### **EXECUTIVE SUMMARY**

In accordance with CIPFA's best practice 'Audit Committees – a Practical Guidance for Local Authorities 2018', there is a requirement for the Governance and Audit Committee to be held to account by the Council for the work they undertake. To support this the Governance and Audit Committee's terms of reference were amended in 2018 to include a requirement for the Committee to prepare a yearly report to the Council on its achievements and demonstrate its accountability.

The Governance and Audit Committee's Annual Report for 2023/24 (Appendix A) provides the Council with the necessary information to meet this requirement.

### **RECOMMENDATIONS**

1	Council is requested to consider and approved the Governance and Audit Committee's annual report for 2023/24.

<b>7.00</b>	<b>GLOSSARY OF TERMS</b>
7.01	<p><b>Corporate Governance:</b> the system by which local authorities direct and control their functions and relate to their communities. It is founded on the basic principles of openness and inclusivity, integrity and accountability together with the overarching concept of leadership. It is an inter-related system that brings together the underlying set of legislative requirements, governance principles and management processes.</p> <p><b>Risk Management:</b> the process of identifying risks, evaluating their potential consequences and managing them. The aim is to reduce the frequency of risk events occurring (wherever this is possible) and minimise the severity of their consequences if they occur. Threats are managed by a process of controlling, transferring or retaining the risk. Opportunities are managed by identifying strategies to maximise the opportunity or reward for the organisation.</p>

**Internal Control:** Appropriate procedures and processes are in place to mitigate any risk which may prevent the organisation from achieving its objectives and service delivery.

**Financial Management:** the planning, organising, directing and control of the financial activities of the Council to ensure sufficient resources are available to delivery its intended outcomes.
