

## ENVIRONMENT AND ECONOMY OVERVIEW AND SCRUTINY COMMITTEE

<b>Date of Meeting</b>	Tuesday 13 <sup>th</sup> October, 2020
<b>Report Subject</b>	Recovery Strategy Update ((Planning, Environment & Economy Portfolio)
<b>Cabinet Member</b>	Cabinet Member for Planning and Public Protection Cabinet Member for Streetscene and Countryside Cabinet Member for Economy
<b>Report Author</b>	Chief Executive and Chief Officer (Planning, Environment and Economy)
<b>Type of Report</b>	Strategic

### EXECUTIVE SUMMARY

The Council has developed a corporate Recovery Strategy for the pandemic emergency situation.

This work has been led by the Chief Executive and Leader and overseen by a cross-party Member Recovery Board. The Board, which was an advisory sub-committee of Cabinet, has completed its work and has stood down. Cabinet endorsed the Recovery Strategy at a special meeting on 15<sup>th</sup> September. Cabinet has invited each of the Overview and Scrutiny Committees to support recovery in their respective portfolio areas, and specifically to have oversight of:-

1. The portfolio risk register and the risk mitigation actions both live and planned;
2. The objectives for recovery for the portfolio;

This report represents the first update on the above documents since its initial meeting on 21<sup>st</sup> September 2020.

### RECOMMENDATIONS

1	That the Committee gives oversight to the progress made with respect to recovery planning for the Planning, Environment and Economy portfolio.
2	That the Committee notes the content of the updated portfolio risk register and mitigation actions.

## REPORT DETAILS

1.00	EMERGENCY RECOVERY
1.01	<p>The Council has developed a corporate Recovery Strategy for the pandemic emergency situation. The Strategy covers:-</p> <ol style="list-style-type: none"> <li>1. The chronology of the emergency response phase and transition to recovery</li> <li>2. The handover arrangements or recovery</li> <li>3. Organisational recovery of the corporate organisation</li> <li>4. Community recovery of the communities we serve</li> <li>5. Strategic priorities and performance for the remainder of 2020/21</li> <li>6. The roles the Council will play in regional recovery</li> <li>7. The democratic governance of recovery</li> </ol>
1.02	<p>The development of the Recovery Strategy been led by the Chief Executive and Leader and overseen by a cross-party Member Recovery Board. The Board, which is an advisory sub-committee of Cabinet, has completed its work and has stood down. The Board has met seven times in quick succession and has received multiple reports and presentations. Cabinet endorsed the Recovery Strategy at a special meeting on 15 September.</p>
1.03	<p>Cabinet has invited each of the Overview and Scrutiny Committees to support recovery in their respective portfolio areas, and specifically to have oversight of:-</p> <ol style="list-style-type: none"> <li>1. The portfolio risk register and the risk mitigation actions both live and planned;</li> <li>2. The objectives for recovery for the portfolio;</li> <li>3. The immediate strategic priorities for recovery for the portfolio extracted from the draft Council Plan for 2020/21; and</li> <li>4. The set of revised performance indicator targets for the portfolio for 2020/21.</li> </ol>
1.04	<p>The full latest version of the risk register and set of risk mitigation actions for the Planning, Environment and Economy portfolio within the terms of reference of this Committee is attached. In addition an update is provided below of progress against each of the portfolio's recovery objectives. Should further information on any of the recovery objectives be sought by the Committee that can be provide at a future meeting.</p>
1.05	<p>The recovery objectives for the Planning, Environment and Economy portfolio as established in July 2020 and relevant to this Committee are:-</p> <ol style="list-style-type: none"> <li><b>1. Re-instatement of Planning Strategy Group and Planning Committee</b> Both Groups are now established and are operating virtually via Webex. PSG was the first Council group to operate in this way and met on seven occasions through the Spring and Summer to progress the Local Development Plan.</li> <li><b>2. Re-opening of destination sites – Wepre Park, Greenfield Valley, Waun y Llyn</b> All sites now open, however Wepre Visitor Centre closed to the public but its café is operating a take away service and Greenfield Valley museum is open but restricting visitor numbers to enable social distancing.</li> </ol>

**3. Re-instatement of maintenance regimes for sites and paths**

Countryside and Access Teams have re-established site and path maintenance regimes to ensure quality provision for public use. Any requests for closures of footpaths are reviewed against our decision matrix.

**4. Compliance with new Local Development Plan timeline**

At the Special meeting of Council on 29<sup>th</sup> September it was agreed that the LDP should be submitted to Welsh Government for examination. This accords with the timeline within our Delivery Agreement with WG. The examination is likely to take place in early 2021. Progress of the LDP is guided by the Council's Planning Strategy Group.

**5. Provision of business support service meeting needs of Flintshire businesses**

Financial support to our businesses, in the shape of administering grants, was a key function of the Council's Response phase to the pandemic. Further loans schemes are being rolled out by WG and are administered by ourselves. We are starting to see an increase in redundancies across all sectors and our employment teams are working with employers and those seeking employment.

**6. Support for our local markets and town centres**

Promotion of our towns and markets is a key theme in our Community Recovery work. Town centre parking charges have been suspended till after the Christmas period and significant resource has been spent making our town centres safer to shop in. Those actions are being reviewed with a view to more permanent solutions being put in place.

**7. Incorporation of social value into our procurement frameworks and contracts**

A software package has been procured to build social value into Council contracts. Work is on-going with procurement and contract management colleagues.

**8. Provision of employability support available to local residents**

Support for residents is being provided via our employability team and is a workstream within the Council's Community Recovery Strategy.

**9. Meeting our Community and Business Protection statutory and enforcement duties in relation to Covid 19**

This is an area of significant increasing demand for the Portfolio as the county moved into a Health Protection Zone during the week commencing 28<sup>th</sup> September.

**10. Work with our regional and local partners to support victims of (Violence against women, domestic abuse and sexual violence) VAWDASV**

Flintshire is fully engaged with regional partners to address this important area of work. The regional VAWDASV Board has recently transitioned into the North Wales Vulnerability and Exploitation Board where FCC is represented by the Chief Officer, Social Services. We are the host of the regional VAWDASV team and work closely with the office of the Police and Crime commissioner to ensure that the regional strategy is aligned to the budget received from Welsh Government.

**11. Reinstatement of officer site visits where appropriate**

A risk assessment for officer site visits has been produced and is now being applied

	<p>in all cases. Greater reliance is being placed on information that may be available from other sources e.g. Google Maps, Streetview etc.</p> <p><b>12. Recommencement of all grant funded capital projects</b> Works have re-commenced at Bailey Hill, Mold, Wepre Park and the Greenfield reservoirs.</p> <p><b>13. Undertaking of Ash Dieback surveys</b> Taking advantage of quieter roads in lockdown, dashcam surveys of ash trees adjacent to the highway were completed. This enabled a high level overview of the disease so more detailed inspections can be prioritised. The detailed inspections of the priority areas are due to be completed this month to enable a winter work programme to be established.</p> <p><b>14. Restoration of the Development Management function</b> The services of the Development Management function are under great demand and our ability to deliver those services was compromised by the direct and indirect impacts of Covid 19. A similar situation is reflected across all North Wales authorities. September has offered the opportunity to address the backlog of cases (both planning applications and enforcement issues) which could not be concluded through the lockdown period.</p>
