areas for development and the impact that is being achieved. This approach will help the formulation of the action plan.

Comparison between 2021/22, 2022/23 and 2023/24 Corporate Self Assessments

■ Score 5 - Very Best Practice (1% ■ Score 4/5 (1% ■ Score 4 - Good Evidence (58%) ■ Score 3/4 (16%) ■ Score 3 - Evidence but Further Action Required (19%)
 ■ Score 2/3 - Some Evidence but Lacking in Key Areas (4%) ■ Score 2 - Some Evidence but Lacking in Key Areas (1%)

Note: Two additional questions were added to the 22/23 Corporate Self-assessment within Theme A

Note: A total of 32 new questions and a new theme (Theme I) were added to the 23/24 Corporate Self-assessment
