Progra	amme success criteria (SC)
SC1	Identify in-scope members with 100% accuracy
SC2	Obtain and load to the administration system all data required to calculate final salary underpin, adopting agreed assumptions where data cannot be reasonably obtained
SC3	Administration processes and systems are all amended and operate in line with the regulations from the effective date
SC4	Benefit rectification is completed accurately for all affected members by the required/agreed date
SC5	Member communications are effective, evidenced by few queries and complaints
SC6	Automation minimizes the impact on resources and SLAs/KPIs during implementation, rectification and ongoing administration
SC7	The programme is completed without unplanned disruption to business as usual and other Clwyd Pension Fund projects
SC8	The programme is completed within budget and timescale (subject to reasonable tolerances), noting that these will be agreed and reassessed from time to time throughout the programme.
SC9	The additional costs falling to employers transpire to have been reasonably estimated at the 2019 actuarial valuation

Programme Risks – current risks furthest from target

There are several risks that the programme's success criteria will not be achieved – these have been identified by CPF's programme management, are captured in a formal risk log and monitored on an ongoing basis. The current risks that are red and furthest from target are shown on in the table below.

Risk no	Risk overview (this will happen)	Risk description (if this happens)	Programme Group	Owner	Success criteria at risk	Current risk impact	Current risk likelihood	Current risk status	ò	Proposed controls in place	Target risk impact	Target risk likelihood	Target risk status
