### EXECUTIVE SUMMARY

Flintshire County Council Reporting Measures 2020/21 were identified by portfolios and approved by Cabinet in September 2020. This report presents a summary of performance at the year-end point for the priorities relevant to the Environment & Economy Overview & Scrutiny Committee.

This out-turn report for the 2020/21 Reporting Measures shows that 67% of the performance indicators have met or exceeded their targets.

This report is an exception-based report and concentrates on under-performance against target.

### RECOMMENDATIONS

1.	That the Committee consider the End of Year Performance Monitoring Report to monitor areas of under performance and request further information as appropriate.

## REPORT DETAILS

<b>1.00</b>	<b>EXPLAINING THE PERFORMANCE AT YEAR END 2020/2021</b>
1.01	<p>The year-end performance monitoring reports provide explanation of the progress being made toward the agreed measures set out in the Flintshire County Council Reporting Measures 2020/21.</p> <p>These measures were approved by Cabinet after targets for 2020/21 were re-assessed for forecasted performance due to the disruptions caused during the response phase of the pandemic.</p>
1.02	<p>This report is an exception-based report and concentrates on under-performance against in-year targets.</p>
1.03	<p><b>Monitoring our Performance</b></p> <p>Analysis of performance against the performance indicators is undertaken using the RAG status. This is defined as:</p> <ul style="list-style-type: none"><li>• RED - under-performance against target.</li><li>• AMBER - where improvement may have been made but performance has missed the target.</li><li>• GREEN - positive performance against target.</li></ul>
1.04	<p>Analysis of current levels of performance against target shows the following:</p> <ul style="list-style-type: none"><li>• 41 (67%) have achieved a green RAG status</li><li>• 12 (20%) have an amber RAG status</li><li>• 8 (13%) have a red RAG status</li></ul>
1.05	<p>The performance indicators (PIs) which show a red RAG status for current performance against target relevant to the Environment &amp; Economy Overview &amp; Scrutiny Committee are:-</p> <p><b><u>Streetscene &amp; Transportation</u></b></p> <p><b>Developing the number of bus quality partnerships on the core network</b></p> <p>The ongoing development of the Quality Bus Partnership has been put on hold. Transport For Wales are undertaking a Network review across North Wales with a report due in May 2021.</p> <p><b>Undertake post completion inspections of utility works</b></p> <p>Every Highway Authority is required to inspect 10% of all repairs before the end of this guarantee period, but the Council inspect more than required to promote best practice and avoid future costs. If any defects are identified during the inspection the Utility are required to carry out the required remedial works, preventing the Authority from being burdened with the future repair costs. During the pandemic Streetscene Officers have continued to deliver services throughout. The percentage of inspections has reduced during this period, however the number undertaken is still significantly higher than the</p>

statutory requirement and these inspections have been complemented with an appointed contactor carrying out additional technical inspections. Inspections are allocated on a weekly basis, and therefore in order to provide a meaningful and reflective report, the data provided for quarter four are inspections generated in quarter three.

**Planning, Environment and Economy**

**Total number of individuals supported to access learning and work opportunities**

This has been a challenging year for the Communities for Work (CFW) programme, which saw Pathway programmes put on hold limiting the options available to participants to access the relevant training opportunities. Teams have delivered the programme virtually by working from home and have supported mentoring scheme participants to gain E-Learning, Customer services and construction skills qualifications. The teams have also supported participants into employment opportunities within the care, retail and construction sectors.

**Average time taken to determine "major" applications in Days**

Quarter one and quarter three are significantly higher than the target. Action needs to be taken to ensure the overall length of such application is reduced by effective case management.

**Average time taken to determine planning applications**

Target not met and double the time taken or more. This reflects the impact of the pandemic throughout 20/21 and the reduced capacity within the service to 30% at times. The majority of applicants agreed to extension of times with understanding of delay of the whole process such as inability to display statutory notices (in accordance with Welsh Government advice) and the back log of cases which developed whilst service transferred to electronic working from home.

## **An explanation of the report headings**

### **Measures (Key Performance Indicators - KPIs)**

Baseline Year – As a new indicator, a target has not been established. This will be monitored and targets established for the following year.

End of Year Target – The target for this end of year as set at the beginning of the year.

Current RAG Rating – This measures performance for the year against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target.

Trend – Trend arrows give an impression of the direction the performance is heading compared to the previous year:

- A 'downward arrow' always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire).
- Similarly an 'upward arrow' always indicates improved performance.
