Levels of Assurance – Standard Audit Reports

Appendix A

The audit opinion is the level of assurance that Internal Audit can give to management and all other stakeholders on the adequacy and effectiveness of controls within the area audited. It is assessed following the completion of the audit and is based on the findings from the audit. Progress on the implementation of agreed actions will be monitored. Findings from **Red** assurance audits, and summary findings from Amber Red audits will be reported to the Audit Committee.

Level of Assurance	Explanation
<p>Green – Substantial</p> 	<p>Strong controls in place (all or most of the following)</p> <ul style="list-style-type: none"> • Key controls exist and are applied consistently and effectively • Objectives achieved in a pragmatic and cost effective manner • Compliance with relevant regulations and procedures • Assets safeguarded • Information reliable <p>Conclusion: key controls have been adequately designed and are operating effectively to deliver the key objectives of the system, process, function or service.</p> <p>Follow Up Audit: 85%+ of actions have been implemented. All high priority actions have been implemented.</p>
<p>Amber Green – Reasonable</p> 	<p>Key Controls in place but some fine tuning required (one or more of the following)</p> <ul style="list-style-type: none"> • Key controls exist but there are weaknesses and / or inconsistencies in application though no evidence of any significant impact • Some refinement or addition of controls would enhance the control environment • Key objectives could be better achieved with some relatively minor adjustments <p>Conclusion: key controls generally operating effectively.</p> <p>Follow Up Audit: 51-85% of actions have been implemented. All high priority actions have been implemented.</p>
<p>Amber Red – Some</p> 	<p>Significant improvement in control environment required (one or more of the following)</p> <ul style="list-style-type: none"> • Key controls exist but fail to address all risks identified and / or are not applied consistently and effectively • Evidence of (or the potential for) financial / other loss • Key management information exists but is unreliable • System / process objectives are not being met, or are being met at an unnecessary cost or use of resources. <p>Conclusion: key controls are generally inadequate or ineffective.</p> <p>Follow Up Audits - 30-50% of actions have been implemented. Any outstanding high priority actions are in the process of being implemented.</p>
<p>Red – Limited</p> 	<p>Urgent system revision required (one or more of the following)</p> <ul style="list-style-type: none"> • Key controls are absent or rarely applied • Evidence of (or the potential for) significant financial / other losses • Key management information does not exist • System / process objectives are not being met, or are being met at a significant and unnecessary cost or use of resources. <p>Conclusion: a lack of adequate or effective controls.</p> <p>Follow Up Audit - <30% of actions have been implemented. Unsatisfactory progress has been made on the implementation of high priority actions.</p>
<p>Categorisation of Actions</p>	<p>Actions are prioritised as High, Medium or Low to reflect our assessment of risk associated with the control weaknesses</p>
<p>Value for Money</p>	<p>The definition of Internal Audit within the Audit Charter includes ‘It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper economic, efficient and effective use of resources.’ These value for money findings and recommendations are included within audit reports.</p>

Procurement Contract Management 2018/19	2722	In addition to delivery of the Action Plans developed by Chief Officers following the portfolio reviews agreed at finding (1) and the development of Contract Management training agreed at finding (8); Review of the new processes for the approval of PO's over £25k by Procurement Business Partners to consider if they are robust and effective.	M	31/12/2019	28/02/2020	10	04/11/202	Current processes for the approval of PO's over £25k by Procurement Business Partners have not been reviewed by management since completion of the October 2019 audit. Management has yet to identify ways of enhancing controls and addressing the weaknesses identified in the 2019 audit report	PO's over £25k will only be approved by Procurement Business Partners on receipt of a copy contract from the service.
Legal Case Management System 2017/18 Procedural Guidance	2212	Procedural guidance specific to the way the system operates for the Section in 2018 should be compiled and issued to the users of the system.	M	31/03/2019	31/03/2020	19	13/01/2020	The iken upgrade was implemented early Nov but it has created a vast amount of user issues. We are trying to resolve these issues and we are unable to create user guidance until these are resolved as the same will depend on the resolution and the system working correctly.	There is a iken user guide which is point of reference but for the internal protocol the issues need to be resolved.
Legal Case Management System 2017/18 Procedural Guidance	2230	To document the objectives and purposes for the use of the Iken System. These objectives should be incorporated into the new procedure notes.	M	31/01/219	31/03/2020	19	13/01/2020	The iken case management system has recently been upgraded by the legal services collaboration. This however has created some user issues which has had to take priority. I along with the project manager will question the objectives with the collaboration once the

Legal Case Management System 2017/18 Procedural Guidance	2361	GDPR Compliance	M	30/11/2018	31/03/2020	23	13/01/2020	The upgrade to the iken case management system has now taken place, however there are ongoing user issues which need to be resolved.	
Deferred Charges on Properties 2018/19	2412	A spreadsheet will be set up which records all legal charges that relate to the Council.	M	31/07/2019	31/03/2020	15	13/01/2020	This needs to be prioritised.	In the meantime notification of completed charges are retained on the legal file and also client departments as notified.
Data Protection Act Compliance 2018/19	2594	Guidance on drafting a Privacy Notice is available to all staff via the Infonet. When requested and as part of the Data Protection Impact Assessment process, the Information Governance Team review Privacy Notices.	M	31/12/2019	31/07/2020	10	20/10/2020	The initial review found that there were a high number of out of date forms, a review is required by the owners of those forms to identify if they are still required. It would not be a good use of resources to draft privacy notices for forms that are no longer used. Once the business has confirmed that the forms are still required, a review of the privacy notices will then be undertaken	This is being run as a project reporting to IT Business Services Manager.
Data Protection Act Compliance 2018/19	2595	The fact Open Housing is delivered by Citrix is not relevant to the application being non-compliant. As part of the GDPR project, workshops were held with System Administrators to test their systems. Test sheets were provided and the intention was the test sheets would be returned to	H	31/03/2020	-	7	-	No update	No update

		demonstrate compliance. This information was then entered into the spreadsheet to provide assurances to the GDPR Project Board. This is a standing agenda item on all GDPR Project Board minutes. The individual rights listed in GDPR are not absolute and certain individual rights only apply to certain law basis for processing. This means that not all systems will need the functionality for all individual rights. By far the Right of Access is the most frequently right exercised and there have been no issued to date with extracting the information from any of the systems. Further analysis of each system would be required to identify the applicable rights to allow further targeted testing to be completed.							
Data Protection Act Compliance 2018/19	2596	At the June 2019 Information Compliance Operational Group it was agreed that Data Protection training should be recorded against post and not person	H	31/12/2019	31/03/2020	10	20/10/2020	Agreed at GDPR Project Board. Work already well underway however not all Portfolio's have provided the information back.

Housing & Assets									
Procurement Contract Management 2018/19	2784	There is a risk of inadequate contract management around higher risk contracts, and lack of appropriate awareness and monitoring of the risks inherent in the delivery of these contract	M	31/12/2019	28/02/2020	10	04/11/2020	Whilst there is anecdotal evidence that contract management outcomes around higher risk contracts are discussed on an exception basis at portfolio senior management meetings, without a formal mechanism for the identification of these contracts (see URN 2713	N/A

								above) we cannot provide assurance around appropriate awareness and monitoring of the risks inherent in the delivery of these high and medium risk contracts.

Minerals & Waste Planning 2018/19	2439	As this is a shared service it is important to be able to evidence time spent on specific projects, demonstrating transparency and the ability to reconcile to annual charges / fee charges under PAYG invoicing. This will be especially important where the service seeks to expand into other authorities. The time recording system was replaced in December 2018 due to the decommissioning of an old lotus notes system. Testing of the new system identified that only one out of the six officer is currently completing timesheets and using the new time recording system. 		<p>There are recognised IT issues and complications with the two members of staff located in Gwynedd County Council who are not currently using the system, one being a Flintshire County Council member of employee and the other a seconded post from Gwynedd County Council to Flintshire County Council. The seconded post does not have access to Flintshire County Council IT systems.</p> <p>However, IT have confirmed that it is possible to raise a helpdesk request to enable collaborative access via the North Wales portal to log into Flintshire County Council IT applications. This will ensure that all team members have access to input the time spent against each project delivered to each partner authority.</p> <p>The Service Manager is unable to use the information within the time recording system to assist in generating invoices, as evidence of actual time spent is not recorded and therefore unavailable. The NWPOG used to receive management information relating to time and cost analysis but this has not been produced since 2012.</p> <p>If the intention of the service is to expand and offer the services to other councils, then an accurate time recording system which clearly identifies the amount of time spent and by whom is fundamental to ensure recharging is accurate and efficient and Flintshire County Council is at the minimum recouping its costs.</p>

FCC has recently amended its Pay Scales, but is unaltered for the grade assigned to the Senior Planning Officer positions. Given the differential between the GCC and FCC pay rates, the recharge for the uplift from GCC to FCC pay rates is still required. The accommodation and IT hardware/support remains unaltered. Following an office rationalisation, the loss of</p>

The rate paid was capped for 2018/19 and not uplift was applied. The historic uplift rate by CPI inflation was discussed, given that the overall charge for the Service has not increased by CPI. This was accepted, and any salary uplift recharge moving forward will be by an agreed CPI or a fixed rate for the duration of the new SLA period, and the salary component should only be uplifted in light of nationally agreed pay settlements. This will be set out in the SLA documentation and communications between the Service Manager and GCC Head of Planning.</p>

Recent changes, e.g. board membership and corporate priorities, means that the strategy contains out of date information (1.2). Limited processes in place for measuring and recording efficiency savings achieved through collaborative procurement. There is no evidence that efficiency savings and benefits have been reported to the JPB 	M	31/10/2018	31/03/2021	9/03/2020	CPRs - these have been re drafted further following leaving with a deal. The current regulations stay in place until the UK government amends them, and there is a transition period for 6 months after 31 Dec 2020 to protect any on gong procurements eg EU regime will apply. I have not taken this any further due to lack of capacity and so this task is outstanding and is probably at risk of not meeting 30 June deadline.	CPRs have been re drafted and are being considered by Chief Officer Governance	Final draft of CPR's is done. I am waiting for the Brexit legislation to come out to confirm the position for the transitional 12 months. It was agreed that until the results of the election we would hold fire because we did not know whether we would even be leaving the EU or if we left would it be with a deal. It seems likely that we will have a transition of 12 months and then leave, and break away from the EYU rules on procurement, in which case the revised CPR's need some changes to reflect this and also to allow consequential changes to be made by the Chief Officer

Glossary

Risk Based Audits	Work based on strategic and operational risks identified by the organisation in the Improvement Plan and Service Plans. Risks are linked to the organisation’s objectives and represent the possibility that the objectives will not be achieved.
Annual (System Based) Audits	Work in which every aspect and stage of the audited subject is considered, within the agreed scope of the audit. It includes review of both the design and operation of controls.
Advice & Consultancy	Participation in various projects and developments in order to ensure that controls are in place.
VFM (Value For Money)	Audits examining the efficiency, effectiveness and economy of the area under review.
Follow Up	Audits to follow up actions from previous reviews.
New to Plan	Audits added to the plan at the request of management. All new audits to the plan are highlighted in red.
Audits to be Deferred	Medium priority audits deferred. These audits are highlighted in green within the plan.
