

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Tuesday 26 th January 2021
Report Subject	Treasury Management Mid-Year Report 2020/21
Report Author	Corporate Finance Manager

EXECUTIVE SUMMARY

The report presents the Treasury Management 2020/21 Mid-Year review for approval.

A summary of the key points are set out in the report.

At a meeting of the Audit Committee on 18th November 2020 Members reviewed the Mid-Year report and recommended it to Cabinet.

Cabinet received the Mid-Year report on 15th December 2020 and recommended to Council for approval.

RECOMMENDATIONS

1	Council approves the Treasury Management Mid-Year Report 2020/21.
---	---

REPORT DETAILS

1.00	BACKGROUND TO THE REPORT
1.01	<p>On 18th February 2020, the Council approved the Treasury Management Strategy 2020/21, following the recommendation of the Cabinet and consideration by the Audit Committee.</p>
1.02	<p>The Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to Cabinet, and for execution and administration of treasury management decisions to the Corporate Finance Manager, who acts in accordance with the Council's Treasury Management Policy Statement, Strategy and Practices.</p> <p>The Council has nominated Audit Committee to be responsible for ensuring effective scrutiny of Treasury Management Strategy and Policies.</p>
1.03	<p>The Treasury Management Mid-Year Report for 2020/21 is attached as Appendix 1. The Mid-Year Report reviews the activities and performance of the treasury management operations during the period 1st April to 30th September 2020.</p> <p>As required by the Council's Financial Procedure Rules, this Mid-Year Report was reviewed by Audit Committee on 18th November 2020 and Cabinet on 15th December 2020. Audit Committee had no matters to draw to the Cabinet's or Council's attention.</p>
1.04	<p><u>Summary of Key Points</u></p> <p>The spread of the COVID-19 pandemic has been the major influence on both the national and global economy over the period.</p> <p>The Bank of England have maintained the base rate at 0.1% since March this year, and the potential use of negative interest has not been ruled out.</p> <p>The Council's treasury advisor Arlingclose expects the Bank Rate to remain at 0.1% for the foreseeable future, and at low levels for a very long time with a distinct possibility of being cut to zero.</p>
1.05	<p>No new long-term borrowing has been undertaken during the period. The Council continues to regularly review the position on its long-term borrowing requirement in conjunction with Arlingclose. Short term borrowing was undertaken as necessary in accordance with the 2020/21 borrowing strategy. The total short term borrowing as at 30th September 2020 was £30m with an average interest rate of 0.47%. Section 4 provides more information on borrowing and debt management during the period.</p>

1.06	Interest rates on investments have been very low throughout the period. On 25 th September the overnight, 1- and 2-week interest rates on Debt Management Account Deposit Facility deposits dropped below zero percent to -0.03%. Section 5 of the report provides more information on how the Council is managing its investments to avoid negative interest rates.
1.07	The treasury function has operated fully within the limits detailed in the Treasury Management Strategy 2020/21.
1.08	Section 6 of the Mid-Year Report provides information on regulatory changes coming into force in the near future.

2.00	RESOURCE IMPLICATIONS
2.01	Financial implications are addressed in the report; no other resource implications directly as a result of this report.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	Arlingclose Ltd, being the Council's treasury management advisors.

4.00	RISK MANAGEMENT
4.01	Risk Management directly addressed within appendices including identification of risks and measures to mitigate likelihood and impact of risks identified.

5.00	APPENDICES
5.01	Appendix 1 – Treasury Management Mid-Year Review 2020/21

6.00	LIST OF ACCESSIBLE BACKGROUND DOCUMENTS
6.01	Contact Officer: Paul Vaughan - Interim Technical Finance Manager Telephone: 01352 702289 E-mail: paul.vaughan@flintshire.gov.uk

7.00	GLOSSARY OF TERMS
7.01	<p>Authorised Limit: A statutory limit that sets the maximum level of external debt for the Council.</p> <p>Balances and Reserves: Accumulated sums that are held, either for specific future costs or commitments (known as earmarked) or generally held to meet unforeseen or emergency expenditure.</p> <p>Bank Rate: The official interest rate set by the Bank of England's Monetary Policy Committee and what is generally termed at the "base rate".</p> <p>Basis Point: A unit of measure used in finance to describe the percentage change in the value or rate of a financial instrument. One basis point is equivalent to 0.01% (1/100th of a percent). In most cases, it refers to changes in interest rates and bond yields. For example, if interest rates rise by 25 basis points, it means that rates have risen by 0.25% percentage points.</p> <p>Bond: A certificate of debt issued by a company, government, or other institution. The bond holder receives interest at a rate stated at the time of issue of the bond. The price of a bond may vary during its life.</p> <p>Capital Expenditure: Expenditure on the acquisition, creation or enhancement of capital assets.</p> <p>Capital Financing Requirement (CFR): The Council's underlying need to borrow for capital purposes representing the cumulative capital expenditure of the local authority that has not been financed.</p> <p>Certificates of Deposits (CD's): A savings certificate entitling the bearer to receive interest. A CD bears a maturity date, a specified fixed interest rate and can be issued in any denomination. CDs are generally issued by commercial banks. The term of a CD generally ranges from one month to five years.</p> <p>Cost of Carry: The "cost of carry" is the difference between what is paid to borrow compared to the interest which could be earned. For example, if one takes out borrowing at 5% and invests the money at 1.5%, there is a cost of carry of 3.5%.</p> <p>Consumer Price Index (CPI): The UK's main measure of inflation (along with Retail Price Index or 'RPI') The Monetary Policy Committee of the Bank of England set the Bank Rate in order to try and keep CPI at or close to the target set by the Government. The calculation of CPI includes many items of normal household expenditure but excludes some items such as mortgage interest payments and Council Tax.</p> <p>Credit Rating: Formal opinion by a registered rating agency of a counterparty's future ability to meet its financial liabilities; these are opinions only and not guarantees.</p>

Corporate Bonds: Corporate bonds are bonds issued by companies. The term is often used to cover all bonds other than those issued by governments in their own currencies and includes issues by companies, supranational organisations and government agencies.

Counterparty List: List of approved financial institutions with which the Council can place investments.

Debt Management Office (DMO): The DMO is an Executive Agency of Her Majesty's Treasury and provides direct access for local authorities into a government deposit facility known as the Debt Management Account Deposit Facility (DMADF). All deposits are guaranteed by HM Government and therefore have the equivalent of a sovereign credit rating.

Federal Reserve: The US central bank, the equivalent of the Bank of England. (Often referred to as "the Fed").

Financial Instruments: Financial instruments are tradable assets of any kind. They can be cash, evidence of an ownership interest in an entity, or a contractual right to receive or deliver cash or another financial instrument.

Gilts: Gilts are bonds issued by the UK Government. They take their name from 'gilt-edged'. They are deemed to be very secure as the investor expects to receive the full face value of the bond to be repaid on maturity.

LIBID: The London Interbank Bid Rate (LIBID) is the rate bid by banks on Eurocurrency deposits (i.e. the rate at which a bank is willing to borrow from other banks).

LIBOR: The London Interbank Offered Rate (LIBOR) is the rate of interest that banks charge to lend money to each other. The British Bankers' Association (BBA) work with a small group of large banks to set the LIBOR rate each day. The wholesale markets allow banks who need money to borrow from those with surplus amounts. The banks with surplus amounts of money are keen to lend so that they can generate interest which it would not otherwise receive.

LOBO: Stands for Lender Option Borrower Option. The underlying loan facility is typically very long-term - for example 40 to 60 years - and the interest rate is fixed. However, in the LOBO facility the lender has the option to call on the facilities at pre-determined future dates. On these call dates, the lender can propose or impose a new fixed rate for the remaining term of the facility and the borrower has the 'option' to either accept the new imposed fixed rate or repay the loan facility.

IFRS: International Financial Reporting Standards.

Maturity: The date when an investment or borrowing is repaid.

Maturity Structure / Profile: A table or graph showing the amount (or percentage) of debt or investments maturing over a time period.

Monetary Policy Committee (MPC): A committee of the Bank of England, which meets to decide the Bank Rate. Its primary target is to keep CPI inflation within 1% of a central target of 2%. Its secondary target is to support the Government in maintaining high and stable levels of growth and employment.

Money Market Funds (MMF): Pooled funds which invest in a range of short term assets providing high credit quality and high liquidity.

Minimum Revenue Provision (MRP): An annual provision that the Council is statutorily required to set aside and charge to the Revenue Account for the repayment of debt associated with expenditure incurred on capital assets.

Non Specified Investment: Investments which fall outside the WG Guidance for Specified investments (below).

Operational Boundary: This linked directly to the Council's estimates of the CFR and estimates of other day to day cash flow requirements. This indicator is based on the same estimates as the Authorised Limit reflecting the most likely prudent but not worst case scenario but without the additional headroom included within the Authorised Limit.

Premiums and Discounts: In the context of local authority borrowing, (a) the premium is the penalty arising when a loan is redeemed prior to its maturity date and (b) the discount is the gain arising when a loan is redeemed prior to its maturity date.

Prudential Code: Developed by CIPFA and introduced in April 2004 as a professional code of practice to support local authority capital investment planning within a clear, affordable, prudent and sustainable framework and in accordance with good professional practice.

Prudential Indicators: Indicators determined by the local authority to define its capital expenditure and asset management framework. They are designed to support and record local decision making in a manner that is publicly accountable; they are not intended to be comparative performance indicators.

Public Works Loans Board (PWLB): The PWLB is a statutory body operating within the United Kingdom Debt Management Office, an Executive Agency of HM Treasury. The PWLB's function is to lend money from the National Loans Fund to local authorities and other prescribed bodies, and to collect the repayments.

Quantitative Easing (QE): QE is a form of monetary policy where a Central Bank creates new money electronically to buy financial assets, like government bonds. This cash injection lowers the cost of borrowing and boosts asset prices to support spending.

Revenue Expenditure: Expenditure to meet the continuing cost of delivery of services including salaries and wages, the purchase of materials and capital financing charges.

Retail Price Index (RPI): A monthly index demonstrating the movement in the cost of living as it tracks the prices of goods and services including mortgage interest and rent.

Term Deposits: Deposits of cash with terms attached relating to maturity and rate of return (Interest).

Specified Investments: Term used in the Welsh Assembly Guidance for Local Authority Investments. Investments that offer high security and high liquidity, in sterling and for no more than one year. UK government, local authorities and bodies that have a high credit rating.

Supported Borrowing: Borrowing for which the costs are supported by the government or third party.

Supranational Bonds: Instruments issued by supranational organisations created by governments through international treaties (often called multilateral development banks). The bonds carry an AAA rating in their own right. Examples of supranational organisations are the European Investment Bank, the International Bank for Reconstruction and Development.

Treasury Bills (T-Bills): Treasury Bills are short term Government debt instruments and, just like temporary loans used by local authorities, are a means to manage cash flow. They are issued by the Debt Management Office and are an eligible sovereign instrument, meaning that they have an AAA-rating.

Treasury Management Code: CIPFA's Code of Practice for Treasury Management in the Public Services, initially brought in 2003, subsequently updated in 2009 and 2011.

Treasury Management Practices (TMP): Treasury Management Practices set out the manner in which the Council will seek to achieve its policies and objectives and prescribe how it will manage and control these activities.

Temporary Borrowing: Borrowing to cover peaks and troughs of cash flow, not to fund capital spending.

Unsupported Borrowing: Borrowing which is self-financed by the local authority. This is also sometimes referred to as Prudential Borrowing.

Yield: The measure of the return on an investment instrument.
